(3) Any one of the degrees referred to in Rule 1(2) may be conferred by the Council on a candidate who has to the satisfaction of the Academic Senate complied with the requirements of these rules.

(4) Any approval, recommendation, decision or other determination authorised in any of these rules to be given or made by an Executive Dean of a Faculty may be given or made by a member of the academic staff who has been duly delegated by that Executive Dean to give or make approvals, recommendations, decisions or determinations for the purposes of that rule.

(5) To qualify for an award referred to in Rule 1(2), a candidate must complete a Program of Study approved by the Academic Senate for that award.

Admission to Candidature and Registration

2. (1) To be admitted to candidature for a course leading to a degree of Master by coursework, an applicant, subject to any conditions determined by Academic Senate—

(a) (i) shall have qualified for admission to a degree of Bachelor of this University or to an honours degree of Bachelor of this University and have achieved a level of attainment in an appropriate area of study or areas of study considered by Academic Senate, on the recommendation of the designated Executive Dean of Faculty for the course, to be acceptable for that specific course; or

(ii) shall hold, from another university or other tertiary institution, qualifications approved by Academic Senate, on the recommendation of the Executive Dean of Faculty for the course in which the applicant seeks to be enrolled, as equivalent to the requirements set out in paragraph (i) of this clause; and

(b) in respect of such courses as are determined by the Academic Senate, on the recommendation of the designated Executive Dean of Faculty for the course, shall have such additional qualifications and experience as may be considered by the Academic Senate to be adequate preparation for admission to candidacy.

(2) Notwithstanding the provisions of this rule, the designated Executive Dean of Faculty for the course in which an applicant seeks to enrol may require the applicant to demonstrate fitness for admission as a candidate by carrying out such work and/or sitting for such examinations as the Executive Dean may determine.

(3) In exceptional cases an applicant may be admitted as a candidate for a specific course if the applicant submits other evidence of academic and/or professional attainments and the admission is approved by the Academic Senate on the recommendation of the designated Executive Dean of Faculty for the course in which the applicant seeks to enrol.

(4) A candidate shall be enrolled for an award referred to in Rule 1(2) and shall be registered in a Faculty of the University as determined by the Deputy Vice-Chancellor (Provost).

(5) In these Rules, unless otherwise stated or implied, a designated Executive Dean of Faculty means the Executive Dean of the Faculty which the Deputy Vice-Chancellor (Provost) has determined pursuant to Rule 2(4).

(b) Where a candidate is enrolled in any study period in units the total of whose weighting is less than 0.75, the candidate shall be designated as a part-time student.

(8) Where a candidate has completed successfully one or more units at postgraduate level in another higher education institution, and where the unit or units do not form part of a completed course, the candidate may be granted credit therefor as determined by the designated Executive Dean of Faculty. The credit granted shall be for not more than one-half of the total credit points for the course.

(9) Where a candidate has completed an award at postgraduate level in this University or in another higher education institution, the candidate may be granted credit therefor as determined by the designated Executive Dean of Faculty. The credit granted shall be for not more than one-quarter of the total credit points for the course.

(10) Academic Senate may, Rule 2(9) notwithstanding, approve articulated awards which permit candidates who complete one award in the set to receive full credit from their study in that award towards one other award in the set.

Schedules to the Rules

3. (1) The Academic Senate prescribes a Schedule of General Requirements for the awards specified in these Rules.

(2) (a) The Academic Senate prescribes a Schedule of Programs of Study approved for candidates
seeking to qualify for an award under these Rules.

(b) One or more of the units making up such a Program of Study may be a research project but such unit or units shall make up less than two-thirds of the total credit points for the course.

(c) (Repealed)

3. (a) The Academic Senate prescribes a Schedule of Postgraduate Units approved as units under these Rules.

(b) Units of study at the postgraduate level shall be designated as at 800 or 900 level.

