YOU TO THE POWER OF US

The exponential power of our collective

At Macquarie, we have discovered the human equation for success. By knocking down the walls between departments, and uniting the powerhouses of research and industry, human collaboration can flourish. This is the exponential power of our collective, where potential is multiplied by a campus and curriculum designed to foster collaboration for the benefit of everyone. Because we believe when we all work together, we multiply our ability to achieve remarkable things.

That's **YOU** to the power of *us*.

Ranked top 130 in the world

Times Higher Education and QS World University Rankings, 2024

More than 45,000 connected students

from 114 countries

7 subjects ranked in the top 100

overseas, contributing to the
nation's rich cultural diversity
– Australian Bureau of Statistics, 2020

WORLD-CLASS EDUCATION

Australia is an international leader for excellence in education. Higher education in Australia is based on a network of world-leading education providers and is underpinned by an enviable system of quality control and government accreditation. Macquarie University joins Australia's globally ranked universities in the top 150 in the world (QS World University Rankings, 2024).

EMPLOYABILITY-FOCUSED DEGREES

Many courses in Australia are structured to help you make the successful transition to your dream career. The internships and industry work experience, which are embedded in your course, ensure you are ready for work and well equipped with the up-to-date, practical skills employers demand. Macquarie's PACE (Professional and Community Engagement) program connects you to more than 40,000 work placements or community experiences with our industry partners.

SAFE AND MULTICULTURAL ENVIRONMENT

Australia is a multicultural nation with an advanced and stable economy, and among the safest countries in the world. In all major cities, you will enjoy a high standard of living, quality healthcare and excellent public transport and infrastructure. Thirty per cent of the Australian population was born overseas, contributing to the nation's rich cultural diversity. Sydney, where Macquarie University Wallumattagal Campus is located, is consistently ranked among the best cities for students, offering international students an enjoyable experience and a multicultural lifestyle.

REWARDING AND SUPPORTED STUDENT EXPERIENCE

Many universities, including Macquarie, have dedicated, qualified international student, academic and career counsellors to help you make the most of your time here. Your life on campus will be enriched with many extracurricular activities, while

your adventures off campus will take you to many world-famous tourist destinations in Sydney, such as the Sydney Opera House, Bondi Beach and the Blue Mountains.

EMPLOYMENT OPPORTUNITIES FOR INTERNATIONAL STUDENTS

Australia is a great place to work as an international student, with opportunities for you to work part-time while studying – subject to your visa conditions. If you are interested in staying in Australia to work after you graduate, you may be eligible for the Post-Study Work stream of the Temporary Graduate Visa* – subject to meeting the requirements of the Australian Department of Home Affairs.

Study in Sydney

If you are looking for a safe and friendly destination that offers a dynamic, multicultural experience while you study, look no further than Sydney.

THE BUSINESS CAPITAL OF AUSTRALIA

Sydney is home to more global firms than any other Australian city. A gateway to Asian economies, the city is also home to regional headquarters for more than 500 multinational companies. It employs almost one-third* of the Australian workforce, giving you many economic and professional opportunities to kickstart your career.

*Australian Department of Education, Skills and Employment

DYNAMIC AND VIBRANT STUDENT CITY

Sydney is one of the most popular cities in the world for international students. Visit free art galleries, watch a movie at the local cinema, set off on a hike or go surfing at the beach – you will never run out of things to do in this dynamic and cosmopolitan destination.

CONVENIENT PUBLIC TRANSPORT

Sydney's transport system is safe, clean and reliable. With buses, trains, ferries and light rail, there are plenty of options to get around the city. Macquarie University Wallumattagal Campus (our main campus) is located just 15 kilometres from Sydney's city centre and is well connected with an on-campus train station and many bus routes.

MACQUARIE BUSINESS AND TECHNOLOGY PARK

Macquarie Park, one of the fastest-growing business regions in Sydney, is the home of our Wallumattagal Campus. This thriving hub of innovation and discovery brings together academics, students and industry professionals from more than 300 international organisations and corporations. With the major Macquarie Centre shopping complex and a wide variety of restaurants, cafés and retail stores nearby, you will enjoy a relaxing and convenient lifestyle with everything that you need at your doorstep.

Collaboration with impact

The world's challenges are complex and interrelated. The solutions require thinking that is not constrained by traditional academic boundaries. With a collegial and cross-disciplinary approach at the heart of our ethos, Macquarie is recognised globally for our pre-eminence in research in a broad range of areas.

REAL-WORLD RESEARCH IMPACT

In applying our research, our discoveries translate into real improvements for local, national and global communities. One such discovery is wi-fi, which our researchers co-developed with CSIRO (Commonwealth Scientific and Industrial Research Organisation), and which has transformed the way the world accesses the internet.

Other innovations – such as shark-deterrent surfboards, archaeology at the cutting edge of technology, hearing treatments that unlock a world of possibilities and synthetic yeast that could feed billions – demonstrate our collective intelligence and potential to solve real-world problems.

OUTSTANDING ON THE WORLD STAGE

We are rated among the highest-performing research universities in Australia. In the 2018 Excellence in Research for Australia (ERA) evaluation, we achieved the highest rating of five – outstanding performance well above world standard – in agricultural and veterinary sciences, and physical sciences. In total, 100 per cent of our research activity is rated at world standard or above.

FUTURE-FOCUSED RESEARCH AGENDA

Our five future-shaping research priorities – Healthy People, Resilient Societies, Prosperous Economies, Secure Planet and Innovative Technologies – provide a focal point for cross-disciplinary research that draws on the deep disciplinary strengths Macquarie is known for and aligns with the national research agenda and global challenges of significance.

A campus built for you

Our 126-hectare campus is home to more than 45,000 students and 3000 staff. We have invested more than \$1 billion in our world-leading facilities and infrastructure, so you can thrive in an environment that is inspiring and switched on to the latest digital technologies.

CENTRAL COURTYARD

The new Central Courtyard is the heart of the campus. Designed by award-winning design studio Architectus, the new buildings serve a variety of functions and deliver modernised social and educational infrastructure.

LIBRARY

Our state-of-the-art library features millions of academic resources; group and quiet study areas; computers, printers and copiers; presentation practice pods; a café; and Australian-first high-tech robotic cranes that deliver books in minutes.

MACQUARIE UNIVERSITY HOSPITAL

Australia's first not-for-profit teaching hospital on a university campus. The hospital is part of MQ Health, a fully integrated academic health sciences centre fostering excellence in academic research and industry practice.

ARTS PRECINCT

The Arts Precinct provides a transformative learning and research environment for the Faculty of Arts, giving students and researchers enhanced learning facilities and an immersive environment for languages and culture.

MACQUARIE UNIVERSITY INCUBATOR

The incubator is a dynamic space where researchers, students, staff and industry partners collaborate to foster innovation and entrepreneurship.

TRAIN STATION

Macquarie can be easily accessed by public transport. We have our very own Sydney Metro train station on the corner of Herring Road and University Avenue, which is a two-minute walk to campus.

A campus connected to industry

WALLUMATTAGAL CAMPUS

Uniquely located in the heart of Connect Macquarie Park Innovation District – Australia’s largest high-tech precinct – our main campus enables you to connect with future employers in some of the country’s leading organisations while studying. Our industry partners also co-design our degrees to ensure that you will graduate in demand with the most relevant skill set for the workforce of tomorrow.

Future success secured for (YOU)

It is our mission at Macquarie to prepare you for the future – whatever it may look like for you. Experts predict that about 50 per cent of jobs, as we know them today, will not exist in a decade. That’s why it is vital you have a skill set when you graduate that allows you to reinvent yourself in any industry. So we will encourage and support you to develop your practical know-how alongside your technical skills, grab opportunities to experience new things here in Australia and across the globe, get as much hands-on experience as you can, and network with our industry and community partners.

A career that is rewarding and makes a measurable difference in the world is the dream of many. To help you succeed, we have established a set of career accelerator initiatives through which we will educate, enable and empower you to launch your career in whatever field ignites your passion.

DEGREES WITH INTERNSHIPS

Our unique PACE (Professional and Community Engagement) program – the only one of its kind in Australia – gives you practical experience that’s fully integrated into your course, engaging you in real-world learning activities with organisations across Australia and around the globe. The possibilities are endless – you could intern at an international corporation, join a startup as one of its first employees or work with local councils to develop community engagement strategies. Our PACE industry partners include international leading organisations such as Cochlear, Engineers Without Borders Australia and Konica Minolta.

As a PACE student, you will have the opportunity to learn from sector-leading professionals, gaining insights from experienced practitioners in various fields. It gives you the chance to road-test

your career plans, allows you to apply your classroom skills in a professional environment, and helps you develop confidence for a successful transition to the workplace. All of this provides you with an all-important head start in your career.

DEGREES CO-DESIGNED BY INDUSTRY

The world is changing at a rapid pace. The employability skills that were in demand two years ago may not be so well regarded or even necessary in five or 10 years. So that our degrees equip you with the skills of the future, we design many of them in consultation with industry. This means we can respond to the needs of industry in real time, and you will develop the most relevant skills.

CAREER AND EMPLOYMENT SERVICE

Our on-campus dedicated Career and Employment Service team assists you in planning for your career, searching and applying for jobs, preparing your résumé and connecting you with industry professionals and recruiters. At any time during your study, you can attend free seminars, get your résumé reviewed, access online resources or book a one-on-one appointment with a careers consultant.

97%

of graduates found employment within 12 months of graduating – QS Graduate Employability Rankings, 2020

4000

partner organisations across Australia and the world, providing access to industry contacts that help develop valuable employability skills

40,000

work placements or community experiences embedded in our courses

Build your global leadership skills

Having an edge over your peers when you graduate cannot be underestimated. Undertaking our Global Leadership Program – a free, self-paced co-curricular program designed to help you become a multifaceted global citizen – will assist you in gaining that competitive edge.

The program helps break down the 'no experience' barrier by filling the employability gap between what you learn in your degree and how you apply it in your first job. Supported by resources and guidance that will help develop your personal and professional capabilities, you will build a portfolio of experiences and self-management tools, as well as impressive talking points you can use in any job interview.

You will have the freedom to build a program that suits your interests, professional goals, class timetable and other commitments. You can choose to attend expert-led workshops where you will be exposed to new perspectives and ideas through interactive discussions with other program participants.

Or you can undertake flexible and self-directed practical activities – such as internships, volunteering, conferences, hackathons, exchanges, study tours, community courses and more. Whatever you choose, you will be part of an active and engaged community, and have opportunities to connect with like-minded peers outside of your study discipline.

You will gain valuable knowledge and experience, cross-cultural communication skills, leadership abilities, and a practical understanding of innovation and entrepreneurship. This experience is recognised through a certificate of completion, digital badge for LinkedIn and transcript reference ensuring you are able to position yourself ahead of the pack in your future endeavours.

COLLOQUIUM SERIES

Workshops that equip you with the knowledge, skills and networks to influence positive social change in Australia and across the globe

EXPERIENTIAL CREDIT

Academic or co-curricular activities with a cross-cultural, international, innovation or leadership focus

SPEAKER SERIES

Keynote addresses delivered by innovative leaders, diplomats or non-government organisations followed by Q&A and networking opportunities

LOCAL AND REGIONAL SYMPOSIA

Briefings with leaders, diplomats and academics along with community group engagement locally and further afield

Take your studies around the globe

The best way to truly immerse yourself in global issues is to experience them first hand. Our Student Exchange program is one of the best.

TREK THE GLOBE

With 190 university partners in more than 40 countries, we make it easy for you to internationalise your studies. We also support your globe-trekking ambitions by providing access to support funds and resources, as well as to program coordinators who will help you with every step of your overseas journey.

ENRICH YOUR PERSPECTIVE

Our program also allows you to gain academic credit along with desirable job-ready skills before you graduate – employers look favourably on overseas experiences. Depending on where you go, you may study in the language of your chosen country or take classes taught in English. And you can choose to study for just a couple of weeks (short-term program) or for one session.

190

exchange partners
in more than
40 countries

We are here for you

We know that adjusting to university life can be challenging. To help, Macquarie offers a range of free resources and support programs that you can access throughout your course.

SERVICE CONNECT

Service Connect is your first point of contact for enquiries about your life at Macquarie. We can assist as you navigate Macquarie's processes and services, helping point you in the right direction and making sure you have the resources you need.

LEARNING CONNECT

Learning Connect is the place to go for expert advice on your career or writing/study needs. Delivered by Employability & Graduate Success and The Writing Centre, we can help you with job searching, résumé writing, interview preparation and preparing for your PACE placement, as well as develop your academic writing, communication, English language and study skills.

INTERNATIONAL STUDENT SUPPORT

With dedicated international student advisers, we can provide you with personalised advice and support programs about all aspects of university life, your student visa, your wellbeing and your academic performance. Macquarie is also the first university in New South Wales to offer you free access to My Legal Mate, an innovative and multilingual legal information app.

STUDENT WELLBEING

We offer a suite of health and wellbeing services – counselling, disability, welfare, advocacy, medical and religious support – that you can take advantage of any time during your course.

mq.edu.au/wellbeing

ACADEMIC SUPPORT

We offer individual consultations, free workshops and online resources to help you with academic writing, English language skills, exam strategies, online learning technology and more.

