2018 iRTP/IMQRTP ROUND
Applications close: 31 JULY 2017
International Research Training Program Scholarships and (iRTP)
additional International Macquarie University Research Training Program
(iMQRTP) Scholarships

While every effort has been made to ensure the accuracy of the information in this leaflet as at June 2017 guidelines for
these awards may be subject to change.

Section 1: GENERAL INFORMATION

Popular Awards

The Research Training Program (RTP) scheme is administered by individual universities on behalf of the Department of
Education and Training. Applications for a RTP Scholarships need to be made directly to participating universities.
Macquarie University has its own application and selection process, as outlined in the Macquarie University Research
Training Program Scholarship Guidelines. The number of international candidate places funded through the RTP
(International Research Training Program Scholarships, iRTP) varies from year to year.

The Macquarie University Research Training Program Scholarship (MQRTP) scheme is a Doctoral (PhD) scholarship
program that aims to support exceptional research students enrolled in research priority areas aligned with the
University’s Strategic Research Framework 2015 to 2024 World - Leading Research with World - Changing Impact, as
well as the broader University.

Macquarie offers a limited number of scholarships to international Master of Research (MRes) candidates applying for
an MRes/PhD 'bundle' (i.e. MRes Year 2 and 3-year PhD) through the competitive iRTP round each year. Candidates will
be awarded a provisional PhD offer, and they will be considered for a 3 year PhD scholarship funded by the University on
a competitive basis upon successful completion of their MRes Year 2 (iMQRTP).

Selection Process and Timing

Macquarie University offers available awards to eligible candidates in accordance with the MQ Research Training
Program Scholarship Guidelines, and the Macquarie University HDR Scholarship Rating Criteria.

iRTP/IMQRTP Round: first round offers are generally advised in mid-October with candidates expected to commence
their scholarship in first semester of the following year. Special approval is required for deferral. Unsuccessful first round
applicants may be put on a scholarship reserve list and while it is anticipated additional scholarship funding will be
available it cannot be guaranteed.

Section 2: HOW TO APPLY

For new applicants, the Higher Degree Research Office at Macquarie University uses a single online application to apply
for both candidature and scholarship.

To apply:

1. go to the How to Apply Entry Requirements webpage: http://www.mq.edu.au/research/phd-and-
research-degrees/HDR-entry-requirements and follow the steps to complete an application. This includes
uploading electronic copies of: original or certified copies of all academic transcripts. An official translation into English must be included if documents are not in English;

2. a certified copy of your birth or citizenship certificate, or your ID card, or the identity page of your passport

3. an original or certified copy of documents providing evidence of any name change

4. a project proposal outline with reference list (general guidelines are provided on the How to Apply Entry Requirements webpage. Please check with Faculty/Department of interest for length)

5. TWO academic referees: If one is your proposed supervisor, then please obtain a third reference. A referee report form should be forwarded to your nominated referees. Your referee does not have to fill in information they cannot comment on, and may attach a letter if they have additional comments for the selection committee. A standard referee report form is available from http://www.mq.edu.au/research/phd-and-research-degrees/HDR-entry-requirements/forms

Each referee should complete and return the form directly to the University no later than 11 August 2017. Due to the number of applications and reports we receive we would ask you to please check directly with your referee if you wish to confirm if these reports were sent. If time permits, we will send you an email if we have not received your referee’s reports.

PLEASE NOTE: Referee reports are checked for authenticity. Referees may be contacted to verify details. Once completed, referee reports should not be returned to the applicant. The referee is requested to email this report directly to the University at the address provided.

Applications may not be considered if all required documentation has not been received

Application instructions and the link to the application form is available at: http://www.mq.edu.au/research/phd-and-research-degrees/HDR-entry-requirements

Section 3: GENERAL SCHOLARSHIP CONDITIONS

This information provides a general overview, and should be read in conjunction with the MQ Research Training Program Guidelines. Applicants should always review the terms of their individual award offer and conditions in their letter of offer of scholarship.