Programs of Study

4. (1) A candidate shall select a Program of Study approved by Academic Senate pursuant to Rule 3(2) for the award for which the candidate is enrolled, and shall enrol in units to complete that Program.

(2) Unless determined otherwise by resolution of Academic Senate:

(a) a candidate’s selection of an approved Program of Study and enrolment in units to complete that Program of Study will require the approval of the designated Executive Dean of Faculty, or where the Academic Senate has so determined, the Executive Dean of another Faculty;

(b) any subsequent change to a candidate’s enrolment will require the approval of the designated Executive Dean of Faculty, or where the Academic Senate has so determined, the Executive Dean of another Faculty.

(3) A candidate who wishes to add an internal unit may do so only in the first two weeks of the study period. A candidate who wishes to add an external unit may do so only in the first week of the study period. No approval is required to add a unit within these time periods.

Prerequisite Studies

5. (1) A candidate may not enrol in a unit unless the conditions for enrolment therein specified in the Schedule of Postgraduate Units are satisfied or the Executive Dean of Faculty providing the unit has granted permission for enrolment.

(2) A candidate who has enrolled in a unit in breach of Rule 5(1) shall nevertheless be treated as a candidate enrolled in that unit for the purposes of Rule 8.

6. (Repealed)

Grades

7. (1) (Repealed)

(2) The grade of a candidate is recorded as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>HD</td>
<td>High Distinction which denotes work of outstanding quality. This may be demonstrated in areas such as criticism, logical argument, interpretation of materials or use of methodology. This grade may also be awarded to recognise a high order of originality or creativity in student performance;</td>
</tr>
<tr>
<td>D</td>
<td>Distinction which denotes work of superior quality in the same areas of performance as above. This grade may be awarded to recognise evidence of originality or creativity in student performance;</td>
</tr>
<tr>
<td>Cr</td>
<td>Credit which denotes work of predominately good quality, demonstrating a sound grasp of content together with efficient organisation, selectivity and use of techniques;</td>
</tr>
<tr>
<td>P</td>
<td>Pass which denotes a clear pass and satisfactory achievement of unit objectives;</td>
</tr>
<tr>
<td>PC</td>
<td>Conceded pass which denotes a pass which is marginal;</td>
</tr>
<tr>
<td>F</td>
<td>Fail which denotes that a candidate has failed to complete a unit satisfactorily.</td>
</tr>
</tbody>
</table>

(3) After considering the recommendation of the Executive Dean of the Faculty in which a unit is offered and having regard to the subject matter of the unit and to the method of teaching it, the Academic Senate may determine that the grades specified in Rule 7(2) are not appropriate to that unit. In this case, the grade of a candidate is recorded as follows:

Pass (S) which indicates that the candidate has completed the unit satisfactorily; or

Fail (F) which indicates that the candidate has failed to complete the unit satisfactorily.

(4) Where a candidate has undertaken a unit at another tertiary institution as part of the program of study, the grade for the candidate shall be recorded as follows:

Pass (S) which indicates that the candidate has completed the unit satisfactorily; or

Fail (F) which indicates that the candidate has failed to complete the unit satisfactorily.

(5) The Academic Senate may determine the range of Standardised Numerical Grades which apply to the grades referred to above.

(6) Once a grade has been determined by the relevant Faculty and/or Academic Senate it shall not be exchanged except:

(a) following an appeal by the student pursuant to the provisions set down by the Academic Senate; or

(b) in exceptional circumstances, a change is approved by the Deputy Vice-Chancellor (Provost) on behalf of the Academic Senate.
Senate or the Executive Dean of the Faculty in which the unit is offered, provided that the application for a change is submitted to the Academic Registrar not later than six weeks after the notification of examination results for the study period; or in exceptional circumstances, the Deputy Vice-Chancellor (Provost) may approve on behalf of the Academic Senate an application submitted at a later date but before the commencement of the next succeeding examination period.