MACQUARIE STUDENT EMPLOYMENT

Macquarie Student Employment service helps you gain access to paid employment opportunities on and off campus. Paid employment while studying helps you enhance your employability and develop a range of skills while easing the cost of university study.

A community to inspire you

University is about much more than graduating with a degree. It is also about awakening your adventurous side and trying new things, creating networks on campus and around the globe and, most importantly, making friendships that can last a lifetime.

CELEBRATE DIVERSITY

Macquarie is an inclusive and diverse campus with students from more than 114 countries. We offer specific support services to students from culturally and linguistically diverse backgrounds, students with disability and LGBTIQ+ students.

mq.edu.au/diversity-and-inclusion

SPORT AND AQUATIC CENTRE

The Macquarie University Sport and Aquatic Centre is a multipurpose fitness venue with a state-of-the-art health club, heated 50-metre and 25-metre indoor swimming pools, football and soccer fields, basketball and squash courts, and more.

GET THE INSIDE SCOOP

The Macquarie University Peer Mentor Program is one of Australia's longest-running peer-support programs. Mentors are current students who can help you find your way around the campus, and give you tips about how to make friends and settle into the Macquarie community. You can select your mentor once you enrol.

mq.edu.au/mentors

STUDENT CLUBS AND SOCIETIES

With more than 130 student groups and sport clubs, Macquarie offers ample opportunities to meet new people, experience other cultures, test ideas and develop personal skills. Created and run by students, student groups help you grow your interests or explore a new hobby.

EVENTS ON CAMPUS

You will always find something of interest at Macquarie, whether it is movie screenings, cultural festivals, theatre performances or art exhibitions.

COMMUNITY OUTREACH

At Macquarie, we actively encourage volunteering as a means of engaging the broader community. Embracing volunteering not only enhances your personal growth but also enriches your overall university experience. With numerous opportunities available, Macquarie University provides a wide array of ways to get involved in meaningful and impactful volunteering activities.

A place you can call home

Macquarie University is a campus you can call home. Uni life includes more than study. It is an experience in itself. There is no better way to get the most out of your time at Macquarie than living in our on-campus premium accommodation.

NEW ON-CAMPUS STUDENT RESIDENCE

Opened in early 2021, our new student accommodation is all the buzz around campus. Designed as part of the Central Courtyard precinct, our premium accommodation offers 342 rooms with the option of studio, twin-, four- or six-bedroom apartments.

The University-owned and managed accommodation was created to set you up for success at Macquarie and beyond. Our secure, inclusive and healthy environment brings you the best of all worlds. Enjoy a busy social calendar, make friends from across the world and excel at university with our unparalleled on-site support. Adjacent to campus, Macquarie Centre is Sydney's largest suburban shopping mall with more than 350 stores and services.

OTHER ACCOMMODATION OPTIONS

DUNMORE LANG COLLEGE

An all-inclusive college with a strong focus on artistic, recreational and educational pursuits. Full-board options, gym membership and tutoring are included.

MORLING RESIDENTIAL COLLEGE

The 100-bed facility, situated next to campus, offers a wide range of affordable accommodation options, from catered to independent living.

MACQUARIE UNIVERSITY VILLAGE

Combines independent, apartment-style living with a busy social events calendar and a 24-hour support network. Enjoy living just minutes from class.

ROBERT MENZIES COLLEGE

The college offers both self-catered and fully catered accommodation in private, fully furnished study bedrooms with shared bathrooms or private ensuites.

PRIVATE ACCOMMODATION

Private off-campus accommodation is offered exclusively to Macquarie students and vetted by Macquarie Accommodation.

UNDER-18 ACCOMMODATION

HOMESTAY

Homestay – living with a family – provides you with your own bedroom, meals and a quiet place to study. Clothes washing and other services may be provided.

WHY CHOOSE US?

- Join a diverse and welcoming university community.
- Feel safe in a secure building with a 24/7 on-site service team.
- Enjoy exceptional facilities such as games rooms, communal kitchens, study spaces and fast internet access.
- Meet other students through a fun, vibrant and diverse Residential Life Program.
- Access on-site residential advisers, peer mentors, tutoring options and support workshops.
- Seamlessly transition to an independent lifestyle with our support.

Courses made for you

Our unique approach to learning is inspired by a world of ever-increasing change. Imagine being empowered with greater choice, flexibility and diversity to meet this change. Well, that's exactly what we embody in our innovative curriculum.

More flexible and better aligned to your needs, our curriculum will deliver you a richer experience that will enable you to gain broader or more specialised knowledge in the areas that interest you, and empower you to pursue the careers of tomorrow.

Australia's largest range of one-year master degrees

It is our mission at Macquarie to prepare our students for the future – whatever it is going to look like. With experts predicting that by 2030, around 85 per cent of jobs that will exist have not been invented yet, it is vital that when you graduate from Macquarie, you have a skill set that allows you to reinvent yourself in any industry.

To prepare you for the future, we have created a course structure that allows you to graduate sooner and complete a master degree in as little as one year.

Depending on your prior qualifications, work experience or other recognised prior learning, you may be eligible for a one-year admission point. The one-year admission point only requires you to complete the core zone units, covering the specific disciplinary or professional requirements of the course.

See page 101 for more information about our one-year master degrees.

Double your expertise with our double degrees

Macquarie has always considered our students to be co-creators in their learning. One of the most exciting features of our curriculum is the ability for you to study two degrees at once.

Interested in studying business administration and arts? How about finance and IT or media and communications with marketing? Or maybe you are interested in a less traditional combination – how about science and commerce? We have put together a list of pre-approved preferred double degree combinations for you to choose from.

See page 100 for more information about our double degrees.*

*Some double degree exclusions apply.

Note: Each of the listed double degrees on page 100 is registered on CRICOS with the full name 'Bachelor/Master of Combined Studies in (chosen combination of areas of study)'.

Arts and social sciences

ARTS AND SOCIAL SCIENCES

BACHELOR OF Ancient History

CRICOS CODE 079891G **80**
DURATION 3 years
INTAKES February, July
FEES A\$37,900 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Discover and study ancient artefacts, including papyri, inscriptions, ceramics and coins, through the resources of our museum's ancient cultures collection.
- The only degree in Australia offering a full study of Egyptology, Greece, Rome, Late Antiquity and Byzantium.

Overview

The longest-running and broadest degree of its kind in Australia – immerse yourself in the culture and languages of the ancient Mediterranean and Near Eastern worlds, both on campus and at archaeological dig sites overseas.

Career opportunities

Ancient history academic, archivist, collections officer, cultural heritage specialist, cultural project officer, gallery or museum curator, government adviser, historian, journalist, museum education officer, policy officer.

BACHELOR OF Archaeology

CRICOS CODE 083740K **80**
DURATION 3 years
INTAKES February, July
FEES A\$37,900 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Practice your skills in Macquarie's own on-campus archaeological dig pit, and be introduced to museum practice and studies.
- Intern as part of a cultural heritage or public history project – on campus, with a local partner or on an excavation overseas.

Overview

Explore theories and trends that have shaped the history of archaeology, and undertake study in laboratories and out in the field. Develop key research skills to identify and solve complex archaeological problems, and attain awareness and respect for contemporary cultural perspectives and cultural heritage practices.

Career opportunities

Archaeologist, conservator, cultural heritage specialist, information or records manager, museum curator, museum education officer, researcher, tour leader.

BACHELOR OF Arts

CRICOS CODE 001357G **70 D**
DURATION 3 years
INTAKES February, July
FEES A\$37,900 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Develop your skills in critical analysis, problem-solving, digital communication, media literacy and teamwork.
- Tailor what you study by combining Macquarie majors. Choose one or two from more than 20 majors, or from a wide range of units.

EMPLOYABILITY AWARD WINNER AFR HIGHER ED AWARDS, 2020

Overview

Reimagined by our world-leading academics in consultation with industry and the public sector, this degree focuses on transferable and technical skills needed for success in today's and tomorrow's workplaces. Arts graduates are highly sought after by employers because arts degrees ensure you develop high-level skills in a range of areas, such as problem-solving, research, creative thinking and communication – skills essential for success in the 21st-century workplace. Macquarie's arts, humanities and social sciences degrees – developed in consultation with industry partners – allow you to turn your passion into a career by exploring your interests in depth and by honing your skills and knowledge through internships, international exchanges, practical application and expert teaching.

Our on-campus history museum combines our Australian history and ancient culture collections in one museum. With more than 18,000 objects, our museum traces the journey of humankind over more than 5000 years on five continents.

Our award-winning, purpose-built arts precinct – opened in 2021 - features specialised spaces that enable us to blend theory and practice and implement our signature learning and teaching methodologies, including team and object-based learning.

BACHELOR OF International Studies

CRICOS CODE 054336G **80**

- Design learning experiences that reflect evidence-based best practice, and develop strategies for creating rapport with students.

Overview

In the Bachelor of Arts component of this double degree, you will undertake an academic major from a wide range of areas. The Bachelor of Education (Primary) component will provide you with the equivalent of two years of full-time professional study. You will be taught by academics who are actively researching the latest approaches to teaching and learning – Macquarie is a leader in educational research with a particular focus on information and communication technology, mathematics and science teaching, English, educational psychology and inclusive education.

Career opportunities

Primary teacher, education adviser, education officer, education policy adviser, educational researcher.

Accreditation

This degree is accredited by the NSW Education Standards Authority (NESA), and is recognised nationally and internationally by education providers.

MAJORS Ancient History; Anthropology; Applied Ethics; Chinese Studies; Creative Writing; Criminology; Croatian Studies; Early Childhood Teaching; Education; English; French and Francophone Studies; Gender Studies; Geography; German Studies; Indigenous Studies; International Relations; Italian Studies; Japanese Studies; Mathematics; Media, Culture and Communications; Modern Greek Studies; Modern History; Music Studies; Performing Arts and Entertainment Industries; Philosophy; Politics; Psychological Science; Russian Studies; Social Justice; Sociology; Spanish and Latin American Studies.

BACHELOR OF Arts AND BACHELOR OF Education (Secondary)

CRICOS CODE
099535F

75

DURATION 4 years
INTAKES February
FEES A\$37,100 per year
ENGLISH IELTS 7.5 (L8, R7, S8, W7)

Key features

- Gain the qualifications to teach English, geography, history, languages or mathematics.
- Engage in early childhood, primary and secondary settings in year one, and local or regional professional placements in year two.
- Enhance your learning via our links with hub and partner schools, which facilitate ongoing engagement with teachers and classrooms.

Overview

In the Bachelor of Arts component of this double degree, you will choose an academic major in the discipline of your first teaching subject. You may also choose to undertake a second teaching subject. The Bachelor of Education (Secondary) component will provide you with the equivalent of two years full-time professional study. You will be taught by academics who are researching the latest approaches to teaching and learning. Macquarie is a leader in educational research, particularly in the areas of mathematics, science, English and history teaching.

Career opportunities

Secondary teacher, education adviser, education officer, education policy adviser, educational researcher.

Accreditation

This degree is accredited by the NSW Education Standards Authority (NESA), and is recognised nationally and internationally by education providers.

MAJORS Ancient History; Chinese Studies; Croatian Studies; English; French and Francophone Studies; Geography; German Studies; Italian Studies; Japanese Studies; Mathematics; Modern Greek Studies; Modern History; Russian Studies; Spanish and Latin American Studies.

BACHELOR OF Commerce AND BACHELOR OF Education (Secondary)

CRICOS CODE
0101343

80

DURATION 4 years
INTAKES February
FEES A\$39,800 per year
ENGLISH IELTS 7.5 (L8, R7, S8, W7)

Key features

- Engage in early childhood, primary and secondary settings in year one, and local or regional professional placements in year two.
- Design learning experiences that reflect evidence-based best practice, and learn how to embed technology into the curriculum.
- Enhance your learning via our links with hub and partner schools, which facilitate ongoing engagement with teachers and classrooms.

Overview

In the Bachelor of Commerce component of this double degree, you will choose a major in the discipline of your first teaching subject. This will allow you to gain a comprehensive understanding of major business functions, as well as the qualifications to teach economics or business studies and commerce to secondary students. The Bachelor of Education (Secondary) component provides you with the equivalent of two years full-time professional study.

Career opportunities

Secondary teacher, education adviser, education officer, education policy adviser, educational researcher.

Accreditation

This degree is accredited by the NSW Education Standards Authority (NESA), and is recognised nationally and internationally by education providers.

MAJORS Accounting; Economics; Finance; Human Resource Management; International Business.

BACHELOR OF Education (Primary) AND BACHELOR OF Psychology

CRICOS CODE
0101344

80

DURATION 4 years
INTAKES February
FEES A\$38,500 per year
ENGLISH IELTS 7.5 (L8, R7, S8, W7)

Key features

- Design learning experiences that reflect evidence-based best practice, and learn how to embed technology into the curriculum.
- Gain relevant workplace experience through an internship in a professional or community setting that's relevant to psychology in your third year.
- Undertake professional experience in education settings, and make connections between theory and real-world practice.

Overview

The Bachelor of Education (Primary) component of this degree will provide you with the equivalent of two years full-time professional study in teacher education, preparing you to teach K-6 in government and private schools. The Bachelor of Psychology component will develop your understanding of the psychological processes that underlie behaviour, preparing you to work in psychology-related areas.

