PLEASE READ THIS ENTIRE GUIDE CAREFULLY

The following information is provided as general guidance to international applicants to the Macquarie MD (Doctor of Medicine) at Macquarie University. All applicants should routinely check the Macquarie website for admission updates.

HOW MACQUARIE UNIVERSITY WILL CONTACT YOU

Email will be the primary means of contact between Macquarie University and applicants.

It is essential that you provide a current email address which will be valid from September 2017 to February 2018 and that you regularly check your emails.

Applicants are advised to provide an email address other than their current university address unless it will be available until February 2018.

Some email messages may be blocked or flagged as spam by some email providers. To help prevent this please add medicine@mq.edu.au to your ‘Safe Senders’ list and Contacts file and regularly check your Junk Mail folder, especially if you use a web-based email client such as Gmail or Hotmail.

Macquarie University will not be held responsible for undeliverable or unread email communication.

Should you need to change your email or postal address, please email the change to medicine@mq.edu.au

CONTACT DETAILS FOR FURTHER ENQUIRIES

If you have further queries regarding the general application process, please email medicine@mq.edu.au

For detailed information on the Macquarie MD at Macquarie University you should first carefully read the Macquarie University website:

http://www.mq.edu.au/study/medicine
ADMISSION POLICIES

Offers
Successful applicants will be given a firm date by which to accept an offer of a place and offers not accepted by that date will lapse.

*If an applicant declines an offer of a place, or allows the offer to lapse, they will not be considered for another place or receive another offer, in the 2018 intake.*

Deferral
Deferral of a place is not normally granted and applicants must reapply if they wish to be considered for the following year.

Exclusion
An applicant who has been excluded from any university must indicate this when they apply. Applicants whom this applies to may be contacted for further details.

Admission and application irregularities
Applicants should be aware that the presentation of forged documents is a criminal offence in Australia and that universities may take appropriate action in such cases. All tertiary study must be declared in the application. For the purpose of university admission, the withholding of information and the submission of incorrect or misleading information are deemed fraudulent. Action taken in such cases may include cancellation of an application for admission, withdrawal of an offer of admission, or cancellation of an enrolment. Applicants who submit fraudulent documents or otherwise seek to gain an advantage by fraudulent means may be banned from future applications to Macquarie University.

Only your first submitted application will be processed.

Macquarie University policies
Details on admission policies for the Macquarie MD are provided in the Entry Requirements section of this Guide and on the Macquarie MD website.

*If you have been offered a place in another course and you intend to accept that place, then please be considerate of fellow applicants and withdraw your application as soon as possible.*
APPLICATION PROCESS

Macquarie University makes every effort to ensure the accuracy of information provided in this Admission Guide at the time of publication. Applicants are responsible for determining their eligibility to apply and should consult the Macquarie MD website for more detailed information and updates.

International applicants apply directly to Macquarie University or via an authorised representative (http://www.mq.edu.au/study/international-students/macquarie-in-your-country/find-a-representative) in their home country.

Applications are submitted online via the Macquarie MD website. Applicants / authorised representatives can submit applications from 14 August 2017.

There are three components of the application process as outlined below.

1. Inherent requirements and compliance

Applicants need to ensure they are able to meet the Macquarie MD’s Inherent Requirements and relevant Macquarie University and NSW Health compliance requirements.

Inherent Requirements and all relevant policy and compliance information can be found on the Macquarie MD website.

2. Certified tertiary academic transcripts

International applicants are required to submit (via online upload as part of the application) certified copies of all tertiary academic transcripts.

Academic transcripts from tertiary study are used to calculate each applicant’s Grade Point Average (GPA). Refer to the Entry Requirements section of this guide for details on how the GPA will be calculated.

3. MCAT / GAMSAT

International applicants residing outside of Australia can choose to submit Medical College Admissions Test (MCAT) scores or Graduate Australian Medical School Admissions Test (GAMSAT) scores.