Non-compliance with Unit Requirements

8. (1) (Repealed)

(2) Where, notwithstanding a candidate’s failure to comply with the requirements, the candidate is not excluded, the Academic Senate may, on the recommendation of the Executive Dean of the Faculty in which the unit is provided, permit the candidate to meet the requirements for its satisfactory completion by such date as determined by the Executive Dean of Faculty. Satisfactory completion must not be later than 30 August in the same year for first half-year units and 30 January in the succeeding year for second half-year and full-year units. In special circumstances, the Academic Senate, on the recommendation of the Executive Dean of Faculty, may determine a later date but before the commencement of the next succeeding regular examination period.

Discontinuance

9. Where a candidate is permitted to change the enrolment in units of study pursuant to Rule 4(2)(b) following application in writing to the Academic Registrar and such change includes discontinuance of a unit or units offered by the University, or where a candidate discontinues all the units enrolled:

(a) The candidate is deemed not to have been effectively enrolled in a unit if they discontinue before the unit census date;

(b) The candidate is deemed to have withdrawn from a unit if the candidate discontinues after the unit census date but no later than 4 weeks after the unit census date. In such cases, the candidate’s record is endorsed with the letter "W" denoting "Withdrawn".

(c) The candidate is deemed to have failed in any unit where the candidate’s discontinuance is other than as provided in clauses (a) or (b) in this Rule. In such cases the candidate’s record is endorsed with the letter "F" denoting "Failed". If a candidate claims that such discontinuance is due to unavoidable disruption, the candidate may report the circumstances in writing (supported by medical certificate or other proper evidence) to the Academic Registrar, whereupon the Executive Dean of Faculty providing any unit which the candidate has discontinued may determine that the candidate be not recorded as having failed in the unit and the candidate’s record is endorsed with the letter "W" denoting "Withdrawn".

(d) A candidate whose record in a unit has been endorsed with the letter "W" or the grade "F" may, if the candidate has not been terminated therefrom pursuant to Rule 10, re-enrol in such a unit in a later year provided that such enrolment is subject to the provision of Rule 4, including any limitation imposed upon the enrolment in that unit. A candidate re-enrolling shall not receive credit for any work previously performed in that unit.

Termination of Candidature

10. (1) At the commencement of the course the designated Executive Dean of Faculty shall indicate to candidates the requirements for satisfactory progress.

(2) If a candidate does not meet the requirements specified pursuant to Rule 10(1), the designated Executive Dean of Faculty shall ask the candidate to show cause why candidature should not be terminated.

(3) After considering any show-cause submission by the candidate, the designated Executive Dean of Faculty may confirm the termination of candidature or permit the candidate to re-enrol and may impose conditions upon such re-enrolment.

(4) If the candidate does not show cause, or the designated Executive Dean of Faculty confirms the termination of candidature, the Executive Dean shall report accordingly to the Academic Registrar who shall advise the candidate of exclusion from the course.

(5) A candidate excluded pursuant to Rule 10(4) may appeal to the Academic Appeals Committee. Such appeal shall be submitted in writing by the date specified by the Academic Registrar, except that the Academic Appeals Committee may agree to consider an appeal lodged at a later date. The Academic Appeals Committee may dismiss the appeal or permit the candidate to re-enrol and may impose conditions upon such re-enrolment.

Not to Count for Credit

11. (1) A candidate may not count for credit towards any award under these Rules the credit points of a unit if the candidate has already successfully completed a unit designated by the same unit code in the Schedule of Postgraduate Units.
(2) Except with the approval of the Academic Senate, on the recommendation of the Executive Dean of the Faculty concerned, a candidate may not count for credit towards any award under these rules the credit points in respect of a unit:

(a) if the candidate has successfully completed and is counting for credit another unit designated in the Schedule of Postgraduate Units as not to count for credit with that unit; or

(b) if the candidate has been granted credit pursuant to Rule 2(8) for one or more units in a program of study at another tertiary institution, and has successfully completed in that program a unit which, in the opinion of the Executive Dean of the Faculty concerned, is a similar unit.