Career opportunities

Primary teacher, education adviser, education officer, education policy adviser, educational researcher, psychology professional (not under psychologist title).

Accreditation

This degree is accredited by the NSW Education Standards Authority (NESA), and is recognised nationally and internationally by education providers.

BACHELOR OF Science AND BACHELOR OF Education (Secondary)

CRICOS CODE
099536E

75

DURATION 4 years
INTAKES February
FEES A\$39,100 per year
ENGLISH IELTS 7.5 (L8, R7, S8, W7)

Key features

- Gain the qualifications to teach biology, chemistry, earth and environmental sciences, mathematics or physics.
- Engage in early childhood, primary and secondary settings in year one, and local or regional professional placements in year two.
- Attend dedicated workshops in your final year to support your transition from university to the teaching profession.

Overview

In the Bachelor of Science component of this degree, you will combine a major in the discipline of your first teaching subject with a second science teaching subject. The Bachelor of Education (Secondary) component provides you with the equivalent of two years full-time professional study. You will be taught by academics who are researching the latest approaches to teaching, learning and science. Macquarie is a leader in educational research, particularly in the areas of information and communication technology, and mathematics and science.

Career opportunities

Secondary teacher, education officer within a range of public and private institutions.

Accreditation

This degree is accredited by the NSW Education Standards Authority (NESA), and is recognised nationally and internationally by education providers.

MAJORS Astronomy and Astrophysics; Biology; Chemistry; Earth and Environmental Sciences; Human Biology; Mathematics; Physics.

BACHELOR OF Teaching (Early Childhood Education)

CRICOS CODE
083745E

75

DURATION 4 years
INTAKES February
FEES A\$36,900 per year
ENGLISH IELTS 7.5 (L8, R7, S8, W7)

Key features

- Undertake professional experience in early childhood settings, and make connections between theory and real-world practice.
- Study at Australia's foremost university for early childhood education research (Survey of research achievement, *The Australian, 2020*).
- Access training through Macquarie's on-campus Mia Mia Child and Family Study Centre.

Overview

Become qualified to teach children aged from birth to five years in prior-to-school settings such as childcare centres or preschools. It also prepares you for other roles in children's services.

Career opportunities

Early childhood teacher in government agencies, non-government organisations, private and community-owned early childhood settings.

Accreditation

Australian Children's Education and Care Quality Authority.

MASTER OF Early Childhood

CRICOS CODE
083783K

DURATION 1.5 years
INTAKES February, July
FEES A\$35,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Undertake a research unit that will allow you to apply your classroom learning in a rigorous and scholarly way.
- Study at Australia's foremost university for early childhood education research (Survey of research achievement, *The Australian, 2020*).
- Visit, observe and learn within Macquarie's world-renowned Mia Mia Child and Family Study Centre.

Overview

Enhance your professional and theoretical knowledge of factors that impact a child's emotional, social and intellectual development. You will learn about current research and new developments in infant and toddler curriculum and pedagogy, child development, play, creative arts, language and literacy, STEM, and management and leadership in early childhood contexts. And you will engage critically in theoretical and policy debates relevant to those working with young children and their families.

Admission requirements

Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities

Administrator in early childhood contexts, early childhood education researcher, early childhood education specialist/professional/consultant/adviser/leader.

Master of Education

CRICOS CODE
083785G

DURATION 1.5 years
INTAKES February, July
FEES A\$35,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Integrate research and scholarship from a wide range of education and multidisciplinary sources.
- Take the lead in developing, implementing and evaluating programs that leverage teacher, student and community resources.
- Enhance your professional knowledge so that you can support and mentor colleagues, and engage with stakeholders including parents.

Overview

This degree can assist you in shaping school-wide programs, and leading policy and practice reforms that enhance teaching and learning in diverse educational settings. It can enable you to expand the critical-thinking capabilities you will need when responding to changing educational environments. You will also learn how to develop, implement and evaluate innovative evidence-based solutions.

Admission requirements

Australian bachelor qualification or recognised equivalent in a related field.

Career opportunities

Education leadership roles; education administrator; researcher; specialist/consultant/adviser in language and literacy, policy analysis, special education and inclusion, STEM education design, teaching and learning technologies.

MASTER OF Teaching (Birth to Five Years)

CRICOS CODE
058390B

DURATION 2 years
INTAKES February
FEES A\$35,800 per year
ENGLISH IELTS 7.5 (L8, R7, S8, W7)

Key features

- Enhance your professional knowledge so that you can support and mentor colleagues, and engage with stakeholders including parents.
- Learn from academics who are active early childhood researchers leading projects at regional, national and international levels.
- Visit, observe and learn within the world-renowned Mia Mia Child and Family Study Centre.

Overview

Attain the specialist knowledge and skills you need to work in prior-to-school settings, such as preschools and childcare centres. Accredited by the Australian Children's Education and Care Quality Authority (ACECQA), this degree enables you to obtain a professional qualification as a teacher of young children.

Admission requirements

Australian bachelor qualification or recognised equivalent with a WAM of 55.

Career opportunities

Birth-to-five years educator in government agencies, non-government organisations, private and community-owned early childhood settings.

Accreditation

The ACECQA has approved this degree as an Early Childhood Teacher qualification.

MASTER OF Teaching (Primary)

CRICOS CODE
099189G

DURATION 2 years
INTAKES February, July
FEES A\$35,800 per year
ENGLISH IELTS 7.5 (L8, R7, S8, W7)

Key features

- Undertake a tech-backed degree that's focused on diversity, inclusive education, and critical and creative thinking in education.
- Receive individual guidance from our academic staff who are leaders in educational research and classroom practice.
- Undertake professional experience placements with our broad network of partner schools.

Overview

If you hold a recognised bachelor degree, this degree will support you to become a reflexive, resilient and research-engaged teacher in primary schools. With a focus on evidence-based learning and teaching that has a positive impact on student learning and wellbeing, this degree will support you to become responsive and ready to learn. And it will enable you to gain the knowledge, skills and qualifications required to teach in primary schools or work in associated fields, such as curriculum planning, educational research and policy development.

Admission requirements

Australian bachelor qualification that meets subject content knowledge requirements or recognised equivalent.

Career opportunities

Education officer within a range of public and private organisations, educational policy planner, educational researcher, primary teacher.

Accreditation

This degree is accredited by the NSW Education Standards Authority (NESA).

MASTER OF Teaching (Secondary)

CRICOS CODE
099190D

DURATION 2 years
INTAKES February, July
FEES A\$35,800 per year
ENGLISH IELTS 7.5 (L8, R7, S8, W7)

Key features

- Undertake a tech-backed degree that's focused on diversity, inclusive education, and critical and creative thinking in education.
- Undertake a degree that's characterised by a passionate commitment to education.
- Receive individual guidance from our academic staff who are leaders in educational research and classroom practice.

Overview

If you hold a recognised bachelor degree, this degree will support you to become a reflexive, resilient and research-engaged teacher in secondary schools. With a focus on evidence-based learning and teaching that has a positive impact on student learning and wellbeing, this degree will support you to become responsive and ready to learn, and will enable you to gain the knowledge, skills and qualifications required to teach in secondary schools or to work in associated fields such as curriculum planning, educational research and policy development.

Admission requirements

Australian bachelor qualification that meets subject content knowledge requirements or recognised equivalent.

Career opportunities

Education officer within a range of public and private organisations, educational policy planner, educational researcher, secondary teacher.

Accreditation

This degree is accredited by the NSW Education Standards Authority (NESA).

Engineering

Our engineering programs uniquely combine a solid foundation in theoretical knowledge with modern, practical skills acquisition and industry experience. You can specialise in civil, electrical and electronics, mechanical, mechatronic or software engineering. You will have access to our cutting-edge facilities at our engineering precinct, which include collaborative learning spaces, a dedicated full-pitch FIRST® robotics field and our state-of-the-art wind tunnel.

BACHELOR OF Engineering (Honours)

CRICOS CODE
087876F

30

DURATION 4 years
INTAKES February, July
FEES A\$43,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Collaborate on projects with your fellow students via our project-based professional development spine unit.
- Access our cutting-edge engineering precinct facilities, including a dedicated full-pitch robotics field and state-of-the-art wind tunnel.
- Get experience with our public and private sector partner organisations, including BAE Systems, Cochlear, Honeywell and Optus.

Overview

With a strong focus on practical learning, this degree offers you the choice of five specialisations. You will learn how to identify complex problems and determine how to formulate innovative solutions to today's complex problems. And you will be equipped with the skills you will need to mix it with history's greatest engineers.

Career opportunities

CAD technician, civil engineer, computer hardware engineer, consultant, electrical engineer, electronic engineer, environmental and sustainability designer, environmental engineer, geotechnical engineer, mechanical engineer, mechatronic engineer, medical and technology device engineer, project manager, research and development manager, software engineer, web producer.

Accreditation

Mechanical Engineering and Mechatronic Engineering: fully accredited with Engineers Australia; Software Engineering: fully accredited with Engineers Australia and professionally accredited by the Australian Computer Society; Civil Engineering, and Electrical and Electronic Engineering: provisionally accredited with Engineers Australia.

SPECIALISATIONS Civil Engineering; Electrical and Electronic Engineering; Mechanical Engineering; Mechatronic Engineering; Software Engineering.

MASTER OF Engineering in Electronics Engineering

CRICOS CODE
099163G

DURATION 2 years
INTAKES February, July
FEES A\$43,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Understand the process of designing a system, or components of a system, to meet desired needs within realistic constraints.
- Develop comprehensive, theory-based knowledge, and learn how to apply that knowledge to contemporary R&D problems in electronics.
- Design, implement, test and consider the maintenance of an electronic circuit or system often found in industrial R&D settings.

Overview

Consolidate, build on, and enhance the theoretical and practical grounding you gained in your undergraduate studies, and prepare for a career as an electronics engineer. You will refine your technical and practical skills, and gain in-depth knowledge in analogue and digital electronics.

Admission requirements

Australian bachelor engineering technologists qualification in a related field or recognised equivalent.

Career opportunities

Automotive electrical engineer, electronics engineer, electronics designer, electronics manufacturer, electronics repairer, information technology manager, precision manufacturer, telecommunications engineer.

Accreditation

This degree is provisionally accredited with Engineers Australia.

MASTER OF Engineering Management

CRICOS CODE
099168B

DURATION 2 years
INTAKES February, July
FEES A\$43,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Integrate interdisciplinary knowledge from engineering, business and management to create innovative business solutions.
- Critically analyse, formulate and solve engineering management-related problems using well-established principles and methods.
- Undertake a combination of engineering and business units to maximise your skills and knowledge, and career prospects.

Overview

Designed for engineers who are looking to formalise their project management credentials – will bridge the gap between the fields of engineering and business management. It will unlock your technical and general management potential, and will enable you to take the next step towards business leadership. You will gain the skills needed to apply innovative business management practices to your technical engineering knowledge so that you can identify opportunities to grow your business through strategic approaches to project management, supply chain management, business leadership and human resources management.

Admission requirements

Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities

Banking and finance manager, chief operating officer, consultant, contract manager, executive manager, project leader, project manager, project team leader, vendor manager.

Information technologies

Our flexible IT degrees – developed in consultation with industry – give you the opportunity to specialise in cybersecurity, data science, game design and development, information systems and business analysis, software technology solutions, or web and mobile app development. As well as developing skills in the latest technologies, you will graduate with in-demand soft skills and capabilities. Your learning is enhanced by our location in Australia’s largest high-tech precinct, which is brimming with collaborative, internship and employment opportunities.

BACHELOR OF Cyber Security

CRICOS CODE 099143M **80**
DURATION 3 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Examine topics from applied cryptography, ethical hacking, digital forensics, secure application development and data privacy.
- Study areas such as programming, databases, web technologies, networking and security studies from a sociopolitical perspective.
- Gain a Cisco Certified Network Associate (CCNA) qualification when you successfully complete certain units.

Overview

You will gain the skills needed to harden organisations against cyber threats by building your awareness of the motivations, mindsets, capabilities and skills of cybercriminals; and by developing your expertise in information security and data privacy, offensive security, digital forensics, applied cryptography, secure coding and AI.

Career opportunities

Chief information security officer, chief privacy officer, ethical hacker, risk analyst, security architect, security consultant, security director, SOC manager, source code auditor, vulnerability assessor.

Accreditation

This degree is professionally accredited by the Australian Computer Society.

BACHELOR OF Game Design and Development

CRICOS CODE 099144K **75**
DURATION 3 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study video games design, development and appreciation while gaining broad programming and software engineering knowledge.
- Undertake an industry-based project to solve a real-world problem, and get the skills you need to successfully start your career.
- Study the only university degree in New South Wales that combines technical skills with a critical understanding of video games.

Overview

Gain a thorough grounding in software design and development. The addition of specialist units that critically appraise video games as designs and cultural media products means you will be equipped with the skills you will need for a successful career designing and creating the next wave of popular video games and virtual worlds.

Career opportunities

Creative game director, game animator, game artist, game audio engineer, game designer, game programmer, mobile app designer, mobile app developer, video game system designer, virtual reality/mixed reality developer.

Accreditation

This degree is professionally accredited by the Australian Computer Society.