MCAT scores will be used and weighted for selection for interview and offer in the same way that GAMSAT scores are used (see ‘Interview’ and ‘Offer’ sections below).

**MCAT**

MCAT scores submitted must satisfy:

- A minimum total score of 500
- A minimum of 125 in each of the four sections
- Completion less than two years from intended enrolment

**GAMSAT**

International applicants residing in Australia at the time of application must submit GAMSAT scores.

GAMSAT scores submitted must satisfy:

- A minimum overall score of 50
- A minimum of 50 in each of the three sections

GAMSAT scores submitted must be within two years of intended enrolment.
Documents to upload as part of application

Applicants need to upload supporting documentation as part of the online application. Documents required include:

- Certified tertiary academic transcripts
- MCAT / GAMSAT
- IELTS (if required)
- Supplementary form

Failure to include all requested documents may disadvantage you. Please send only those documents specifically requested.
BACHELOR DEGREE

All applicants must have completed, or be in the final year, of a Bachelor or Honours degree. Undergraduate Australian degrees must be from a Commonwealth-accredited institution (see http://www.teqsa.gov.au/national-register). Overseas degrees must be recognised by the Australian Department of Education and Training Qualifications Recognition Policy Unit (previously AEI-NOOSR) as equivalent to an Australian Bachelor degree. Your qualifications will be assessed for equivalency as part of the application process.

For those in the final year of study, satisfactory completion of the degree in 2017 will be a condition of entry. Note that if you cannot complete and provide evidence of completion of your degree in the 2017 calendar year, any offer you have received that is conditional upon completion of your current degree may be withdrawn.

Please do not contact the Australian Department of Education and Training Qualifications Recognition Policy Unit for assessment of your degree.

GRADE POINT AVERAGE (GPA)

Macquarie University will calculate a Grade Point Average (GPA) from certified academic transcripts uploaded as part of your application. Certified transcripts must be submitted as part of your online application. Refer to the Entry Requirements section of this Guide for a detailed description of how your GPA will be calculated.

Macquarie University encourages individuals from diverse educational backgrounds who will bring to the profession a variety of talents and interests. No preference is given to graduates with particular Bachelor degrees, as long as prerequisite study requirements are met (outlined in detail below). The GPA indicates the level of performance in the qualifying degree. There is no differentiation of GPA between institutions or courses.
PREREQUISITES
Applicants to the Macquarie MD at Macquarie University must have successfully completed approved prerequisite tertiary units (or groups of units) in:

- Human Anatomy
- Human Physiology

To check if you have met the prerequisite study requirements for the Macquarie MD visit Prerequisite Checker (https://applygemsas.edu.au/prereqCheckerIntro.jsf). If the units (or groups of units) you have completed are not listed in the prerequisite checker, you can submit units for assessment as part of your application.

Human Anatomy
Applicants must study the basic concepts of anatomical sciences including gross anatomy, histology, radiology and embryology. In summary, the following systems of the human body must be studied – cardiovascular, respiratory, renal, gastrointestinal, neurological, musculoskeletal and endocrine (hormonal). Specifically, content must include the terminology of topographic anatomy; the principles related to key anatomical structures: skin, fascia and skeletal muscles, bones and joints, vessels, nerves and viscera; the organisation of the body into regions and the anatomy of the major organ systems. While study of anatomy using cadavers in wet labs is preferred, it is not an essential requirement.

Human Physiology
Applicants must study physiology and functioning of the major systems of the human body. In summary, the following systems of the human body must be studied – cardiovascular, respiratory, renal, gastrointestinal, neurological, musculoskeletal and endocrine (hormonal). Specifically, content must cover control mechanisms and homeostasis in humans.

ENGLISH LANGUAGE REQUIREMENTS
Applicants can meet the English requirements for the Macquarie MD in two ways as outlined below.

Tertiary qualifications
Applicants will meet English language requirements if their tertiary qualification(s) have been taught and assessed in English in a country where English is the native or first language.