(3) If two or more units are designated in the Schedule of Postgraduate Units as not to count for credit with each other, a student may include no more than one of these units in a program of study.

Deeming Provision

12. The Academic Senate may recommend the conferring of a degree of the University upon any person who has completed a course of studies in another tertiary institution which the Academic Senate, on the recommendation of the Deputy Vice-Chancellor (Provost), may from time to time deem to be the equivalent of a degree of this University.

13. The Coursework Studies Committee may declare that a candidate has completed the specified prescribed unit where other work completed by the candidate is deemed by the designated Executive Dean of the Faculty to be equivalent to the prescribed unit.

Saving Clause

14. Notwithstanding anything to the contrary herein contained, the Academic Senate may, in any exceptional case in which it may deem it appropriate to do so, dispense with or suspend any requirements of or prescriptions by these rules. Any such action by the Academic Senate is to be reported forthwith to the Council.

Admission to Candidature and Registration

2. (1) To be admitted to candidature for a course leading to a postgraduate diploma, an applicant, subject to any conditions determined by Academic Senate:

(a) (i) shall have qualified for admission to a degree of Bachelor of this University or an honours degree of Bachelor of this University and have achieved a level of attainment in an appropriate area of study or areas of study considered by Academic Senate, on the recommendation of the designated Executive Dean of Faculty, to be acceptable for the specific postgraduate diploma; or

(ii) shall hold, from another university or other tertiary institution, qualifications approved by Academic Senate, on the recommendation of the designated Executive Dean of Faculty for the course in which the applicant seeks to be enrolled, as equivalent to the requirements set out in paragraph (i) of this clause; and

(b) in respect of such courses as are determined by Academic Senate, on the recommendation of the designated Executive Dean of Faculty, shall have such additional qualifications and experience as may be considered by Academic Senate to be adequate preparation for admission to candidature.

(2) Notwithstanding the provisions of this rule, the designated Executive Dean of Faculty may require an applicant to demonstrate fitness for admission as a candidate by carrying out such work and/or sitting for such examinations as the Executive Dean may determine.

(3) In exceptional cases an applicant may be admitted as a candidate for a specific postgraduate diploma if the applicant submits other evidence of academic and/or professional attainments and the admission is approved by Academic Senate on the recommendation of the designated Executive Dean of Faculty.

(4) A candidate shall be enrolled for an award referred to in Rule 1(1) and shall be registered in a Faculty of the University as determined by the Deputy Vice-Chancellor (Provost).

(5) In these Rules, unless otherwise stated or implied, a designated Executive Dean of Faculty means the Executive Dean of the Faculty which the Deputy Vice-Chancellor (Provost) has determined pursuant to Rule 2(4).

The credit granted shall be for not more than one-half of the total credit points for the course.

(9) Where a candidate has completed an award at postgraduate level in this University or in another higher education institution, the candidate may be granted credit therefor as determined by the designated Executive Dean of Faculty. The credit granted shall be for not more than one-quarter of the total credit points for the course.

(10) Academic Senate may, Rule 2(9) notwithstanding, approve articulated awards which permit candidates who complete one award in the set to receive full credit from their study in that award towards one other award in the set.

   (4) Where a candidate has undertaken a unit at another tertiary institution as part of the program of study, the grade for the candidate shall be recorded as follows:

   - **Pass (S)** which indicates that the candidate has completed the unit satisfactorily; or
   - **Fail (F)** which indicates that the candidate has failed to complete the unit satisfactorily.

   (5) The Academic Senate may determine the range of Standardised Numerical Grades which apply to the grades referred to above.

