# Secondary Teacher Education Program Graduate Entry Student Guide

**2014-2018**

**Update 1 February 2021**

## Bachelor of Education (Secondary)

For students enrolled in the 2014-2018 versions of the BEd(Secondary), this guide is still valid in terms of studies required to meet accreditation as a Secondary teacher in NSW School.

As the University has made a number of revisions to unit numbers/availability/offerings during your candidature, **you must refer to [mystudyplan.mq.edu.au](http://mystudyplan.mq.edu.au)** for guidance on enrolment in the units to meet the requirements of your degree.

If, after reviewing your study plan, you require assistance, please lodge a query through [ask.mq.edu](mailto:ask.mq.edu) to obtain academic advice.

# HOW TO USE THIS GUIDE

The information contained in this guide is for students entering the Bachelor of Education (Secondary) in 2018:

Use this *Guide* with the current *University Handbook* to:

- be fully aware of the relevant Bachelor Degree Rules and about programs of study and units
- plan your program of study to fulfil degree requirements while meeting your own academic and professional interests and needs.

Students enrolled in the Bachelor of Education (Secondary) must choose a pattern of study that fulfils the requirements of:

- the Bachelor of Education (Secondary) degree
- and the NSW Education Standards Authority (NESA).

This *Guide* is designed to give the information that will allow students to make informed choices.

In the following sections, the term *required* is used to indicate those units which students *must complete* to satisfy the Bachelor of Education requirements. There are also units that students must take in order to satisfy prerequisites or corequisites for required units. This information can also be found in the *University Handbook*. The term *recommended* is used to identify those units which we feel provide students with a basis of knowledge and skills on which to develop as a teacher or which will enhance their prospects of employment.

It is important for all students to refer to information in both the *University Handbook* and the *Graduate Entry BEd(Secondary) Student Guide* when planning their studies.

Information in this guide is accurate at the time of publication.

## ACADEMIC ADVICE

While care is always taken in the provision of academic advice it is ultimately the student's responsibility to see that their program satisfies both the Bachelor Degree Rules and the requirements of NESA.

Students are expected to have consulted this *Student Guide* (also known as the *TEP Guide*) and the [University Handbook](#) before seeking advice.

Full information regarding about academic and program advisers is available on: <https://students.mq.edu.au/support/study/academic-advisers>.

Students in the Macquarie School of Education shall submit their requests via <https://ask.mq.edu.au/>.

## EXEMPTIONS

[Exemptions](#) may be given when students have been granted recognition of prior learning (RPL) unspecified credit and have studied one or more units similar to planned units in their program. Students must seek specific exemptions for the nominated units from the department that offers them. Information about applying for recognition of prior learning and exemptions may be found at: <http://www.mq.edu.au/study/high-school-students/getting-into-university/applying/recognition-of-prior-learning>

## APPLICATION TO UNDERTAKE MORE THAN 14 CREDIT POINTS (CREDIT OVERLOAD)

If you wish to enrol in more than 14 [credit](#) points in [session 1](#) or 2, or more than the standard number of [credit](#) points for any session, you will need to fill out the [Credit](#) Overload form.

[Application to undertake more than the standard number of credit points in a Session](#)

Please note that approval is not automatic and depends on your academic progress and reasons for the excess load.

# SECTION 1

## THE BACHELOR OF EDUCATION (SECONDARY) FOR GRADUATES

The Bachelor of Education (Secondary) is available to graduates of a recognised university holding a Bachelor degree which contains an appropriate academic major relevant to the secondary school methodologies offered at Macquarie.

This program can be completed in two years of full-time study. A part-time pattern allows completion in four years, but this can be varied. This qualification cannot be completed fully by distance.

Secondary methodology units are available in the following subject areas:

First Teaching Subjects	Second Teaching Subjects	Specialisation Only
<ul style="list-style-type: none"> <li>▪ Business Studies</li> <li>▪ Economics</li> <li>▪ English</li> <li>▪ Geography</li> <li>▪ History (Ancient)</li> <li>▪ History (Modern)</li> <li>▪ Languages</li> <li>▪ Mathematics</li> <li>▪ Science</li> </ul>	<ul style="list-style-type: none"> <li>▪ Business Studies</li> <li>▪ Economics</li> <li>▪ English</li> <li>▪ Geography</li> <li>▪ History (Ancient)</li> <li>▪ History (Modern)</li> <li>▪ Languages</li> <li>▪ Legal Studies</li> <li>▪ Mathematics</li> <li>▪ Society and Culture</li> </ul>	<ul style="list-style-type: none"> <li>▪ English as a Second Language</li> </ul>

### 1.1 ACADEMIC PREREQUISITES FOR ADMISSION

All applicants to the BEd(Secondary) must hold a recognised Bachelor degree that provides relevant discipline knowledge in a secondary school teaching area. Appropriate postgraduate studies may also be considered. The minimum prerequisites for admission in the subject/s you intend to teach are as follows:

- ***First teaching subject***

In your undergraduate degree you are required to have successfully undertaken the equivalent of three-quarters of a year (0.75 Equivalent Full Time Study Load – EFTSL) of discipline study, usually comprising sequential discipline study taken over three years. In most programs, this equates to six units, with no more than two units at first year level and no fewer than two units at third year level.