IELTS
Applicants who do not meet the above English language requirements must provide evidence of meeting the following International English Language Testing System (IELTS) scores:

- A minimum overall score of 7.0
- A minimum score of 7.0 in each band

Minimum IELTS scores must be achieved in one sitting of the test less than two years from intended enrolment.
INTERVIEWS

The interview is designed to assess qualities considered by Macquarie University to be associated with success in both the study of medicine and later practice, and is conducted by trained interviewers. Academic performance is not discussed at the interview.

Applicants who are successful in receiving an interview place will be invited to participate in a Multiple Mini Interview (MMI). Interviews may be conducted face-to-face or via Skype (or a similar platform).

Applicants are selected for interview based the following criteria:

- Performance in a qualifying degree (as indicated by GPA)
- Performance in MCAT / GAMSAT
- Performance in the Personal Statement
- Meeting English language requirements

Macquarie University uses the Personal Statement as a hurdle, then ranks applicants based on a selection rank derived from a 50 / 50 combination of weighted GPA and overall MCAT / GAMSAT score.

Selected applicants receive an invitation to interview via email. Evidence of interview selection and identity, such as a valid passport, will be required for identification purposes.

Applicants must meet all expenses associated with attending the interview.

Applicants unsuccessful in receiving an interview will be notified via email by Macquarie University. Applicants who were not interviewed will not participate in further processing.

OFFERS

Applicants will be ranked and selected for offer based on the following:

- 50 per cent MCAT (50 per cent GAMSAT for international applicants residing in Australia)
- 50 per cent MMI
- GPA will be used as a tie-breaker should applicants be equally ranked after MCAT / GAMSAT and MMI results

Applicants offered a place in the program will be notified by email.

Applicants unsuccessful in receiving a place in the program will be notified by email.

_If you have been offered a place in another course and you intend to accept that place, then please be considerate of fellow applicants and withdraw your application as soon as possible._

QUOTAS

All places at Macquarie University are FULL-FEE paying and will be allocated based on the ranking of the applicant.

Quotas for 2018 commencement are expected to be:

<table>
<thead>
<tr>
<th>Places</th>
<th>International</th>
<th>CSP</th>
<th>BMP CSP</th>
</tr>
</thead>
<tbody>
<tr>
<td>Macquarie University</td>
<td>20 international</td>
<td>N/A</td>
<td>N/A</td>
</tr>
</tbody>
</table>

This quota is indicative only and therefore subject to change.
VISAS

FAQS ABOUT THE APPLICATION PROCESS

Will the UK or Ireland GAMSAT scores or the March or September GAMSAT scores be acceptable for entry to GAMSAT Consortium medical schools?

The Ireland and UK GAMSATs are treated the same as the Australian GAMSAT. The GAMSAT is now held in March and September and the differentiation between Australia, UK and Ireland has been removed. There is a very helpful table on the GAMSAT website that shows the validity of all the GAMSAT tests – [http://gamsat.acer.edu.au/results/currency-of-results](http://gamsat.acer.edu.au/results/currency-of-results)

What is the definition of an Honours Year, in terms of GPA calculations?

You can ask yourself, could you have completed the bachelor degree and done that Honours year at another university? If so, then it’s standalone. If not, it’s embedded. Standalone Honours are used as the Final GPA year along with the last two years of the preceding bachelor degree. With embedded Honours, it’s just the most recent three years of the degree that’s used.

I have done (or I am completing) an Honours Year. Will this be used for selection?

We include Honours results in GPA calculations, however this can become problematic where the Honours year isn’t complete. Typically, Honours results are only available at the end of the Honours year and we do a GPA calculation for allocating applicants to interviews in the middle of the year. You would probably have a GPA calculated on your bachelor degree used for getting an interview and then when the Honours results are available, they would be used to confirm any conditional or provisional offer you may have been made. However, if you do have results for Honours from Semester 1, these may be used in your GPA calculation together with results from the last two years of your bachelor degree.