   (6) Once a grade has been determined by the relevant Faculty and/or Academic Senate it shall not be exchanged except:

   - (a) following an appeal by the student pursuant to the provisions set down by the Academic Senate; or
   - (b) in exceptional circumstances, a change is approved by the Deputy Vice-Chancellor (Provost) on behalf of the Academic Senate or the Executive Dean of the Faculty in which the unit is offered, provided that the application for a change is submitted to the Academic Registrar not later than six weeks after the notification of examination results for the study period; or in exceptional circumstances, the Deputy Vice-Chancellor (Provost) may approve on behalf of the Academic Senate an application submitted at a later date but before the commencement of the next succeeding examination period.

Non-compliance with Unit Requirements
8. (1) (Repealed)

---

The University may from time to time amend the content and form of the Calendar of Governance, Legislation and Rules, the Handbook of Undergraduate Studies, and the Handbook of Postgraduate Coursework Studies with the latest versions of these published on the website of the University Council http://universitycouncil.mq.edu.au.
(2) Where, notwithstanding a candidate’s failure to comply with the requirements, the candidate is not excluded, the Academic Senate may, on the recommendation of the Executive Dean of the Faculty in which the unit is provided, permit the candidate to meet the requirements for its satisfactory completion by such date as determined by the Executive Dean of Faculty. Satisfactory completion must not be later than 30 August in the same year for first half-year units and 30 January in the succeeding year for second half-year and full-year units. In special circumstances, the Academic Senate, on the recommendation of the Executive Dean of Faculty, may determine a later date but before the commencement of the next succeeding regular examination period.

**Discontinuance**

9. Where a candidate is permitted to change the enrolment in units of study pursuant to Rule 4(2)(b) following application in writing to the Academic Registrar and such change includes discontinuance of a unit or units offered by the University, or where a candidate discontinues all the units enrolled:

(a) The candidate is deemed not to have been effectively enrolled in a unit if they discontinue before the unit census date;

(b) The candidate is deemed to have withdrawn from a unit if the candidate discontinues after the unit census date but no later than 4 weeks after the unit census date. In such cases, the candidate’s record is endorsed with the letter "W" denoting "Withdrawn";

(c) The candidate is deemed to have failed in any unit where the candidate’s discontinuance is other than as provided in clauses (a) or (b) in this Rule. In such cases the candidate’s record is endorsed with the letter "F" denoting “Failed”. If a candidate claims that such discontinuance is due to unavoidable disruption, the candidate may report the circumstances in writing (supported by medical certificate or other proper evidence) to the Academic Registrar, whereupon the Executive Dean of Faculty providing any unit which the candidate has discontinued may determine that the candidate be not recorded as having failed in the unit and the candidate’s record is endorsed with the letter "W" denoting "Withdrawn";

(d) A candidate whose record in a unit has been endorsed with the letter "W" or the grade "F" may, if the candidate has not been terminated therefrom pursuant to Rule 10, re-enrol in such a unit in a later year provided that such enrolment is subject to the provision of Rule 4, including any limitation imposed upon the enrolment in that unit. A candidate re-enrolling shall not receive credit for any work previously performed in that unit.

**Termination of Candidature**

10. (1) At the commencement of any postgraduate diploma the designated Executive Dean of Faculty shall indicate to candidates the requirements for satisfactory progress.

(2) If a candidate does not meet the requirements specified pursuant to Rule 10(1), the designated Executive Dean of Faculty shall ask the candidate to show cause why candidature should not be terminated.

(3) After considering any show-cause submission by the candidate, the designated Executive Dean of Faculty may confirm the termination of candidature or permit the candidate to re-enrol and may impose conditions upon such re-enrolment.

(4) If the candidate does not show cause, or the designated Executive Dean of Faculty confirms the termination of candidature, the Executive Dean shall report accordingly to the Academic Registrar who shall advise the candidate of exclusion from the postgraduate diploma.

(5) A candidate excluded pursuant to Rule 10(4) may appeal to the Academic Appeals Committee. Such appeal shall be submitted in writing by the date specified by the Academic Registrar, except that the Academic Appeals Committee may agree to consider an appeal lodged at a later date. The Academic Appeals Committee may dismiss the appeal or permit the candidate to re-enrol and may impose conditions upon such re-enrolment.

