

# PARTICIPANTS NEEDED

## FOR A STUDY ON CHILDREN'S ACQUISITION OF LANGUAGE

I am a researcher affiliated to the Language Acquisition Lab at Macquarie University, and I would like to invite your child to be part of a study that investigates children's understanding of complex sentences with words like 'or', 'not', and 'every'.

## YOU ARE INVITED IF:

- Your child is 4, 5, or 6 years of age
- They speak English at home

## LOCATION AND DETAILS

The study will take place on Macquarie University's campus on Level 3 of the Hearing Hub. The experiment will take about 45 minutes.

## THANK YOU

In appreciation of your time, you will receive a \$20 gift voucher for a visit with your child.

We are adhering to a Covid safe protocol, and we regularly sanitize the lab and provide masks for you and your child. The lab (pictured to the right) is large and provides enough space for social distancing.

For further information or to sign up please email:

[zhu.xie@students.mq.edu.au](mailto:zhu.xie@students.mq.edu.au)

If you or your child is not available now but may want to join our study in the near future (for example, after one month, two months, etc), please feel free to let us know.