BACHELOR OF Information Technology

CRICOS CODE 047327M **75**
DURATION 3 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Undertake one of the most flexible IT degrees in Australia – choose to study two majors to diversify your knowledge and skills.
- Study a degree designed in collaboration with industry, and acquire skills relevant for the cutting-edge IT careers of tomorrow.
- Undertake an industry-based project to solve a real-world problem, and be prepared for a successful start to your career.

Overview

Acquire foundational skills in programming, data storage and modelling, networking and cybersecurity. You will develop broad and coherent knowledge and skills from an area of information technology – such as software design and construction, applied data modelling and analysis, or security problem detection and mitigation – and learn how to apply that knowledge to solve real-world problems. You will learn how to relate your knowledge and skills in information technology to a broader societal context, and make sound decisions regarding ethical and security concerns.

Career opportunities

Business analyst, consultant, data analyst, database designer, games designer, information technology researcher and developer, project manager, security expert, software and app developer, systems administrator.

Accreditation

This degree is professionally accredited by the Australian Computer Society.

MAJORS Artificial Intelligence; Cyber Security; Data Science; Information Systems and Business Analysis; Networking; Software Technology; Web and Mobile App Development.

Our information technology facilities are cutting edge, giving you the most up-to-date knowledge and skills. Gain access to the new computing precinct, complete with 14 purpose-built cybersecurity, networking and gaming labs + VR space.

“As a part of my degree, I had the opportunity to examine case studies of real-life hacking and cyber attacks against major corporations, where I analysed and learned preventive measures. In addition to my studies, the internship opportunities and large range of career services have boosted my confidence in seeking employment after graduation.”

Pranaya Anargya
Bachelor of Information Technology

MASTER OF Data Science

CRICOS CODE 080284J

DURATION 2 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Apply technical skills in areas such as business and scientific applications, forensic investigation and research.
- Acquire key skills in data management on and off the cloud, machine learning, statistical modelling and big data technologies.
- Develop your capabilities across computer science, mathematics and statistics, enabling you to apply data science to real-world issues.

Overview
Providing you with the technical skills to work in data science across a variety of industries. It emphasises concepts, insights and skills that will enable you to use current technologies and adapt to and create new technologies. You will be able to process and analyse data sets; use mathematical and statistical modelling techniques, machine learning and data mining to solve challenging problems; and communicate your findings to different audiences.

Admission requirements
Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities
Business analyst, consultant, data analyst, data scientist, entrepreneur, financial consultant, government policy adviser, information technology analyst, market analyst, web developer.

MASTER OF Information Systems Management

CRICOS CODE 099171G

DURATION 2 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Strengthen your understanding of underlying IT principles by applying them to practical, industry-relevant issues.
- Study a degree that's shaped by the latest industry trends, and gain skills relevant for the cutting-edge IT careers of tomorrow.
- Learn how IT can enhance an organisation's business processes and outputs, and develop the skills to brief management of IT needs.

Overview
This degree addresses the continual demand for IT professionals who can combine technical savvy with a deep understanding of the businesses they work in. You will receive a comprehensive overview of global business strategy and be equipped with the analytic, communication and project management skills to tame the IT-business interface.

Admission requirements
Australian bachelor qualification in a related field or recognised equivalent, with units in business information systems and databases.

Career opportunities
Business systems analyst, data analyst, database administrator, end-user support and training officer, entrepreneur, IT consultant, IT project manager, IT sales representative or marketer, researcher, solutions architect, systems administrator, systems analyst.

Accreditation
This degree is professionally accredited by the Australian Computer Society.

MASTER OF Information Technology in Artificial Intelligence

CRICOS CODE 108995K

DURATION 2 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Gain key skills relevant to future AI careers such as advanced machine learning, advanced natural language processing and automated decision-making in business.
- Learn from and work with academics who are international experts in AI.
- Study applied cryptography, data privacy, digital forensics, ethical hacking, information security and secure app development.

Overview
This degree will provide you with the advanced knowledge and skills required for a successful career working with AI systems. You will critically examine emerging trends and topics, such as machine learning and natural language understanding.

Admission requirements
Australian bachelor qualification in a related discipline or recognised equivalent.

Career opportunities
Business intelligence developer, data analyst, data engineer, data scientist, machine learning specialist, research scientist, robotics engineer, software developer, software engineer, solutions architect.

Accreditation
This degree is professionally accredited by the Australian Computer Society.

MASTER OF Information Technology in Cyber Security

CRICOS CODE 099172F

DURATION 2 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study applied cryptography, data privacy, digital forensics, ethical hacking, information security and secure app development.
- Participate in a range of activities, such as hackathons and work experience, to apply your knowledge to real-world scenarios.
- Undertake work experience with one of our public or private sector partner organisations.

Overview
Providing up-to-date knowledge and practical training for a successful career in the burgeoning field of cybersecurity, which is facing a global shortage of skilled professionals. Completing this degree will arm you with technical skills in cryptography, networks, artificial intelligence and mobile data communications.

Admission requirements
Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities
Information security manager, penetration tester, security analyst, security auditor, security consultant, security manager, SOC analyst, vulnerability assessor.

Accreditation
This degree is professionally accredited by the Australian Computer Society.

MASTER OF Information Technology in Internet of Things

CRICOS CODE 108996J

DURATION 2 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study communication networks and security, AI and machine learning, and operating systems and application programming.
- Collaborate on projects with organisations involved in industrial applications of IoT across different sectors.
- Undertake internships with world-leading organisations that are located next door to us in the Connect Macquarie Park Innovation District.

Overview
You will address challenges arising from the interconnection of the internet and everyday devices by applying advanced and applied knowledge of the design, configuration and management of IoT systems, and communication services and networking.

Admission requirements
Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities
Data analyst, devices architect, firmware development engineer, IoT test lead, network architect, software engineer, solutions architect, technical support engineer.

accreditation
This degree is professionally accredited by the Australian Computer Society.

MASTER OF Information Technology in Networking

CRICOS CODE 099173E

DURATION 2 years
INTAKES February, July
FEES A\$42,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Synthesise technical knowledge with management and policy aspects of internetworked systems, and learn to communicate your ideas.
- Identify weaknesses and areas of improvement – and configure, validate, implement and troubleshoot complex internetworked systems.
- Successfully complete certain units in this degree, and get a Cisco Certified Network Associate (CCNA) qualification.

Overview
Develop an in-depth integrated knowledge of advanced concepts in network and internetwork technologies, and learn how to apply them to solving practical problems in networked IT systems, as well as related topics such as network design and security. If you have undergraduate qualifications in IT, computing or engineering (with suitable units in computer programming), this degree will enable you to transition into the internetworking field.

Admission requirements
Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities
Cloud computing specialist, network administrator, network analyst, network and systems engineer, network architect, network manager, security specialist.

Accreditation
This degree is professionally accredited by the Australian Computer Society.

We have recently invested \$10 million in the Macquarie University Cyber Security Hub, and are surrounded by industry collaborators in the heart of the Connect Macquarie Park Innovation District.

Languages and Linguistics

Studies in languages and linguistics at Macquarie will prepare you for a range of careers across the globe, such as in business, international affairs, interpreting and translating, journalism or teaching. Whether you are interested in travel, history, literature, politics or international business, expertise in other languages and cultures will lead you to new, life-changing insights and experiences. Studying in the broad field of linguistics – which is the scientific study of language – will increase your knowledge in areas such as child language disorders.

BACHELOR OF Speech and Hearing Sciences

CRICOS CODE
099151M

80

DURATION 3 years
INTAKES February, July
FEES A\$45,900 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Choose electives either as companion units to speech, hearing and language sciences, or as units of individual interest.
- Learn how we produce speech sounds, how language develops in children, and how computers are used in speech and language analysis.

Overview

Prepare for postgraduate study towards a career in a number of professions, including clinical work or research in audiology and speech and language pathology, forensic speech science, the development of associated speech and hearing technologies, or teaching English to speakers of other languages (TESOL).

Career opportunities

Forensic speech scientist; health worker; speech, hearing or language researcher. After further study: audiologist, speech pathologist, TESOL practitioner.

MASTER OF Applied Linguistics and TESOL

CRICOS CODE
083778G

DURATION 2 years
INTAKES February, July
FEES A\$37,500 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study in one of the most diverse and largest linguistics departments in Australia.
- Study a range of units that are relevant whether you are a teacher of English or another language.
- Learn from world-renowned experts with experience teaching and researching in many parts of the world.

Overview

With its dual focus, this degree will provide you with an understanding of the complex relationship between language use and context, as well as a strong theoretical and practical foundation in the field of teaching English to speakers of other languages (TESOL).

Admission requirements

Australian bachelor qualification or recognised equivalent.

Career opportunities

Roles in TESOL education, curriculum development, literacy education assessment and program evaluation, bilingualism, teacher education, policy development, education management.

Accreditation

This degree is endorsed as an English language teaching qualification by the national ELICOS accreditation body (NEAS).

MASTER OF Conference Interpreting

CRICOS CODE
097386G

DURATION 2 years
INTAKES February
FEES A\$37,500 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Gain the skills to work as a professional interpreter for international and bilateral meetings and conferences on diverse topics.
- Practice your interpreting in simulated conferences in our purpose-built, ISO-compliant conference interpreting laboratory.

Overview

Develop the specialised cognitive and practical skills required for conference interpreting. This involves interpreting source speeches in the simultaneous or consecutive modes while preserving the meaning, tone and nuances of the original speaker. You will learn how to undertake effective research to inform your interpreting in a range of high-level scientific, diplomatic and technical domains.

Admission requirements

Australian bachelor qualification or recognised equivalent with a WAM of 65, and proficiency in one of the available languages, and for students whose first language is English, completion of an admission assessment.

Career opportunities

Conference interpreter in events, publishing, education, government, legal, insurance, banking and finance sectors.

Accreditation

Graduates who complete the qualification may apply to sit a NAATI certification test for Certified Interpreter and/or Certified Translator; and Certified Conference Interpreter.

Conduct scientific research to analyse and address complex issues in human communication, readying you for careers from international business to helping increase global literacy.

MASTER OF Speech and Language Pathology

CRICOS CODE
037303B

DURATION 2 years
INTAKES February
FEES A\$58,500 per year
ENGLISH IELTS 7 (7.0 in each band)

Key features

- Gain experience within the state-of-the-art Macquarie University Speech and Hearing Clinic, alongside industry experts.
- Develop your skills in the assessment of, and intervention for, individuals with communication and swallowing disabilities.

Overview

Prepare for a rewarding career in speech pathology in which you will have opportunities to implement tailored services with individuals who have developmental and acquired communication and swallowing disabilities, and effect potentially life-changing outcomes.

Admission requirements

Australian bachelor qualification or recognised equivalent with a WAM of 65, and recent successful completion of specified prerequisite units in Linguistics and Psychology at AQF Level 7.

Career opportunities

Speech pathologist in schools, hospitals, community health centres, private practice.

Accreditation

Accredited by the Speech Pathology Association of Australia

MASTER OF Translation and Interpreting Studies

CRICOS CODE
083811M

DURATION 1.5 years
INTAKES February, July
FEES A\$37,500 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Undertake extensive targeted practice in translation and interpreting, and in the use of computer-assisted translation tools.
- Study in translation and interpreting labs with the most up-to-date equipment, and language learning and translation software.

Overview

If you are proficient in more than one language in addition to English, this degree will give you the skills and knowledge you will need to perform translation and interpreting in a range of institutional settings common to community and commercial translation and interpreting practice in Australia and overseas.

Admission requirements

Australian bachelor qualification or recognised equivalent with a WAM of 65, and proficiency in one of the available languages, and for students whose first language is English, completion of an admission assessment.

Career opportunities

Professional translator and interpreter in governments, courts, hospitals, international conferences, business, regional and international events, broadcasting and publishing.

Accreditation

Graduates may apply to sit a NAATI certification test for Certified Interpreter and/or Certified Translator; and for graduates through the Auslan pathway, Certified Specialist Interpreter (Health) (with TRAN8088) and/or Certified Specialist Interpreter (Legal) (with TRAN8086).

MASTER OF Translation and Interpreting Studies (Advanced)

CRICOS CODE
099191C

DURATION 2 years
INTAKES February, July
FEES A\$37,500 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Acquire theoretical knowledge alongside the practical skills relevant to translation and interpreting practice.
- Study this degree in Chinese (Mandarin), French, Japanese, Korean and Spanish.
- Study in translation and interpreting labs with the most up-to-date equipment, and language learning and translation software.

Overview

This degree will provide you with the knowledge and skills you need for a career in this dynamic field. It is set apart from the Master of Translation and Interpreting Studies in that it allows you to achieve greater depth in either translation or interpreting, or in both disciplines. You will have the opportunity to take electives that further develop your skills in areas such as subtitling; as well as translation and interpreting in medical, legal and business settings.

Admission requirements

Australian bachelor qualification or recognised equivalent, and proficiency in one of the available languages, and for students whose first language is English, completion of an admission assessment

Career opportunities

Professional translator and interpreter in governments, courts, hospitals, international conferences, business, regional and international events, broadcasting and publishing.

