

# Professor Takashige Omatsu

MACQUARIE  
University

**Seminar Title: "Recent research highlights and perspectives of the OSA (OSA traveling lecture) and the SPIE"**

Prof. Takashige Omatsu, a Fellow of the Optical Society (OSA) and the International Society for Optics and Photonics (SPIE), will be presenting his latest research highlights, along with insights into the OSA and SPIE, giving perspectives on each of these societies, and how they serve us within the research community.

**When: Monday 18 March at 3 pm**

**Where: MPR, 7 Wally's Walk 2**

**Professor**, Graduate School of Advanced Integration Science, 2007-to the present time

**Visiting Research Fellow**, University of Tokyo, 2001-to the present time

**Visiting Research Fellow**, RIKEN, 2010-to the present time

**Visiting Academic Fellow**, Macquarie University, Australia, 1997

**Visiting Academic Fellow**, Imperial College London, UK, 2000

**Visiting Professor**, Ajou University, Korea, (2014-2016)

**Visiting Professor**, Xinjiang Normal University, China, (2012)

**Dean**, Graduate School of Advanced Integration Science, Chiba University

**Director**, Molecular Chirality Research Center, Chiba University

**Director at Large**, The Optical Society, 3/2015 - Present

**Director**, The Photonics Division of the Japan Society of Applied Physics, 4/2017 -Present

**Deputy Editor**, Optics Express, Optical Society of America, 12/2013 - Present