- ***Second teaching subject***

If you wish to be qualified to teach a second or subsequent secondary teaching subject (for flexibility of employment) you are required to have successfully undertaken the equivalent of a half a year (0.5 EFTSL) of discipline study, usually comprising sequential discipline study taken over two years. In most programs, this equates to four units, with no more than two units at first year level.

Some subject areas have very specific requirements which must be met. Full details regarding the NESA academic requirements for admission to graduate entry programs and relevant areas of academic subject content knowledge requirements for secondary teaching may be found in NESA Subject Content Requirements (Abridged) October 2015 (no longer available on the NESA website).

Places in the BEd(Secondary) program are limited; consequently entry is both selective and competitive. Not all applicants, even those who may meet entry requirements, will be successful. The quality of your first degree, requirements for relevant areas of academic study and the content of a personal statement are included in the full assessment of your application.

In some cases, applicants who do not have the required number of undergraduate content units may be made a conditional offer which will require them to complete specific additional units concurrently.

## SECTION 2

### PLANNING A PROGRAM OF STUDY

#### 2.1 INTRODUCTION

The Bachelor of Education (Secondary) may be studied full-time or part-time. The *Macquarie University Glossary* defines full-time and part-time as follows:

Full-time student:	A student who is enrolled in units in an academic year which comprise at least 0.75 of an Equivalent Full-Time Study Load for the course for which they are admitted
Part-time student:	A student who is enrolled in units in an academic year which comprise less than 0.75 of an Equivalent Full-Time Student Load for the course for which they are admitted.

Students may change between full-time or part-time enrolment at any time throughout their degree. You do not need to notify the University about this.

Students are advised to map out their program of study as far in advance as possible while remembering that both their interests may change and the offerings of units may alter on a yearly basis.

Maximum workload per session

The University advises that one credit point is equivalent to a minimum of three hours work per week. Therefore, a 3 credit point unit would require a minimum study time commitment of 9 hours per week.

Students who wish to complete their program in the minimum time need to complete at least 12 credit points per session, if following a standard Session 1/Session 2 pattern of study. Programs of study in excess of 14 credit points in Sessions 1 and 2 require special approval (see page 7). Enrolment in Session 3 is limited to two units (6 credit points).

#### 2.2 WHAT YOU WILL STUDY

The Bachelor of Education (Secondary) requires completion of a minimum of 72 credit points.

All general requirements to satisfy the relevant Bachelor of Education rule, as outlined in the schedule of programs of study, must be met and include:

- |   |               |
|---|---------------|
| ▪ Minimum number of credit points for the degree                    | 72            |
| ▪ Minimum number of credit points at 200 level or above             | 42            |
| ▪ Completion of a PACE unit   | TEP401/TEP402 |
| ▪ Completion of other <a href="#">specific minimum requirements</a> |               |

Students will undertake required education studies and professional units, which include curriculum and methodology and professional experience placement in schools.

##### 2.2.1 RECOGNITION OF PRIOR LEARNING

**Students accepted into the BEd(Secondary) automatically receive 24 credit points of unspecified credit. This unspecified credit will be applied to the elective component of the degree.**

In addition to these 24 credit points, students may apply for specified credit (in accordance with the *Schedule of Minimum Requirements at Macquarie University*) if your prior learning is assessed to be relevant, current and matches learning outcomes of a Macquarie unit.

Full information on all aspects of Recognition of Prior Learning may be found at <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/recognition-of-prior-learning..>

## 2.3 LITERACY AND NUMERACY TESTS FOR TEACHER EDUCATION STUDENTS

In order to be accredited as a teacher in Australian schools, Teacher Education Students are required to undertake and pass a Literacy and Numeracy Test for Initial Teacher Education Students (the test).

Teacher Education Students must meet the standard for both Literacy and Numeracy prior to commencing the professional experience unit **EDTE4010 Professional Experience in the Secondary School I**.

While students may sit the test at any time, it is strongly recommended that BEd(Secondary) students sit the test during the first year of enrolment

Test resources and information is available on iLearn at <http://ilearn.mq.edu.au/mod/page/view.php?id=3529290>.

Information about the test and how to register is available at <https://teacheredtest.acer.edu.au/>.

## 2.4 SUGGESTED PATTERNS OF STUDY

The BEd(Secondary) is a structured program with specific requirements, as outlined in Section 2.2. Your program of study for the BEd(Secondary) will vary based on whether you have one or two teaching subjects, are undertaking a specialisation in ESL or if the conditions of your offer include the study of any discipline specific content units.