Accreditation

Graduates may apply to sit a NAATI certification test for Certified Interpreter, Certified Specialist Interpreter (Legal) (with TRAN8021 and TRAN8022 and TRAN8082 and TRAN8906), Certified Specialist Interpreter (Health) (with TRAN8021 and TRAN8022 and TRAN8082 and TRAN8906), Certified Translator, Certified Advanced Translator (with TRAN8905 or TRAN8034).

Combining world-leading discovery, clinical expertise, and connective capacity, Macquarie University is a global hub of hearing and hearing-related research, education and engagement.

Law

As a pioneer of interdisciplinary law study in Australia, Macquarie prepares you to look beyond law as a set of rules and procedures. You will be challenged to think around problems and provide more innovative solutions – skills highly valued by employers. With the option to combine your law degree with other areas of study, you can open the way to a variety of careers in legal practice, private industry, government, education and community services.

BACHELOR OF Laws

CRICOS CODE
080288E

90

DURATION 4 years
INTAKES February, July
FEES A\$44,500 per year
ENGLISH IELTS 7 (6.5 in each band)

Key features

- Join graduates known for being versatile professionals with a realistic understanding of the issues that bind the world together.
- Graduate with strong analytical and critical-thinking skills, and improve your communication and research skills.
- Complete advanced law units and independent research in your final year, and graduate with a Bachelor of Laws (Honours).

Overview

The hallmark of this degree is its recognition of the way legal frameworks underpin global issues. You will be challenged to think critically about the law to seek innovative solutions to legal problems – skills highly valued by employers. With the option to combine your law degree with any other Macquarie bachelor degree, you can open the way to an array of careers in legal practice, private industry, government, education and community services.

Career opportunities

Barrister or solicitor, diplomat, lobbyist, manager in the corporate sector, policy officer, politician, senior public servant.

Accreditation

This degree provides appropriate qualification for admission to practice as a lawyer throughout Australia. In addition to completing a law course at an accredited institution, the profession requires all law graduates to complete a period of Practical Legal Training including further study and supervised experience in a legal practice.

Juris Doctor

CRICOS CODE
079539A

DURATION 3 years
INTAKES February, July
FEES A\$44,500 per year
ENGLISH IELTS 7 (6.5 in each band)

Key features

- Be supported to succeed with small class sizes and dedicated postgraduate classes.
- Become a distinguished alumni alongside leading judges, lawyers, diplomats, executives and public servants when you graduate.
- Look beyond the law as a set of rules and procedures, but instead as something that has the power to shape and change lives.

Overview

Extend your knowledge of the legal, governance and policy issues relevant to international and domestic trade and commerce, so that you develop a broad and well-rounded understanding of the area, as well as skills to advance your career.

Admission requirements

Australian bachelor qualification or recognised equivalent with a WAM of 65.

Career opportunities

Barrister, community advocate, diplomat, in-house counsel, lobbyist, policy officer, politician, solicitor.

Accreditation

This degree provides appropriate qualification for admission to practice as a legal practitioner throughout Australia. In addition to completing this degree, graduates are to complete a program of Practical Legal Training including further study and supervised experience in a legal practice.

MASTER OF International Trade and Commerce Law

CRICOS CODE
045284M

DURATION 1 year
INTAKES February, July
FEES A\$43,200 per year

When you combine it with the Master of Chiropractic, you will be equipped to work in private practice, chiropractic sports medicine, allied health areas, health insurance assessment, medico-legal advising, work health and safety, rehabilitation and research.

Career opportunities

Chiropractor, allied health worker, healthcare adviser, integrated care professional, rehabilitation service provider, researcher, sports injury specialist.

BACHELOR OF Clinical Science

CRICOS CODE
087679M

90

DURATION 2 years
INTAKES February
FEES A\$68,850 per year
ENGLISH IELTS 7 (6.5 in each band)

Key features

- Study in an environment based on the latest medical research and clinical care – offered through our on-campus hospital and clinics.
- Enhance your learning by using the latest simulation technology and by working with human anatomical specimens.
- Apply for our Macquarie Doctor of Medicine, or a postgraduate degree in physiotherapy, public health or medical research after completing this degree.

Overview

This degree has a focus on human clinical sciences and builds the foundational professional skills you will need for a career as a doctor, physiotherapist, medical researcher or other health professional after postgraduate study. This degree has distinct advantages if you wish to apply for the Macquarie Doctor of Medicine.

Career opportunities

After further study: medical doctor, physiotherapist, health and medical researcher, dentist, allied health professional.

BACHELOR OF Exercise and Sports Science

CRICOS CODE
108721C

80

DURATION 3 years
INTAKES February
FEES A\$42,000 per year
ENGLISH IELTS 7 (6.5 in each band)

Key features

- Be equipped to work as an exercise scientist, or to undertake postgraduate study in exercise physiology or physiotherapy.
- Develop essential hands-on skills in a range of purpose-built exercise and sports science learning facilities.

Overview

The degree combines practitioner-led in-class instruction with professional and practical experience via hands-on learning and placements. You will study anatomy; biomechanics; exercise physiology; human growth, development and ageing; motor learning and control; performance analysis; and strength and conditioning.

Career opportunities

Accredited exercise scientist, community recreation and fitness officer, exercise physiologist (after further study), health promoter and educator, personal trainer, physiotherapist (after further study), sports coach, sports injury specialist, sports scientist (after industry experience), strength and conditioning coach.

BACHELOR OF Medical Sciences

CRICOS CODE
020161F

85

DURATION 3 years
INTAKES February, July
FEES A\$41,900 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Learn to review and evaluate ethical requirements of medical research and clinical trials, with a focus on cultural considerations.
- Collaborate with and learn from leading scientists in MQ Health – where clinical practice, research and learning intersect.
- Learn how to translate findings about patient care and disease processes into both clinical outcomes and fundamental science.

Overview

This degree will provide you with a broad background in biological, chemical, biomolecular and biomedical sciences – the knowledge and skills you will need for a career in health and medical science fields. Whether that be unravelling the molecular building blocks that underpin disease, developing new drugs to treat or cure disease, implementing biosecurity procedures to overcome emerging disease threats, or applying your scientific knowledge to help solve crimes.

Career opportunities

Biotechnologist, drug discovery and development researcher, forensic scientist, genetic counsellor, health researcher, histologist, hospital scientist, medical researcher, pharmacologist.

MAJORS Anatomy and Physiology; Genomics and Medical Informatics; Infectious Disease and Biosecurity; Medicinal Chemistry; Neuroscience.

Australia's first and only fully integrated academic health sciences centre brings together the excellence in clinical care provided by Macquarie University Hospital and MQ Health Clinics with the research and teaching enterprise of the Faculty of Medicine, Health and Human Sciences at Macquarie University.

DOCTOR OF Medicine

CRICOS CODE
095798D

DURATION 4 years
INTAKES February
FEES A\$83,700 per year
ENGLISH IELTS 7 (7.0 in each band)

Key features

- Learn from leading medical educators, researchers and clinicians, both on campus and in global settings.
- Get exposure to different health systems, cultures and clinical presentations – enriching your learning and cultural awareness.
- Study within MQ Health where clinical practice, research and learning intersect.

Overview

This four-year graduate-entry degree integrates applied medical sciences with clinical sciences, professionalism, research and cultural responsiveness. You will study at MQ Health – Australia's first university-led integrated health campus – where learning is fully integrated with outstanding patient-centred clinical care, and high-quality health and medical research. Structured Australian and international clinical experiences are embedded throughout the degree, giving you the opportunity to experience different health systems, cultures and clinical presentations.

Admission requirements

Australian bachelor qualification or recognised equivalent with a GPA of 5.0 out of 7.0, a minimum MCAT score of 500. Additional criteria apply.

Career opportunities

Consultant, medical doctor, medical educator, medical researcher.

Accreditation

This degree is accredited by the Australian Medical Council and approved by the Medical Board of Australia.

DOCTOR OF Physiotherapy

CRICOS CODE

Career opportunities

Applied researcher, consultant, human resources professional, organisational psychologist, user experience (UX) designer

Our psychology and cognitive sciences degrees are designed to equip you with a holistic, interdisciplinary approach that enhances your employment potential.

Macquarie is home to first-class facilities including the Simulation Hub, an eight-camera motion capture lab, purpose-built psychology clinics and a clinical skills training centre, a perception lab and neuropharmacology labs.

Science

Macquarie is renowned for its expertise in science across astronomy, biodiversity, biology, chemistry, climate science, earth and environmental sciences, marine science, mathematics, physics, statistics and sustainability. In a world more dependent on science than ever before, our in-demand science graduates stand at the forefront of change and innovation. We are home to researchers and academics who are internationally recognised for their work, so you will study with people who are using their knowledge to make an impact on today's and tomorrow's issues.

BACHELOR OF Biodiversity and Conservation

CRICOS CODE
067848J

75

DURATION 3 years
INTAKES February, July
FEES A\$41,900 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Gain knowledge and skills in a broad range of biodiversity and conservation disciplines, particularly in the Australian context.
- Get hands-on experience in our 11-hectare fauna park, where world-class environmental research is conducted by leading academics.

Overview

Uniquely combining studies in plant and animal sciences, genetics, evolution and ecology with environmental and conservation management – will equip you with such specialist skills.

Career opportunities

Biodiversity informatics adviser, conservation policymaker, environmental assessor, environmental consultant, land manager, natural resource manager, research scientist, wildlife manager, zoo captive breeding programs manager.

BACHELOR OF Environment

CRICOS CODE
067858G

80

DURATION 3 years
INTAKES February, July
FEES A\$41,900 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Foster your problem-solving ability, collaboration skills and cutting-edge scientific research knowledge in labs and in the field.
- Undertake an industry-based project to solve a real-world problem, and be prepared for a successful start to your career.
- Gain practical experience in places in New South Wales, such as Seal Rocks and Wee Jasper, and in New Zealand and further afield.

Overview

Exploring critical environmental systems and processes, relationships between humans and their environments, and the interactions that influence sustainable futures. It is founded in the scientific aspects of the environment, the effects of human-induced changes, and the management of resources. You will become highly knowledgeable about how individuals, societies and governments can best navigate a path towards sustainability, and economic and social prosperity. With huge growth projected in the environment sector in the coming years, this skill set will see you in high demand.

Career opportunities

Climate scientist or atmospheric physicist, ecological sustainability officer, environmental geologist, environmental or geotechnical consultant, environmental scientist, landcare and catchment manager, local council officer, meteorologist, national parks manager, resource manager, river or land management officer, spatial information officer.

MAJORS Environmental Management; Environmental Sciences.

BACHELOR OF Science

CRICOS CODE
001365G

75

DURATION 3 years
INTAKES February, July
FEES A\$41,900 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study a degree that builds employability skills into the science curriculum right from the first year.
- Enhance your learning by studying in modern labs designed to foster collaboration and cutting-edge scientific research.
- Acquire in-depth knowledge in your chosen area, as well as skills in mathematics, statistics or coding.

Overview

This degree is for those excited by discovery and who question the norm. You will learn from world-renowned researchers who are addressing the big issues facing our global society, such as the changing environment, future materials and fuels, and biotechnology. You will be able to study complementary disciplines or non-science units that feed your curiosity. And you will be part of a community that has led many significant initiatives in recent years, including early climate change research, photonics, evolutionary biology and groundbreaking research in earth's crustal systems.

Career opportunities

Government adviser, policy adviser, project manager, research and development manager, science regulator, scientific entrepreneur, scientific researcher, scientific technician.

MAJORS Astronomy and Astrophysics; Biology; Biomolecular Sciences; Chemistry; Earth and Environmental Sciences; Human Biology; Mathematics; Physics; Psychological Science; Statistical Modelling.

Our research and teaching addresses the big issues faced by society in Australia and globally – the changing environment, future materials and fuels, biotechnology, cybersecurity, to name a few.

We have an outstanding variety of scientific facilities, from our 11-hectare fauna park to our cutting-edge digital microscopy equipment. You will take your learning beyond textbooks with our seawater and plant growth facilities, biological sciences museum and much more.

MASTER OF Applied Statistics

CRICOS CODE
083779F

DURATION 2 years
INTAKES February, July
FEES A\$44,500 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study the only genuinely applied statistics degree in Sydney.
- Investigate the entire statistics lifecycle to generate, collect, process, store, manage, analyse, visualise and interpret data.
- Review an advanced area of statistical methodology and then apply statistical methods and techniques to answer a research question.

Overview

This degree is fully applied, meaning you'll not only learn how to obtain data, but also clean and analyse it, and then communicate your recommendations to those from both technical and non-technical backgrounds. You'll also have the opportunity to augment your classroom learning by completing an independent research project that's unique to this degree.

Admission requirements

Australian bachelor qualification or recognised equivalent.

Career opportunities

Academic, business analyst, computer systems analyst, corporate finance analyst, data analyst, data visualisation analyst, market analyst, operations analyst, quality analyst, quantitative analyst, statistical modeller, statistician.

MASTER OF Biotechnology

CRICOS CODE
084698K

DURATION 2 years
INTAKES February, July
FEES A\$44,500 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Develop your capabilities in areas such as molecular biology, protein biochemistry, proteomics and applied microbiology.
- Build connections between theoretical knowledge and practical application in the biotech industry.
- Learn from experts in chemistry and biomolecular sciences, biological sciences, computing and statistics.

