

2016 Higher Degree Research Program Fee Schedule for International and Domestic Candidates (all fees in Australian Dollars)

All programs for International students are fee-paying programs. A flat fee is generally charged for each program, and the fees will be indexed each year. From 2014, PhD programs have a 3 year candidature. Candidates will be charged the fee rate at which it applies to the year of enrolment. Furthermore, fees are payable for the entire period for which the student is enrolled, even if it goes beyond the maximum candidature.

Domestic students are supported by the Commonwealth through the Research Training Scheme (RTS) the research programs.