What is the minimum FTE study load in semester one of current year study to be included in GPA calculations?

| Macquarie University | No minimum |

Will my Honours subject results or the overall Honours grade be used in my GPA calculation?

Where an Honours year is eligible to be included; if your Honours year consists of subjects which have results then these will be used to calculate your GPA. If there are no subject results, and only an overall Honours grade, then that will be used. If both subject results and an overall Honours grade are available, the best GPA will be used.

How do I allocate subjects to years to calculate my GPA?

The way to calculate your GPA is to take the total credit points and divide by the years normally taken to do the degree. This will give you the number of credit points to allocate to each GPA year.

Example: Assume that all the units you did were of equal credit point value. If you did 24 units in a 3-year degree you would allocate 8 units a year. Working backwards chronologically take the most recently-completed 8 units and allocate them to the Final GPA Year. Then take the next 8 units and allocate them to the Final-minus-1 GPA Year and the remaining 8 units will be the Final-minus-2 GPA Year.

How are subjects allocated to the three GPA years?

We allocate by the year in which subjects were taken and not the level of the subjects. We use full-time equivalent (FTE) study loads to allocate subjects to GPA years so we can take part-time, overloading and subjects of differing credit point values into consideration.

Does Macquarie University use postgraduate study?

Macquarie University will calculate a GPA including Graduate Diploma and Coursework Masters, if this degree will be completed by 31 December in the year of application. Completed Research Masters and PhD will be used in GPA calculations.
I’ve done a postgraduate degree, do I calculate my GPA on that or on my undergraduate degree?

Macquarie University will calculate a GPA including Graduate Diploma and Coursework Masters, if this degree will be completed by 31 December the year of application. Completed Research Masters and PhD will be used in GPA calculations. See the Entry Requirements section of this Guide for further information.

Can I get my interview score or ranking data?

Macquarie University is not able to provide any ranking data or interview scores. Many factors impact on who gets an offer apart from the selection components used.

How are offers released?

All offers are decided on the same day and unsuccessful applicants are notified by email that day. Please make sure you have listed medicine@mq.edu.au as a ‘trusted sender’ in your email system.

What is a conditional offer?

If you are made an offer of a place, and you have not completed your degree or prerequisites for Macquarie University, then the offer will be conditional. When we get your final results we will calculate your final GPA and check that it meets any conditions put on your offer (e.g. maintaining a stated GPA). If it does, your offer will be confirmed, and if it doesn’t meet the conditions the offer will be withdrawn. Applicants enrolled in a combined degree and who receive a conditional offer for a place at Macquarie University must complete both awards in order to have their offer confirmed.

I have not received an offer in the main round – what happens now?

If you do not receive an offer of a place in the main round of offers after interview, your application will remain in the system. Additional offers may be made during December after final results of applicants completing their qualifying degree are known.
HOW TO APPLY

1. Complete the online application form
To apply for admission to a course commencing in 2018, you must complete and submit the online Application Form by no later than 6 October 2017. Return to the Macquarie MD website from 14 August 2017 to commence your application. Please do not leave submission until the last minute as many others will also do this and system overloading can impact your ability to meet the deadline.

Late applications will NOT be accepted.

Remember to include medicine@mq.edu.au as a trusted email address, to ensure messages from Macquarie are not treated as spam and sent to your Junk folder. We cannot be held responsible for any email not reaching / being read by you.

2. Ensure all relevant documents are uploaded
Documents required include:

- Certified tertiary academic transcripts
- MCAT / GAMSAT
- IELTS (if required)
- Supplementary form

Failure to include all requested documents may disadvantage you. Please send only those documents specifically requested.
FAQS ABOUT COMPLETING YOUR APPLICATION

I'm still studying this year; do I need to submit a 2017 transcript?

Applicants completing their qualifying degree in 2017 will be assessed on the basis of the information available at the time of application. Semester 1 (or Trimester 1), 2017 results will be included in the assessment for interview if they are available at the time of assessment.