Overview

Advance your knowledge in areas such as bioethics, protein discovery, molecular genomics, medical biotechnology and functional proteomics. Such knowledge will equip you with a core competency in advanced molecular biotechnology approaches so that you are primed for a career that is vital to improving our lives and the health of our planet.

Admission requirements

Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities

Biochemist, biological/clinical technician, biomanufacturing specialist, business development manager, clinical researcher, medical scientist, microbiologist, process development scientist, research and development manager.

MASTER OF Conservation Biology

CRICOS CODE
086079K

DURATION 2 years
INTAKES February, July
FEES A\$43,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Access the latest research in conservation biology, and complete independent research projects alongside your coursework.
- Enhance your learning by studying in modern labs designed to foster collaboration and cutting-edge scientific research.
- Get hands-on experience in our 11-hectare fauna park, where world-class environmental research is conducted by leading academics.

Overview

This degree focuses on the theory, practice and ethics of biological conservation from the level of wild populations to entire ecosystems. You will develop specialist skills and advance your knowledge in areas such as climate change biology, regional and global conservation, GIS and remote sensing, wild populations and field method. Develop specialist skills as well as undertake a biology research placement.

Admission requirements

Australian bachelor qualification or recognised equivalent, and two units in biology or approved work experience, professional certification or other recognised prior learning.

Career opportunities

Conservation policymaker, environmental consultant, national parks and catchment manager, natural resource manager, scientific education officer, scientific or project management in industry or government, threatened species manager.

MASTER OF Environment

CRICOS CODE
084700K

DURATION 2 years
INTAKES February, July
FEES A\$43,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Learn how to manage human activities to protect and enhance the environment for future generations.
- Develop your problem-solving ability, collaboration skills and cutting-edge research knowledge in the lab and the field.
- Build your scientific learning alongside an understanding of the social mechanisms relevant to addressing environmental problems.

Overview

This degree provides you with the skills and knowledge you will need to evaluate the social and biophysical drivers of environmental change, so that as a graduate, you will be equipped to seek innovative solutions to issues emerging around human-environment interactions.

Admission requirements

Australian bachelor qualification or recognised equivalent.

Career opportunities

Environmental sustainability officer, environmental consultant, environmental scientist, land care and catchment manager, local council environmental officer, national parks manager, senior resource management officer.

MASTER OF Sustainable Development

CRICOS CODE
083810A

DURATION 2 years
INTAKES February, July
FEES A\$43,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study organisational change, education and capacity building, and strategic planning.
- Enhance your classroom studies by undertaking a practical component through work experience, consultancy practice or research.
- Gain the broad skills needed by aid agencies, NGOs and government agencies concerned with sustainable development challenges.

Overview

Develop your practical skills so that you are equipped to effect changes towards sustainable development. You will have opportunities to develop your capabilities in a diverse range of areas, spanning the environment, society, business and law, according to your professional needs.

Admission requirements

Australian bachelor qualification or recognised equivalent.

Career opportunities

Local council professional, sustainability coordinator for regional or national businesses, university academic.

“Macquarie has prepared me perfectly for my future careers because not only have I had the opportunity to spend a lot of time in the field practicing different survey techniques, my practical classes have taught me how to apply and reduce the survey data I’ve gathered, giving me a full understanding of how that data can be used.”

**Rachel Hourigan
Bachelor of Science**

Security, intelligence and criminology

The security environment – nationally and internationally – has been transformed over the past decade, meaning highly skilled graduates are in demand across the globe. Our degrees and majors in criminology, cybersecurity and security studies are taught by senior academics and leading industry professionals, allowing you to build professional contacts with experts in Australia and overseas. These degree options will give you the tools and knowledge you need for a career in the fast-growing intelligence and security industry, including in government agencies and the private sector.

BACHELOR OF Security Studies

CRICOS CODE
083744F

75

DURATION 3 years
INTAKES February, July
FEES A\$42,000 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Learn the skills needed in critical thinking, structured intelligence analysis and policy evaluation for security analysis roles.
- Gain experience in operational planning, innovation and policy evaluation by using scenario exercises and dynamic simulations.
- Hone your skills alongside experts in Europe, North America, Singapore, Taiwan, Thailand or the Philippines.

Overview

Prepare to meet the needs of this rapidly changing sector by learning about security from a range of perspectives, including risk management, emergency response, national resilience, business continuity planning, law enforcement and the use of military force. And by learning to think critically and develop solutions by using real-world analytical techniques to examine contemporary security challenges, you will gain key employability skills.

Career opportunities

Business consultant, intelligence analyst, military officer, policy adviser, risk analyst, security consultant.

MASTER OF Counter Terrorism

CRICOS CODE
095113E

DURATION 1.5 years
INTAKES February, July
FEES A\$41,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Get access to highly respected experts in the intelligence sector, who are in demand and sought after by media.
- Replicate the multidisciplinary groups that tackle security issues in the real world, and improve your practical skills.
- Analyse threats and opportunities confronting Australia, Asia-Pacific and the world.

Overview

Prepare to analyse real-world counterterrorism challenges. You will learn about the theory and practice of counterterrorism studies; the emerging domestic, regional and international challenges related to terrorism and their implications for counterterrorism approaches and policies; and the evolution of Australia's counterterrorism strategies and policies.

Admission requirements

Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities

Academic, countering violent extremism expert, detective, intelligence analyst, police officer, researcher, risk analyst, security analyst.

MASTER OF Criminology

CRICOS CODE
092009G

DURATION 1.5 years
INTAKES February, July
FEES A\$41,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Get access to highly respected experts in the intelligence sector, who are in demand and sought after by media.
- Take electives in areas such as counterterrorism, cybersecurity, intelligence, and security and strategic studies.
- Examine domestic and international policing, the court system in Australia, corrective services and more.

Overview

Develop your skills in advanced criminology theory, applied criminological research and criminal justice policy analysis. As a graduate, you will use your knowledge and draw from fields including sociology, psychology, psychiatry and social anthropology, to understand better, measure and evaluate crime.

Admission requirements

Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities

Criminologist, cybersecurity analyst, detective, forensic-related roles, intelligence analyst, policy officer, private investigator.

“My course is unique in Australia, as it covers many aspects of international security – a relatively new phenomenon in academic circles. It’s fascinating to be studying an area that we’re immersed in every day through TV and social media.”

Patrick McCoy
Bachelor of Security Studies

We are one of Australia's leading academic centres of teaching and research in cybersecurity, applied security studies and criminology.

MASTER OF Cyber Security Analysis

CRICOS CODE
099508J

DURATION 1.5 years
INTAKES February, July
FEES A\$41,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Use advanced disciplinary techniques and methods to develop solutions to a range of challenges.
- Replicate the multidisciplinary groups that tackle security issues in the real world, and improve your practical skills.
- Gain employment in a booming field – career opportunities are huge due to the global shortage of skilled cybersecurity experts.

Overview

Developed in consultation with cybersecurity experts from government and industry – is designed to directly address the cybersecurity skills gap in Australia and overseas by training the next generation of policy and strategic thinkers in cybersecurity.

Admission requirements

Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities

Cybersecurity analyst, network consultant, network security consultant, policy officer, risk analyst, security specialist, solutions architect.

MASTER OF Intelligence

CRICOS CODE
095115C

DURATION 1.5 years
INTAKES February, July
FEES A\$41,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Get access to highly respected experts in the intelligence sector, who are in demand and sought after by media.
- Participate in dynamic simulations and war games, and improve your practical skills.
- Study a degree co-designed with intelligence experts, and receive a theoretical grounding in addition to highly practical skills.

Overview

This degree equips you with a practical skill set, enabling you to analyse real-world intelligence challenges. You will also develop a deep understanding of the evolution of Australia's intelligence community, as well as the emerging domestic, regional and international challenges that surround intelligence.

Admission requirements

Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities

Academic, cybersecurity analyst, detective, intelligence analyst, police officer, researcher, risk analyst, security analyst.

MASTER OF Security and Strategic Studies

CRICOS CODE
095120F

DURATION 1.5 years
INTAKES February, July
FEES A\$41,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Take electives in areas such as counterterrorism, criminology, cybersecurity and intelligence.
- Analyse geopolitical developments, threats and opportunities confronting Australia, Asia-Pacific and the world.
- Replicate the multidisciplinary groups that tackle security issues in the real world, and improve your practical skills.

Overview

Analyse contemporary security, defence and strategic challenges and learn about the dynamics behind major geopolitical and geostrategic issues, and about multidimensional non-traditional security challenges. Extend your knowledge of analytical methods to evaluate strategic choices, and the evolution of Australia's interests and strategy.

Admission requirements

Australian bachelor qualification in a related field or recognised equivalent.

Career opportunities

Academic, defence expert, intelligence analyst, police officer, policy adviser, researcher, risk analyst, security analyst.

Pathways for (YOU)^{US}

MACQUARIE UNIVERSITY COLLEGE

Macquarie University College offers pathway programs, developed specifically to meet Macquarie's entry requirements. On successful completion of a diploma, intensive, foundation or masters qualifying program, you will be well prepared to seamlessly transition to your chosen degree. With dedicated student support you will be well equipped to transition to university-style learning with confidence.

FAST-TRACKED PATHWAY EDUCATION

With the unique seven-week teaching terms, most of our pathway programs can be completed in six or eight months.

GUARANTEED DEGREE ENTRY

Subject to meeting articulation requirements, you can transition seamlessly to the first or second year of your chosen bachelor and master degree.

SMALL AND DIVERSE CLASSES

Small class sizes ensure you get personalised support and hands-on learning. You will also study alongside many Australians and international students from around the world.

Diploma programs

Equivalent to the first year of a bachelor degree, a Diploma from the Macquarie University College is designed for students who do not meet the entry requirements to enter their chosen degree. If you are successful in your studies you can move into the second year of a bachelor degree at Macquarie University.

BECOME A MACQUARIE STUDENT FROM DAY ONE

Enrol in your diploma and study in our unique seven-week teaching terms, with small class sizes.

SUCCESSFULLY COMPLETE YOUR DIPLOMA

Take the same subjects as first-year bachelor students with additional academic and student support.

COMMENCE DEGREE STUDY

Subject to meeting articulation requirements, you can transition seamlessly to the second year of your chosen bachelor degree, with credit for the units already completed.

DIPLOMA OF Arts Media and Communications

CRICOS CODE 099295F

60

DURATION 1 year (5 terms)

INTAKES Feb, Apr, Jul, Sep

FEES A\$34,800 per year

ENGLISH IELTS 6.0 (5.5 in each band)

Pathways

Upon successful completion, you can progress directly into the second year of:

- Bachelor of Arts
- Bachelor of Media and Communications.

Overview

The Diploma of Arts Media and Communications introduces you to the fundamental concepts of digital media, media practice and production, and modes of communication, as well as critical thinking.

What you will study

Academic Communication in the Social Sciences and Humanities, Humanities and the World, Visual Media and Communications, Introduction to Media and Mass Communications, Multimodal Storytelling, Media Technologies, Media Practice and Production, Critical Thinking

DIPLOMA OF Business

CRICOS CODE 108687M

60

DURATION 1 year (5 terms)

INTAKES Feb, Apr, Jul, Sep

FEES A\$34,800 per year

ENGLISH IELTS 6.0 (5.5 in each band)

Pathways

Upon successful completion, you can progress directly into the second year of:

- Bachelor of Business
- Bachelor of Commerce.

Overview

The Diploma of Business introduces you to the fundamental concepts of entrepreneurship, human resource management, management and marketing. It is recommended if you are interested in studying the entrepreneurship, international, management and marketing side of business, rather than the commerce or numeracy side of business.

What you will study

Academic Communication in Business, Critical Thinking, Principles of Management, Introduction to Human Resource Management, Marketing Fundamentals, Organisational Behaviour, Entrepreneurship and New Venture Management, Introduction to Global Business

DIPLOMA OF Business Analytics

CRICOS CODE 106809M

60

DURATION 1 year (5 terms)

INTAKES Feb, Apr, Jul, Sep

FEES A\$34,800 per year

ENGLISH IELTS 6.0 (5.5 in each band)

Pathways

Upon successful completion, you can progress directly into the second year of:

- Bachelor of Business Analytics
- Bachelor of Commerce
- Bachelor of Information Technology.

Overview

The Diploma of Business Analytics introduces you to the fundamental concepts of accounting, business statistics, computer programming, database design and management.

What you will study

Academic Communication in Business; Introduction to Database Design and Management; Business Statistics; Principles of Management; Introduction to Cyber Security; Quantitative Methods in Economics, Business and Finance; Introduction to Computer Programming; Accounting in Society; Fundamentals of Computer Science

“The smaller classes and terrific support from The College teachers really helped to propel me forward into my undergraduate degree with the skills and confidence I needed to succeed in my academic studies.”

Kobra
Diploma of Arts Media and Communications

DIPLOMA OF Commerce

CRICOS CODE 099296E 60

DURATION 1 year (5 terms)
INTAKES Feb, Apr, Jul, Sep
FEES A\$34,800 per year
ENGLISH IELTS 6.0 (5.5 in each band)

Pathways
Upon successful completion, you can progress directly into the second year of:

- Bachelor of Actuarial Studies
- Bachelor of Applied Finance
- Bachelor of Business
- Bachelor of Commerce
- Bachelor of Economics
- Bachelor of Professional Accounting.