### 2.4.1 BEd(SECONDARY) – ONE TEACHING SUBJECT ONLY

These are the suggested patterns of study for students undertaking a teaching subject(s) requiring enrolment in only one methodology area.

## **SECTION 3**

### **THE PROFESSIONAL UNITS**

#### **3.1 PROFESSIONAL CURRICULUM (INCLUSIVE EDUCATION) UNIT – 200 LEVEL**

##### **3.1.1 TEP248 KEY COMPETENCIES IN INCLUSIVE EDUCATION**

This introductory unit in Inclusive Education focuses on three main areas: normalisation and integration; effective teaching procedures; and models of best practice.

Competencies in classroom behaviour management and data-based instruction are addressed. Emphasis is placed on strategies which will equip teachers working in regular classes to design and implement programs of instruction for a diverse range of children with special needs. TEP248 provides a firm foundation for students interested in pursuing further studies in Inclusive Education.

#### **3.2 PROFESSIONAL CURRICULUM (METHODOLOGY) UNITS – 300 LEVEL**

##### **3.2.1 TEP387 AND TEP388 CURRICULUM AND INSTRUCTION IN THE SECONDARY SCHOOL I AND II**

Students must complete TEP387 and TEP388, Curriculum and Instruction in the Secondary School I and II. TEP387 focuses on issues related to classroom teaching and TEP388 examines a range of educational issues that determine the context in which secondary schools operate.

Graduate entry BEd(Secondary) students meet the requirements to enrol in TEP387 in S1 of their first year of enrolment.

Students enrolling in a part-time pattern are advised to enrol in TEP387/388 in their second to last year of study.

#### **3.3 PROFESSIONAL CURRICULUM (METHODOLOGY) UNITS – 400 LEVEL**

The sequence TEP387/TEP388 must be completed before enrolling in the 400 level professional curriculum units.

##### **3.3.1 FIRST TEACHING SUBJECT PROFESSIONAL CURRICULUM UNITS**

In the final year of study students enrol in one or more of the following unit sequences:

- TEP421 and TEP422 Economics and Business Studies in the Secondary School I & II
- TEP423 and TEP424 English in the Secondary School I & II
- TEP425 and TEP426 Geography in the Secondary School I & II
- TEP427 and TEP428 History in the Secondary School I & II
- TEP429 and TEP430 Mathematics in the Secondary School I & II

### 3.4 SPECIALISATION IN ESL PROFESSIONAL CURRICULUM UNIT

Macquarie University offers students the opportunity to undertake a specialisation in English as a Second Language. While this is not a NESA recognised teaching subject, it is an area that may be of interest to Secondary teachers.

Students undertaking this specialisation must have a strong and accurate knowledge of English grammar.

The major emphasis of the unit is on the language needs of the learner in the classroom. Emphasis is also placed on the various language experiences required by second language learners in all subject areas. A wide range of teaching strategies and roles are explored, ranging from facilitator of language across the curriculum to liaison person with relevant community agencies.

#### RELEVANT AREAS OF ACADEMIC STUDY FOR THE ESL SPECIALISATION

Studies in linguistics and/or English provide a foundation for undertaking this unit. ESL is available as a specialisation and is available to graduate entry BEd(Secondary) students **only with permission of the unit convenor**.

Students who obtain permission will enrol in TEP442 English as a Second Language in Schools I

### 3.4 PROFESSIONAL EXPERIENCE UNITS

Professional experience begins in the first year of full-time enrolment. Students undertaking part-time study should plan their professional experience for the final two years of study.

Graduate entry Teacher Education Students must complete a minimum of 60 days in schools. The first 20 days are completed while enrolled in the methodology units TEP387/TEP388 and the professional experience unit EDTE302. The remaining 40 days are undertaken while enrolled in the 400 level methodology units and the professional experience units TEP401 and TEP402. While in schools, the Teacher Education Student is supervised by an experienced Professional Experience (PEX) Supervising Teacher who acts as a mentor.

Macquarie's developmental model of professional experience requires Teacher Education Students to attend schools in both single day and specified 'block' periods. This model enables Teacher Education Students to observe pupils' growth in learning, gain a more comprehensive view of the curriculum in practice and to participate in the life of the school. It also allows sufficient time for students to reflect on what they see and do, and to relate practice to theory, and theory to practice.

**Note:** Block periods of professional experience are usually scheduled during University breaks but some block periods may overlap University teaching weeks. These patterns differ from year to year, based on NSW school holidays. Students must ensure they are available for professional experience during these block periods.

When planning a program, students should arrange to have one full day each week free from other formal commitments at the University. This day may be a different day of the week in each half-year. In addition, before committing themselves to other activities in the mid-year break, students must take into account the required timing of the block teaching dates.

Professional experience requirements are fully outlined at <https://www.mq.edu.au/faculty-of-arts/departments-and-schools/macquarie-school-of-education/professional-experience>.