**Not to Count for Credit**

11. (1) A candidate may not count for credit towards any award under these Rules the credit points of a unit if the candidate has already successfully completed a unit designated by the same unit code in the Schedule of Postgraduate Units.

(2) Except with the approval of the Academic Senate, on the recommendation of the Executive Dean of the Faculty concerned, a candidate may not count for credit towards any award under these rules the credit points in respect of a unit:

(a) if the candidate has successfully completed and is counting for credit another unit designated in the Schedule of Postgraduate Units as not to count for credit with that unit; or

(b) if the candidate has been granted credit pursuant to Rule 2(8) for one or more units in a program of study at another tertiary institution, and has successfully completed in that program a unit which, in the opinion of the Executive Dean of the Faculty concerned, is a similar unit.
(3) If two or more units are designated in the Schedule of Postgraduate Units as not to count for credit with each other, a student may include no more than one of these units in a program of study.

**Deeming Provision**

12. The Academic Senate may recommend the conferring of a postgraduate diploma of the University upon any person who has completed a course of studies in another tertiary institution which the Academic Senate, on the recommendation of the Deputy Vice-Chancellor (Provost), may from time to time deem to be the equivalent of a postgraduate diploma of this University.

13. The Coursework Studies Committee may declare that a candidate has completed the specified prescribed unit where other work completed by the candidate is deemed by the designated Executive Dean of Faculty to be equivalent to the prescribed unit.

**Saving Clause**

14. Notwithstanding anything to the contrary herein contained, the Academic Senate may, in any exceptional case in which it may deem it appropriate to do so, dispense with or suspend any requirements of or prescriptions by these rules. Any such action by the Academic Senate is to be reported forthwith to the Council.

(2) Any one of the postgraduate certificates referred to in Rule 1(1) may be conferred by the Council on a candidate who has to the satisfaction of the Academic Senate complied with the requirements of these rules.

(3) Any approval, recommendation, decision or other determination authorised in any of these rules to be given or made by an Executive Dean of a Faculty may be given or made by a member of the academic staff who has been duly delegated by that Executive Dean to give or make approvals, recommendations, decisions or determinations for the purposes of that rule.

(4) To qualify for an award referred to in Rule 1(1), a candidate must complete a Program of Study approved by the Academic Senate for that award.
Admission to Candidature and Registration

2. (1) To be admitted to candidature for a course leading to a postgraduate certificate an applicant, subject to any conditions determined by Academic Senate—

(a) (i) shall have qualified for admission to a degree of Bachelor of this University or to an honours degree of Bachelor of this University and have achieved a level of attainment in an appropriate area of study or areas of study considered by the Academic Senate, on the recommendation of the designated Executive Dean of Faculty for the course, to be acceptable for admission to candidature for the specific postgraduate certificate; or

(ii) shall hold, from another university or other tertiary institution, qualifications approved by the Academic Senate, on the recommendation of the designated Executive Dean of Faculty for the course in which the applicant seeks to be enrolled, as equivalent to the requirements set out in paragraph (i) of this clause; and

(b) in respect of such courses as are determined by the designated Executive Dean of Faculty for the course in which the applicant seeks to enrol may require an applicant to demonstrate fitness for admission as a candidate by carrying out such work and/or sitting for such examinations as the Executive Dean may determine.

(2) Notwithstanding the provisions of this rule, the designated Executive Dean of Faculty for the course in which the applicant seeks to enrol may require an applicant to demonstrate fitness for admission as a candidate by carrying out such work and/or sitting for such examinations as the Executive Dean may determine.

(3) In exceptional cases an applicant may be admitted as a candidate for a specific postgraduate certificate if the applicant submits other evidence of academic and/or professional attainments and the admission is approved by the designated Executive Dean of Faculty for the course in which the candidate seeks to enrol.

(4) A candidate shall be enrolled for an award referred to in Rule 1(2) and shall be registered in a Faculty of the University as determined by the Deputy Vice-Chancellor (Provost).