Applicants completing their degree in 2017 will only be offered an interview if the GPA at the time of application (with 2017 results to date) meets the required level.

Such applicants should also note that while decisions on interview offers will be made on the basis of results available at the time of application, final 2017 results may be used to determine offers of a place. Refer to the Entry Requirements section in this Guide for more information.

What study should I declare in the application?

ALL tertiary study is to be declared (this includes completed and incomplete study), whether relevant or not to your key degree.

How do I submit a personal statement for Macquarie University?

Personal statements are completed as part of the application process and submitted with your application.
HOW CAN YOU ASSIST MACQUARIE UNIVERSITY?

- Ensure your online application is submitted, once it has been completed and reviewed, before the deadline. No late submissions will be accepted
- Alert Macquarie University ASAP if there is a technical issue (or any other issue) with your online application, so the issue can be resolved before the submission deadline
- Ensure you declare all your tertiary study in the application (this includes complete and incomplete study)
- Ensure you inform Macquarie University if there is a delay in obtaining a Semester 2 result (e.g. sitting a special or deferred exam)
- Please upload only those documents that have been specifically requested
- Your contact details need to be operational and Macquarie University informed if they are changed
- Completions (Academic transcript showing that you have completed your degree) must be sent to Macquarie University ASAP (by 31 December 2017) if you have been made a conditional offer of a place
- If there is a delay in obtaining final results, (if you have been made a conditional offer of a place), alert Macquarie University ASAP (e.g. sitting a special exam). Please ensure you alert Macquarie University well before the 31 December 2017 deadline
## ENTRY REQUIREMENTS

### Macquarie University

The Macquarie University Doctor of Medicine (Macquarie MD)

### Contact details:

<table>
<thead>

<th>Web</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td><a href="mailto:medicine@mq.edu.au">medicine@mq.edu.au</a></td>
<td><a href="http://www.mq.edu.au/study/medicine">http://www.mq.edu.au/study/medicine</a></td>
</tr>
</tbody>
</table>

### The MD Programme

**Places Available in 2018:**

*These quotas are subject to change.

| International | 20 places |

| Doctor of Medicine selection policies | All applicants should refer to the Macquarie MD website for detailed information on the program including selection and program policies. |

| Australian and international clinical placements | The Macquarie MD requires students to attend clinical placements in both Australian and international settings. |

### Bachelor degree and GPA

#### Bachelor degree

Applicants must have completed a bachelor degree or be in their final year of a bachelor degree (scheduled for completion by 31 December in the year of application). The bachelor degree must be:

- A level 7 Australian Qualifications Framework (AQF) qualification, or an equivalent overseas degree listed in the National Office of Overseas Skills Recognition (AEI-NOOSR) Guide

Bachelor degrees must be completed less than 10 years from intended enrolment unless the applicant meets accepted postgraduate study requirements.

Only the following postgraduate study is accepted:

- Graduate Diploma
- Coursework Masters
- Research Masters
- PhD

Postgraduate coursework (Graduate Diploma and Coursework Masters) must be:

- Complete or scheduled for completion by 31 December in the year of application
- Completed less than 10 years from intended enrolment

Postgraduate research (Research Masters and PhD) must be:

- Complete at the time of application
- Completed less than 10 years from intended enrolment
### Grade Point Average (GPA)

Applicants are required to have achieved:

- A minimum weighted GPA of 5.0 out of 7.0 to be considered for interview.

Note that entry is competitive and a GPA required for interview selection is likely to be significantly higher than 5.0 out of 7.0.

GPA is calculated through consideration of relevant tertiary transcripts from completed programs or programs scheduled for completion by 31 December in the year of application.

The GPA calculation considers full time equivalent (FTE) years of study. The weightings used give higher level results greater value.

