### Change of Units and Advanced Topics
Bachelor of Philosophy/Master of Research

This form is to be completed by BPhil/MRes Y1 candidates only.

Please obtain the MRes Advisor approval and then lodge the form with a copy of your academic transcript to your Faculty HDR Office. They will obtain the Associate Dean’s approval before submitting the form to the Higher Degree Research Office.

Guidelines for Changing Units and Advanced Topics

This form is to be completed by BPhil/MRes Y1 candidates only.

Withdrawal from Candidature

- Please provide a reason for your withdrawal. You must also indicate your withdrawal from any enrolled units in question 3.

Changes to Units/Advanced Topics

- **Adding and changing units/advanced topic** – your request must be submitted within two (2) weeks of the start of the relevant session. No changes will be accepted after this date. If the change in unit falls into a higher HECS contribution band, you will be required to pay the difference in fees on the same day as enrolment into the new unit (unless you have chosen to defer your payment to HECS-HELP). If the new unit is in a lower HECS contribution band, you may seek a refund (or it will be adjusted for your deferred payment). Alternatively, the credit balance may be used to cover fees for the next session.

- **Withdrawal from a unit/advanced topic** – to withdraw without penalty, your request must be submitted any time prior to Census Date. Candidates who withdraw from a unit after the unit Census Date are liable for the relevant unit fees and the unit from which they have withdrawn is recorded with an W (Withdrawn) grade. Candidates who withdraw from a unit after the Last Day to Withdraw Without Academic Penalty, incur both a liability for the unit fees and an academic penalty where the unit from which they have withdrawn is recorded with an F (Fail) grade. A change of grade and remission of fees can only be obtained by special permission, under exceptional circumstances. For further information, see “Changing your units of study”.

For a full list of Macquarie census dates, visit our important academic dates page.

Change of Attendance

- To maintain a full time study load, you must enrol in a minimum of 3 units per semester.

- Domestic candidates changing from full time to part time will no longer be eligible for the scholarship/stipend.

- Domestic candidates who change from full time to part time attendance after payment of the scholarship/stipend will be required to reimburse the University for any payment/s received during the relevant session of change.

- International candidates studying under a student visa must be enrolled full time.

Temporary interruption to studies

Current candidates planning to interrupt their studies for a session will need to withdraw from all units and provide supporting documents for the interruption prior to Census Date. A candidate will be considered to have discontinued their course if they:

- Withdraw from all of the units for which they are enrolled in that calendar year and for which a grade has not been determine, or

- Are not enrolled in any units for two consecutive sessions

For further information, see Withdrawal and Discontinuance (Coursework) Policy.

Note for International Candidates

In accordance with the Australian Government requirements, international candidates holding a student visa can temporarily suspend their studies in certain limited circumstances (compelling or compassionate), during the course through a formal agreement. Under Macquarie University’s agreement you must complete this Change of Units and Advanced Topic form and attach the required documents. You will be notified of the outcome of your application in writing once a decision has been made.

Once international candidates are granted approved leave from their study, they will be reported to the Department of Immigration and Border Protection (DIBP). They will normally have to leave Australia for the approved leave period. If research candidates on a student visa wish to stay in Australia during an approved leave period, they need to get approval from DIBP, in writing, to do so.

Candidate Acknowledgement and Approvals

- All changes must be discussed and supported by your MRes Advisor. Endorsement from the Associate Dean (HDR) is also required before changes can be made. Candidates must sign the form, attach a copy of their academic transcript, and ensure that the required signatures are obtained before submitting the form. It is the responsibility of the candidate to ensure that the form is received at HDRO by the required dates.

Checklist

- Have you checked your unit codes and unit/advanced topic names?
- Have you signed and dated the declaration on the form?
- Have you attached a copy of your academic transcript?
- Have you obtained support from your Head of Department / MRes Advisor?