All successful iRTP applicants for a PhD will receive 3 years of tuition fee and compulsory health cover support (single policy). Successful MPhil candidates receive funding for 2 years. Additionally, successful iRTP applicants will receive a stipend (living allowance), currently $26,682 pa, tax exempt (2017). Applicants for admission to PhD, who are (counter) offered entry to MRes Year 2 with a provisional 3-year PhD and who rank competitively for scholarship, may be offered a scholarship to cover their MRes Year 2.

The fully internally funded iMQRTP, offers the same stipend plus tuition fees for up to 3 years for students enrolling in 2018. Applicants who are offered an iMQRTP for PhD or MRes Y2 need to pay for their overseas health cover upfront for the duration of their visa, as required by visa regulations. Neither the iRTP nor the iMQRTP nor MRes/PhD ‘bundle’ cover relocation costs, establishment allowances or thesis allowances.

Section 4: ELIGIBILITY CRITERIA

Awards will only be available to applicants who:

• are citizens of countries other than Australian/New Zealand, and not Australian Permanent Residents.
• have already completed, or expect to complete in 2017 a research master’s degree
• are enrolling as full-time students
• will undertake a Masters of Philosophy or Doctorate in 2018.
• Scholarship holders must be resident in Australia during their award tenure, unless on approved overseas research leave.

Awards will not be available to those who:
• are receiving another equivalent or major award, scholarship or salary to undertake the proposed program
• have already completed a research Doctoral degree or its equivalent
• have already completed a higher degree in research at the same level or at a higher level than the proposed candidature
• provide false or misleading information to the University. Where there is reason to believe this condition has not been upheld, the University reserves the right to reassess the student’s entitlement to the award.

Award-holders may:
• be in receipt of minor awards, allowances or other earnings which are supplementary to an iRTP or iMQRTP, or derived from part-time work undertaken within the guidelines set by the relevant scholarship conditions
• receive stipend top-up funding from industry or other sources to a maximum equivalent to 75% of the basic Research Training Program (RTP) stipend rate
• be in receipt of additional funds for field work, equipment and other such expenses not covered by the award.

Selection Criteria
Macquarie University ranks applicants on the basis of academic merit, relevant research output and experience and/or potential and the University’s Strategic Research Framework 2015 to 2024 World - Leading Research with World - Changing Impact. You must satisfy all the criteria for admission to Macquarie University.

If you are seeking to establish eligibility for a scholarship you are encouraged to provide full documentation of your achievements to assist in the assessment of your qualifications. Other relevant research qualifications which may be considered include:

• Completion of a research master’s degree or equivalent e.g. a coursework Masters with a substantial research component (you will be asked to provide information on your thesis abstract, length, grade, examination process and the percentage of research component in the course)
• Published research (preferably in refereed publications: journals, books, book chapters etc)
• Conference presentations (preferably refereed)
• Highly relevant and substantial work-related research experience.

Section 5: ASSESSMENT OF QUALIFICATIONS GAINED OVERSEAS

In order to rank all applicants against a common standard of assessment, the University refers to the National Office of Overseas Skills Recognition (NOOSR) Country Education Profiles for the assessment of qualifications gained at overseas institutions. These guidelines provide a comparison of the overseas qualification against the Australian system of education. Please note that failure to provide adequate documentation such as full transcripts of all tertiary studies (and an official English certified translation if the original is not in English) may jeopardise your application.

You may include other documentation of your achievements as appropriate, to assist in the assessment of your application. It is recommended that you also discuss your qualifications and application with an academic staff member in your proposed area of study.

More information is available at the Australian Government’s Study in Australia web resource: http://www.studyinaustralia.gov.au/
FURTHER INFORMATION ABOUT SCHOLARSHIPS

Information about currently available HDR scholarship opportunities is published on the Higher Degree Research Office website (web address below).