Applicants with bachelor degree only will have their GPA calculated with the following weightings:

- Final year (most recent FTE year of study) = x 3
- Final-1 (second most recent FTE year of study) = x 2
- Final-2 (third most recent FTE year of study) = x 1

Applicants with a bachelor degree and standalone honours year will have their GPA calculated with the following weightings:

- Final year (honours) = x 3
- Final-1 (most recent FTE year of bachelor degree) = x 2
- Final-2 (second most recent FTE year of bachelor degree) = x 1

Applicants with postgraduate coursework (Graduate Diploma and Masters) will have their GPA calculated with the following weightings:

- Postgraduate coursework (considered as whole) = x 3
- Final-1 (most recent FTE year of bachelor degree or standalone honours year) = x 2
- Final-2 (second most recent FTE year of bachelor degree if honours is used) = x 1

Applicants with **completed** postgraduate research (Research Masters or PhD) will have their GPA calculated with the following weightings:

- Postgraduate research (considered as whole, given maximum GPA value of 7.0) = x 3
- Final-1 (most recent FTE year of bachelor degree or standalone honours year) = x 2
- Final-2 (second most recent FTE year of bachelor degree or most recent year of bachelor degree if honours is used) = x 1

Note that non-award units will not be used as part of the GPA calculation.

The total GPA calculated for each year will be converted to a 7 point scale and then divided by the number of units taken.

### MCAT / GAMSAT

International applicants residing outside of Australia can choose to submit Medical College Admissions Test (MCAT) scores or GAMSAT scores. International applicants residing in Australia at the time of application must submit GAMSAT scores.

MCAT scores will be used and weighted for selection for interview and offer in the same way that GAMSAT scores are used (see ‘Interview’ and ‘Offer’ sections above).

**MCAT**

MCAT scores submitted must satisfy:
<table>
<thead>
<tr>
<th>Prerequisites</th>
<th>Applicants must have successfully completed approved prerequisite tertiary units or groups of units in:</th>
</tr>
</thead>

</tr>
</tbody>
</table>
| Campus and place type preference | Macquarie University  
Balaclava Road, North Ryde  
NSW, 2109, Australia  
All places in the Macquarie University Doctor of Medicine are full-fee or international fee.  
The program requires students to attend clinical placements in both Australian and international settings. |
| --- |
| **Interview** | **Interview selection**  
Applicants will be ranked and selected for interview based on the following criteria:  
- Meeting minimum eligibility requirements outlined above  
- 50 per cent weighted GPA  
- 50 per cent GAMSAT (50 per cent MCAT for international applicants residing outside of Australia only)  
- Personal statement evaluated as satisfactory  
Up to 20 interview places will be reserved for Macquarie University Bachelor of Clinical Science graduates / final year students.  
**Interview format**  
Interviews will be conducted in the Multiple Mini Interview (MMI) format, which will see applicants rotate through a series of short interview stations.  
International applicants will be offered a modified MMI conducted in-person or via videoconference.  
**Interview timing**  
Offers to attend an MMI will be made by Macquarie University from 9 October 2017. |
| **Offer** | **Offer selection**  
Applicants will be ranked and selected for offer based on the following:  
- 50 per cent GAMSAT (50 per cent MCAT for international applicants residing outside of Australia only)  
- 50 per cent MMI  
- GPA will be used as a tie-breaker should applicants be equally ranked after GAMSAT / MCAT and MMI results  
**Offer timing**  
Successful applicants will be notified by Macquarie University in December 2017.  
**Conditional offers**  
If an offer is made where a degree or prerequisite units are not yet complete, the offer will be conditional. To be made a full offer, study must be complete by the 31 December in the year of application and a minimum GPA of 5.0 out of 7.0 must be maintained.  
If conditions are not met by the specified date in the offer letter, the offer will be withdrawn. Applicants applying based on a combined degree must complete both awards to have their offer confirmed. |
| **Open Days and Information Sessions** | Open Day: Saturday 19 August 2017, 10.00am to 4.00pm  
Macquarie MD Webinar: Tuesday 15 August 2017, 6.00pm |