Overview
The Diploma of Commerce introduces you to the fundamental concepts of accounting, business statistics, economics, finance, management and marketing.

What you will study
Accounting in Society; Academic Communication in Business; Finance 1A; Principles of Economics 1; Principles of Management; Marketing Fundamentals; Business Statistics; Quantitative Methods in Economics, Business and Finance; Calculus and Linear Algebra I

DIPLOMA OF Engineering

CRICOS CODE 095020K 60

DURATION 1 year (5 terms)
INTAKES Feb, Apr, Jul
FEES A\$34,800 per year
ENGLISH IELTS 6.0 (5.5 in each band)

Pathways
Upon successful completion, you can progress directly into the second year of:

- Bachelor of Engineering (Honours) specialising in Civil; Electrical and Electronic; Mechanical; or Mechatronic Engineering
- Bachelor of Science majoring in Astronomy and Astrophysics; Mathematics; or Physics.

Overview
The Diploma of Engineering introduces you to the fundamental concepts of civil, electrical and electronic, mechanical and mechatronic engineering, as well as computing, mathematics and physics.

What you will study
Introduction to Computer Programming, Introduction to Engineering, Engineering Design, Calculus and Linear Algebra I, Calculus and Linear Algebra II, Engineering Physics, Physics for Electrical and Electronic Engineering, Introduction to Mechanical Engineering, Introduction to Civil Engineering

DIPLOMA OF Game Design and Development

CRICOS CODE 110739H 60

DURATION 1 year (5 terms)
INTAKES Feb, Apr, Jul, Sep
FEES A\$34,800 per year
ENGLISH IELTS 6.0 (5.5 in each band)

Pathways
Upon successful completion, you can progress directly into the second year of:

- Bachelor of Game Design and Development
- Bachelor of Information Technology.

Overview
The Diploma of Game Design and Development introduces you to the fundamental concepts of computer science, digital storytelling and programming.

What you will study
Academic Communication in Science, Introduction to Database Design and Management, Calculus and Linear Algebra I, Introduction to Computer Programming, Introduction to Video Games, Multimodal Storytelling, Fundamentals of Computer Science, Introduction to Business Information Systems.

DIPLOMA OF Information Technology

CRICOS CODE 095021J 60

DURATION 1 year (5 terms)
INTAKES Feb, Apr, Jul, Sep
FEES A\$34,800 per year
ENGLISH IELTS 6.0 (5.5 in each band)

Pathways
Upon successful completion, you can progress directly into the second year of:

- Bachelor of Business Analytics
- Bachelor of Cyber Security
- Bachelor of Engineering (Honours) specialising in Software Engineering
- Bachelor of Game Design and Development
- Bachelor of Information Technology.

Overview
The Diploma of Information Technology introduces you to the fundamental concepts of business systems, computer science, cybersecurity, database design, games design, programming and software engineering.

What you will study
Essential units: Academic Communication in Science, Introduction to Computer Programming, Introduction to Cyber Security, Introduction to Database Design and Management, Introduction to Video Games. Elective units: Calculus and Linear Algebra I, Business Statistics, Accounting in Society, Fundamentals of Computer Science, Introduction to Business Information Systems, Discrete Mathematics

DIPLOMA OF Marketing and Media

CRICOS CODE 106810G 60

DURATION 1 year (5 terms)
INTAKES Feb, Apr, Jul, Sep
FEES A\$34,800 per year
ENGLISH IELTS 6.0 (5.5 in each band)

Pathways
Upon successful completion, you can progress directly into the second year of:

- Bachelor of Commerce
- Bachelor of Marketing and Media
- Bachelor of Media and Communications.

Overview
The Diploma of Marketing and Media introduces you to the fundamental concepts of brand management, digital media production and marketing strategy.

What you will study
Academic Communication in Business, Media Practice and Production, Business Statistics, Introduction to Media and Mass Communications, Marketing Fundamentals, Multimodal Storytelling, Principles of Management, Media Technologies

DIPLOMA OF Software Engineering

CRICOS CODE 110740D 60

DURATION 1 year (5 terms)
INTAKES Feb, Apr, Jul
FEES A\$34,800 per year
ENGLISH IELTS 6.0 (5.5 in each band)

Pathways
Upon successful completion, you can progress directly into the second year of:

- Bachelor of Engineering (Honours) specialising in Software Engineering
- Bachelor of Information Technology.

Overview
The Diploma of Software Engineering introduces you to the fundamental concepts of computer programming, cybersecurity, database design and management, and prototyping engineering designs.

What you will study
Introduction to Engineering, Introduction to Database Design and Management, Introduction to Cyber Security, Introduction to Computer Programming, Fundamentals of Computer Science, Introduction to Video Games, Engineering Design, Discrete Mathematics

Our dedicated Macquarie University College Learning Hub is very popular with our students. You can choose to study here before or after class to use our online resources and books, do your homework or research a class project.

Standard Foundation and Intensive Program

If you have completed at least a Year 11 equivalent qualification and need additional academic support or further English skills to enter the first year of your undergraduate degree, these programs are for you.

BECOME A MACQUARIE STUDENT FROM DAY ONE

Enrol in your standard foundation or intensive program and study in our unique seven-week teaching terms with additional academic and student support.

SUCCESSFULLY COMPLETE YOUR FOUNDATION OR INTENSIVE PROGRAM

Attain the results required for entry into your nominated degree, and enter the your degree in as little as four months.

COMMENCE DEGREE STUDY

Transition to the first year of your undergraduate degree, with improved academic literacy and study skills.

CHOOSE YOUR BACHELOR DEGREE (YEAR ONE)

- Bachelor of Actuarial Studies
- Bachelor of Ancient History
- Bachelor of Applied Finance
- Bachelor of Archaeology
- Bachelor of Arts

Standard Foundation Program

CRICOS CODE
085296J

DURATION 35 weeks (4 terms)
INTAKES Feb, Jul, Sep
FEES A\$28,400
ENGLISH IELTS 5.5 (5.0 in each band)

Pathways

This program is suitable for students who are at least 17 years of age, have completed an Australian Year 11 equivalent education with an average mark of 50 and met the IELTS 5.5 (minimum 5.0 in each band) requirement.

Overview

The Standard Foundation Program is designed to set you up for success when you transition to your dream Macquarie bachelor degree. It is suitable if you have completed Year 11 or equivalent studies and have almost reached university entry requirements, but you still need to improve your academic literacy and study skills.

What you will study

Academic English 1, Digital Intelligence, Academic English 2, Fundamentals of Science, Research for University Studies, Numeracy Skills for Everyday Life, Mathematics for STEM, Digital Media Production, Business Studies

Intensive Program

CRICOS CODE
094320F

DURATION 15 weeks (2 terms)
INTAKES Feb, Apr, Sep
FEES A\$14,200
ENGLISH IELTS 6.0 (5.5 in each band)

Pathways

This program is suitable for students who are at least 17 years of age, have completed an Australian Year 12 equivalent education with a selection rank of 50 or a minimum average mark of 50 on board exams and have met the IELTS 6.0 (minimum 5.5 in each band) requirement.

Overview

The Intensive Program is designed to set you up for success when you transition to your dream Macquarie bachelor degree. It is suitable if you have completed Year 12 or equivalent studies and have almost reached university entry requirements, but you still need to improve your academic literacy and study skills.

What you will study

Research for University Studies, Numeracy Skills for Everyday Life, Mathematics for STEM, Digital Media Production, Business Studies, Fundamentals of Science

Masters qualifying programs

Our masters qualifying programs are designed for students with a post-secondary qualification who do not meet the requirements for direct entry into a master degree.

BECOME A MACQUARIE STUDENT FROM DAY ONE

Enrol in your master qualifying program and study in our unique seven-week teaching terms with additional academic and student support.

ACQUIRE SKILL-BASED COMPETENCIES

Develop the necessary digital, information and academic literacies, as well as the numeracy skills, required for success in your postgraduate studies.

GAIN ENTRY TO 14+ MASTER DEGREES

Gain entry to a range of master degrees in the Macquarie Business School and the Faculty of Science and Engineering.

Masters Qualifying Program in Business

LEARN FROM LEADERS IN ENGLISH LANGUAGE TRAINING

Our teaching staff are leaders in the field and are adept at motivating students. They are highly engaged in their ongoing professional development and are deeply committed to delivering best practice and embracing innovative teaching.

ACCREDITED BY PEAK BODIES

We are accredited by the Australian Government, are an active member of English Australia and University English Centres Australia, and have a quality endorsement from NEAS.

POWER UP AT OUR LEARNING HUB

Your opportunities to improve your English do not end in the classroom. Our dedicated Learning Hub is generally open from 10am to 4pm Monday to Friday, and is very popular with our students. You can choose to study here before or after class to use our online resources and books, do your homework or research a class project.

WORKSHOPS, STUDY GROUPS AND ADVICE

You can also attend free workshops and study groups to develop your speaking, writing, academic skills, grammar and pronunciation, and to check in with our support staff for advice. We deliver about 200 workshops and study groups each year to support your English development.

BUILD YOUR ENGLISH SKILLS OUTSIDE THE CLASSROOM

Take part in a range of free or low-cost social activities that we organise especially for you. By taking part in our social activities program, you can practice your English, make friends, learn new skills and enjoy your time in Australia. The more you practice English, the more your communication skills within Australian society will improve.

A SELECTION OF PROGRAMS TO SUIT YOUR ENGLISH LANGUAGE NEEDS

General English CRICOS CODE 097293B DURATION 5-40 weeks	Pathways To an Academic English program	Overview Our General English courses focus on reading, writing, listening, speaking, grammar and vocabulary in interactive classes to develop your communication skills for everyday use. We have five levels of General English to meet your needs, from elementary to upper intermediate.
Academic English CRICOS CODE 097293B DURATION 5-20 weeks	Pathways To a Direct Entry English program	Overview Our four levels of Academic English (A1-A4) are designed for students who have intermediate to upper-intermediate English language proficiency. Depending on your English level and your goals, you can study Academic English for 5 to 20 weeks. These programs prepare you for academic interactions and study by introducing you to the spoken and written texts and skills you will need for success at University.
Direct entry to Foundation, Intensive or Diploma CRICOS CODE 097293B DURATION 10 weeks	Pathways Direct entry to Macquarie University College Standard Foundation, Intensive or Diploma program	Overview These programs develop the language and academic skills needed to succeed in a diploma, intensive or foundation program offered by Macquarie University College through engaging academic content as well as project work. During these programs, you will have the opportunity to make new friends and use your English outside the classroom to complete group projects. You will also learn to write academic essays, analyse and describe data, understand lectures, take notes, give oral presentations and work collaboratively.
Direct entry to a degree CRICOS CODE 097293B DURATION 5 or 10 weeks	Pathways Direct entry to a Macquarie University degree	Overview These programs are designed for students entering a Macquarie University degree and can be completed in either 5 or 10 weeks, depending on your level of English proficiency. During these programs, you will enhance your English language and academic skills, which will enable you to become a resourceful and self-reliant learner. You will actively engage with content and assignments that foster critical thinking, problem-solving, and discussion skills through collaborative project work. Additionally, you will develop skills related to your chosen field through discipline-specific themes and assessments.

HOW MANY WEEKS OF ENGLISH DO I NEED?

The table below provides an estimate of the number of weeks of English language study you may need. All five components and scores of proficiency (reading, writing, listening and speaking) are considered when recommending the length of English study needed. To make it easy for you, we will recommend the number of weeks required when you submit your application.

CURRENT SCORE (OVERALL)			NUMBER OF WEEKS TO REACH REQUIRED IELTS EQUIVALENCY (OVERALL)				
IELTS	TOEFL/iBT	PEARSON (PTE)	5.5	6.0	6.5	7.0	7.5
4.0	44	30	30-40	40-50	50+	50+	50+
4.5	52	35	20-30	30-40	40-50	50+	50+
5.0	60	41	10-20	20-30	30-40	40-50	50+
5.5	66	49	1-10	10-20	20-30	30-40	40-50
6.0	73	50		1-10	10-20	20-30	30-40
6.5	83	58			1-10	10-20	20-30
7.0	100	65				1-10	10-20

Graduate research programs

Macquarie University has a proud reputation for world-leading research that is recognised internationally. As one of Australia's premier teaching and research institutions, Macquarie is your best choice for a graduate research program.

MASTER OF RESEARCH PATHWAYS

Study at the first university in Australia to introduce an intensive research preparation degree.

