Emerging Scholars Forum

On behalf of CPA Australia, the Macquarie International Governance and Performance Research Centre (IGAP) and the University of New South Wales, I would like to invite you to attend our Emerging Scholars Forum.

The forum will provide academics with the opportunity to network with peers over lunch whilst hearing from Professor Jan Mouritsen, Department Head and Professor of Management Control in the Department of Operations Management at Copenhagen Business School.

Professor Mouritsen has published in leading journals, including Accounting, Organizations and Society, Critical Perspectives on Accounting, Management Accounting Research and the Accounting, Auditing and Accountability Journal. He is currently an editorial board member of 12 academic journals in the various areas of management and business research including accounting, operations management, IT and knowledge management. His current professional associations include membership of the Publications Committee of the European Accounting Association and membership of the Board of Forskningsstiftelse Handelbanken (Handelbanken Research Foundation).

Professor Mouritsen will present on the following topics during the forum:

- Engaging with the field; issues to consider
- Research trends in Europe
- The craft of writing an academic paper

An editorial panel will also discuss the publication process.

I look forward to seeing you there for what promises to be an informative day of discussion.

Yours sincerely