(5) In these Rules, unless otherwise stated or implied, a designated Executive Dean of Faculty means the Executive Dean of the Faculty which the Deputy Vice-Chancellor (Provost) has determined pursuant to Rule 2(4).

(6) A candidate may, under conditions determined by the Academic Senate, change the award for which they are enrolled.

(7) Where a candidate has completed successfully one or more units at postgraduate level in another tertiary institution, and where the unit or units do not form part of a completed course, the candidate may be granted credit therefor as determined by the designated Executive Dean of Faculty. The credit granted shall be for not more than one-half of the total credit points for the course.

(8) Where a candidate has completed an award at postgraduate level in this University or in another higher education institution, the candidate may be granted credit therefor as determined by the designated Executive Dean of Faculty. The credit granted shall be for not more than one-quarter of the total credit points for the course.

(9) Academic Senate may, Rule 2(8) notwithstanding, approve articulated awards which permit candidates who complete one award in the set to receive full credit from their study in that award towards one other award in the set.

Schedules to the Rules

3. (1) The Academic Senate prescribes a Schedule of General Requirements for the awards specified in these Rules.

(2) (a) The Academic Senate prescribes a Schedule of Programs of Study approved for candidates seeking to qualify for an award under these Rules.

(b) (Repealed)

(3) (a) The Academic Senate prescribes a Schedule of Postgraduate Units approved as qualifying units under these Rules.

(b) Units of study at the postgraduate level shall be designated as at 800 or 900 level.

Programs of Study

4. (1) A candidate shall select a Program of Study approved by Academic Senate pursuant to Rule 3(2) for the award for which the candidate is enrolled, and shall enrol in units to complete that Program.

(2) Unless determined otherwise by resolution of Academic Senate:

(a) a candidate’s selection of an approved Program of Study and enrolment in units to complete that Program of Study will require the approval of the designated Executive Dean of Faculty, or where the Academic Senate has so determined, the Executive Dean of another Faculty;
Postgraduate Certificate Rules

Rule 7(2) are not appropriate to that unit. In this case, the grade of a candidate is recorded as follows:
Pass (S) which indicates that the candidate has completed the unit satisfactorily; or
Fail (F) which indicates that the candidate has failed to complete the unit satisfactorily.

(4) Where a candidate has undertaken a unit at another tertiary institution as part of the program of study, the grade for the candidate shall be recorded as follows:
Pass (S) which indicates that the candidate has completed the unit satisfactorily; or
Fail (F) which indicates that the candidate has failed to complete the unit satisfactorily.

(5) The Academic Senate may determine the range of Standardised Numerical Grades which apply to the grades referred to above.

(6) Once a grade has been determined by the relevant Faculty and/or Academic Senate it shall not be exchanged except:

(a) following an appeal by the student pursuant to the provisions set down by the Academic Senate; or
(b) in exceptional circumstances, a change is approved by the Deputy Vice-Chancellor (Provost) on behalf of the Academic Senate or the Executive Dean of the Faculty in which the unit is offered, provided that the application for a change is submitted to the Academic Registrar not later than six weeks after the notification of examination results for the study period; or in exceptional circumstances, the Deputy Vice-Chancellor (Provost) may approve on behalf of the Academic Senate an application submitted at a later date but before the commencement of the next succeeding examination period.

Non-compliance with Unit Requirements

8. (1) (Repealed)

(2) Where, notwithstanding a candidate’s failure to comply with the requirements, the candidate is not excluded, the Academic Senate may, on the recommendation of the Executive Dean of the Faculty in which the unit is provided, permit the candidate to meet the requirements for its satisfactory completion by such date as determined by the Executive Dean of Faculty. Satisfactory completion must not be later than 30 August in the same year for first half-year units and 30 January in the succeeding year for second half-year and full-year units. In special circumstances, the Academic Senate, on the
recommendation of the Executive Dean of Faculty, may determine a later date but before the commencement of the next succeeding regular examination period.

**Discontinuance**

9. Where a candidate is permitted to change the enrolment in units of study pursuant to Rule 4(2)(b) following application in writing to the Academic Registrar and such change includes discontinuance of a unit or units offered by the University, or where a candidate discontinues all the units enrolled:

   (a) The candidate is deemed not to have been effectively enrolled in a unit if they discontinue before the unit census date;

   (b) The candidate is deemed to have withdrawn from a unit if the candidate discontinues after the unit census date but no later than 4 weeks after the unit census date. In such cases, the candidate’s record is endorsed with the letter "W" denoting "Withdrawn".

   (c) The candidate is deemed to have failed in any unit where the candidate’s discontinuance is other than as provided in clauses a) or b) in this Rule. In such cases the candidate’s record is endorsed with the letter "F" denoting “Failed”. If a candidate claims that such discontinuance is due to unavoidable disruption, the candidate may report the circumstances in writing (supported by medical certificate or other proper evidence) to the Academic Registrar, whereupon the Executive Dean of Faculty providing any unit which the candidate has discontinued may determine that the candidate be not recorded as having failed in the unit and the candidate’s record is endorsed with the letter “W” denoting “Withdrawn”.

   (d) A candidate whose record in a unit has been endorsed with the letter "W" or the grade "F" may, if the candidate has not been terminated therefrom pursuant to Rule 9, re-enrol in such a unit in a later year provided that such enrolment is subject to the provision of Rule 4, including any limitation imposed upon the enrolment in that unit. A candidate re-enrolling shall not receive credit for any work previously performed in that unit.

**Termination of Candidature**

10. (1) At the commencement of the postgraduate certificate the designated Executive Dean of Faculty shall indicate to candidates the requirements for satisfactory progress.

   (2) If a candidate does not meet the requirements specified pursuant to Rule 10(1), the designated Executive Dean of Faculty shall ask the candidate to show cause why candidature should not be terminated.

   (3) After considering any show-cause submission by the candidate, the designated Executive Dean of Faculty may confirm the termination of candidature or permit the candidate to re-enrol and may impose conditions upon such re-enrolment.

   (4) If the candidate does not show cause, or the designated Executive Dean of Faculty confirms the termination of candidature, the Executive Dean shall report accordingly to the Academic Registrar who shall advise the candidate of exclusion from the postgraduate certificate.

   (5) A candidate excluded pursuant to Rule 10(4) may appeal to the Academic Appeals Committee. Such appeal shall be submitted in writing by the date specified by the Academic Registrar, except that the Academic Appeals Committee may agree to consider an appeal lodged at a later date. The Academic Appeals Committee may dismiss the appeal or permit the candidate to re-enrol and may impose conditions upon such re-enrolment.

**Not to Count for Credit**

11. (1) A candidate may not count for credit towards any award under these Rules the credit points of a unit if the candidate has already successfully completed a unit designated by the same unit code in the Schedule of Postgraduate Units.

   (2) Except with the approval of the Academic Senate, on the recommendation of the Executive Dean of the Faculty concerned, a candidate may not count for credit towards any award under these rules the credit points of a unit:

   (a) if the candidate has successfully completed and is counting for credit another unit designated in the Schedule of Postgraduate Units as not to count for credit with that unit; or

   (b) if the candidate has been granted credit pursuant to Rule 2(8) for one or more units in a program of study at another tertiary institution, and has successfully completed in that program a unit which, in the opinion of the Executive Dean of the Faculty concerned, is a similar unit.

   (3) If two or more units are designated in the Schedule of Postgraduate Units as not to count for credit with each other, a student may include no more than one of these units in a program of study.

**Deeming Provision**

13. The Coursework Studies Committee may declare that a candidate has completed the specified prescribed unit where other work completed by the candidate is deemed by the designated Executive Dean of Faculty to be equivalent to the prescribed unit.