COTUTELLE AND JOINT PHD

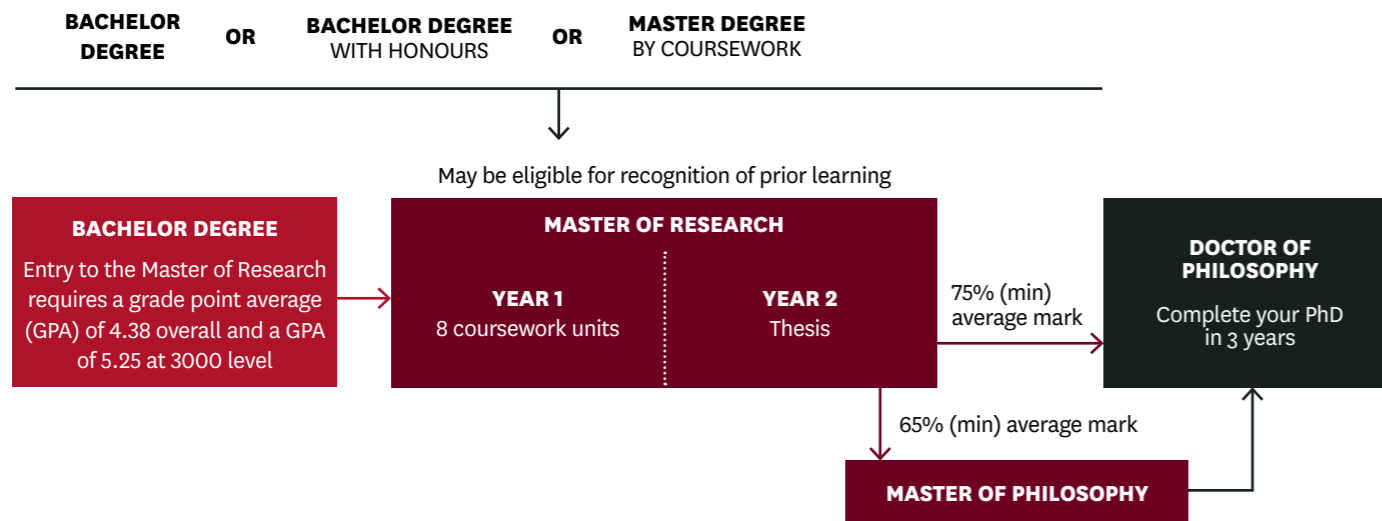

Spread your wings with our international network of research partners.

RESEARCH SUPPORT AND DEVELOPMENT

Access mentoring and development opportunities, enhance your skills and connect with peers.

YOUR PATHWAY TO A PHD

FIND A POTENTIAL RESEARCHER TO SUPPORT YOUR CANDIDACY

As part of the application process, you are required to find a research expert who is interested in your research question and able to supervise you.

Finding a supervisor with the right research expertise and experience to support you through your program is an important step in the application process. At Macquarie, our supervisors are experts in their fields and undertake training and development in research supervision to ensure you get the most out of your research journey.

SEARCH OUR SUPERVISOR DATABASE

To identify a potential supervisor, search Macquarie's supervisor database for research experts in your area of interest. Once you have shortlisted a few, review their profiles to see who aligns the best with your project.

hdrss.mq.edu.au

CONNECT WITH A POTENTIAL SUPERVISOR

The first step in establishing a connection with your potential supervisor is via email, which will help them determine the suitability of your research question, the appropriateness of your research background and if they can supervise the project.

OUR RESEARCH PROGRAMS

Master of Research

Key features

- You will have access to a range of units from a variety of subject areas across the University, allowing you to construct a program relevant to your specific interests.
- In the first year, you will undertake advanced coursework units in your area of study.
- In the second year you will specialise in research preparation, focus on a specific research topic and submit a 20,000-word thesis on your area of expertise.

DURATION 2 years full-time
INTAKES Feb, Jul
ENGLISH IELTS 6.5 (6.0 in each band)

Overview

The Master of Research (MRes) is your main pathway to a Doctor of Philosophy (PhD). If you want to start a career in a research-related industry, formalise the research skills you have developed in the workplace, or are curious about research, the MRes is an ideal place to start.

Entry requirements

The minimum requirement for admission to an MRes degree is a bachelor or higher award from a recognised institution with a minimum overall GPA of 4.38 on a 7-point scale and GPA of 5.25 at or above 3000 level.

Master of Philosophy

Key features

- The program of study requires the submission of a thesis of up to 50,000 words for assessment by at least two examiners who are external to the University.
- In some disciplines, further research training or the completion of a preliminary coursework program in research preparation may be required prior to admission to candidature.

DURATION 2 years full-time
INTAKES Feb, Apr, Jul, Oct
ENGLISH IELTS 6.5 (6.0 in each band)

Overview

The Master of Philosophy (MPhil) is an ungraded degree awarded for research that demonstrates that the candidate has made a contribution to knowledge in a particular field of study. Contribute to understanding in a field by presenting new facts, or demonstrating an independent critical ability to evaluate existing material in a new light.

Entry requirements

The minimum requirement for admission to a MPhil degree is the completion of a Master of Research with at least 65 per cent in second year, or the completion of a two-year master degree with a major research component at Credit level (65 per cent or greater).

Doctor of Philosophy (PhD)

Key features

- Our PhD program will support you to develop the skills and knowledge to operate at the frontiers of knowledge.
- Develop skills like analytical thinking and innovation, complex problem-solving, critical thinking and analysis, leadership and social influence, and technology design and programming, all of which have been identified by the World Economic Forum in the top 10 skills of the future.

DURATION 3 years full-time
INTAKES Feb, Apr, Jul, Oct
ENGLISH IELTS 6.5 (6.0 in each band)

Overview

The Doctor of Philosophy (PhD) is an ungraded degree awarded for research that demonstrates that the candidate has the capacity to conduct significant independent research. At Macquarie we aim to deliver world-leading research and world-changing impact. If you share our passion to not only think about the future but to build it then we invite you to join us.

Entry requirements

The minimum requirement for admission to a PhD degree is the completion of a Master of Research with a grade of at least a Distinction level (75 per cent or greater) in second year, the completion of the Master of Philosophy, or the completion of a two-year master degree with a major research component at Distinction level (75 per cent or greater).

SCHOLARSHIP OPPORTUNITIES

Graduate research scholarships include:

- government-funded scholarships
- Macquarie University-funded scholarships
- co-funded scholarships.

Entry requirements

English language requirements

You must meet Macquarie University's English language requirements to be eligible for a degree. You can satisfy these requirements in a number of ways, depending on your circumstances.

ENGLISH LANGUAGE REQUIREMENTS

For entry to most Macquarie courses, a Competent level of English proficiency equivalent to an overall IELTS score of 6.5 with no band below 6.0 (or equivalent) is required. Some courses – including in education, law and medicine – require a higher level of English proficiency, please see our website for detailed requirements for these courses.

WHAT YOU NEED TO MEET THE REQUIREMENTS

There are several ways you can meet the English language requirements. The most frequently used methods are:

- passing an approved English language test at the required level
- holding a qualification from an approved country with English as the language of instruction
- completing an approved high school qualification or foundation program with study in English
- completing an approved English for Academic Purposes (EAP) program.

The table below lists the accepted equivalencies for the Competent English language requirement.

APPROVED ENGLISH LANGUAGE TESTS	OVERALL	READING	WRITING	LISTENING	SPEAKING
IELTS Academic English	6.5	6.0	6.0	6.0	6.0
TOEFL iBT (internet based)	83	13	21	12	18
Pearson Test of English (PTE) Academic	58	52	52	52	52
Cambridge English: C1 Advanced or C2 Proficiency	180	169	169	169	169
Occupational English Test (OET) for healthcare professionals	-	C+	C+	C/C+	C/C+

APPROVED COUNTRIES FOR ENGLISH AS THE LANGUAGE OF INSTRUCTION

If you completed at least two years of a senior secondary qualification or at least one year full-time study at tertiary level with English as the language of instruction in one of the following countries, you will be deemed to meet the Competent English language requirement. The study must have been completed within five years of your commencement at Macquarie University (some exceptions apply).

American Samoa, Antigua and Barbuda, Australia, Bahamas, Barbados, Belize, Bermuda, Botswana, Cameroon, Canada, Cook Islands, Dominica, Falkland Islands, Fiji, Gambia, Ghana, Gibraltar, Grenada, Guyana, Ireland, Jamaica, Kenya, Kiribati, Lesotho, Liberia, Malawi, Maldives, Mauritius, Namibia, Nauru, New Zealand, Nigeria, Papua New Guinea, Philippines, Samoa, Seychelles, Sierra Leone, Singapore, Solomon Islands, South Africa, Saint Kitts and Nevis, Saint Lucia, Tanzania, Tonga, Trinidad and Tobago, Uganda, United Kingdom (including Northern Ireland), United States of America, Vanuatu, Zambia or Zimbabwe

APPROVED HIGH SCHOOL QUALIFICATION OR FOUNDATION PROGRAM

If you completed one of the qualifications listed at mq.edu.au/english-requirements and achieved the minimum score in the specified English subject, you will be deemed to meet the Competent English language requirement. The study must have been completed within five years of your commencement at Macquarie University (some exceptions apply).

DON'T MEET THE REQUIREMENTS?

If you do not meet the English requirements for entry to Macquarie, take the most direct route with an English preparation program at the Macquarie University College. You can request a packaged offer with English when you apply for admission.

Undergraduate academic entry requirements

HOW SCORES ARE CALCULATED

GLOBAL

GCE A-Levels

Scores for the United Kingdom and international versions of the General Certificate of Education Advanced Level Examinations (GCE A-Levels) are calculated based on the aggregate of the three best A-level subjects using the following conversions: A* = 6, A = 5, B = 4, C = 3, D = 2, E = 1. At least two subjects must have been taken in the same academic year, and the third may be from the preceding or following academic year.

Both the United Kingdom and international versions of the GCE A-Levels administered by Cambridge International Examinations (CIE), Pearson Education International (Edexcel) and Oxford International AQA Examinations are assessed using these tables. Locally administered O-Level and A-Level examinations for Singapore, Sri Lanka and Zimbabwe are assessed using their own separate tables.

GLOBAL

International Baccalaureate

Scores for the International Baccalaureate (IB) are calculated based on the final aggregate result for six subjects, including any bonus points from Theory of Knowledge subject and Extended Essay. This must include one subject from each of Groups 1-5 (Language and Literature, Language Acquisition, Individuals and Societies, Sciences, and Mathematics) and a sixth subject from either Group 6 (Arts) or a second selection from Groups 1-5. A minimum of three subjects must be completed at Higher Level (HL), with the remainder at Standard Level (SL).

AUSTRALIA

HSC or equivalent

Scores for the Australian High School Certificate (HSC) from New South Wales (or equivalent qualifications from other state boards) are based on the Australian Tertiary Admission Rank (ATAR).

AUSTRALIA

Australian Foundation

Scores for Australian Foundation programs recognised by Macquarie University are calculated based on the overall final result out of 10.0 or by converting percentage marks to a 10-point scale. For entry to some degree programs, students may need to have successfully completed suitable Mathematics or other specified subjects as part of their foundation program.

- Accepted foundation programs include:
- Macquarie University Standard Foundation Program or Intensive Program*
 - Australian National University College Foundation Studies Program
 - Monash University Foundation Year
 - University of Adelaide College Foundation Studies
 - University of Melbourne – Trinity College Foundation Studies
 - University of Queensland – IES College Foundation Year
 - University of Sydney – Taylors College Foundation Program
 - University of Western Australia – Taylors College Perth Foundation Program
 - University of New South Wales Global Foundation Program (Standard and Transition)
 - University of Technology Sydney-INSEARCH Foundation Studies Program
 - Western Australian Universities’ (TISC) Foundation Program.

*See mq.edu.au/study/find-a-course for required scores to articulate to degree programs.

CANADA

AHSD

Scores for the Canadian Alberta High School Diploma (AHSD) are calculated as an average of the final official mark for the best four examined Level 30 subjects including English Language Arts 30.

CANADA

BCCG

Scores for the Canadian British Columbia Certificate of Graduation (BCCG) are calculated as an average of final marks of the four best Grade 12 Ministry-developed subjects including English 12.

CANADA

OSSD

Scores for the Canadian Ontario Secondary School Diploma (OSSD) are calculated as an average of the six best Grade 12 subjects including English - ENG4U. Subjects must be designated with a U (university preparation), M (university/college preparation) or Z (university-delivered dual credit).

CHINA

Gao Kao

Scores are based on the final Chinese National Entrance Examination (Gao Kao) score out of 750. Total scores and requirements are different for three provinces: Hainan, Jiangsu and Shanghai.

DENMARK

Danish USSE

Scores for the Danish Upper Secondary School Examination Certificate (USSE) are based on the final examination result of the Studentereksamen (STX) or Hojere Forberedelseksamen (HF).

EUROPE

European Baccalaureate

Scores for the European Baccalaureate (EB) are based on the overall grade for all subjects reported on the final official result certificate.

FIJI

Fijian Year 13 Certificate

Scores for the Fijian Year 13 Certificate are based on the aggregate scores for the four best subjects including English. Subject grades are converted as A = 80, B = 65, C = 50 or 1-2 = 80, 3-4 = 65, 5-6 = 50.

FINLAND

Finnish Matriculation Examination Certificate

Scores for the Finnish Matriculation Examination Certificate are calculated based on the average score of the four best subjects using the following conversions: laudatur = 7, eximia cum laude approbatur = 6, magna cum laude approbatur = 5, cum laude approbatur = 4, lubenter approbatur = 3, approbatur = 2, improbatur (fail) = 0.

FRANCE AND OTHER

French Baccalaureate

Scores are calculated based on the overall grade in the Diplôme du Baccalauréat Général (French Baccalaureate).

GERMANY

Abitur/Fachhochschulreife

Scores are calculated based on the overall grade average (Durchschnittsnote) of the Abitur or Fachhochschulreife.

GREECE

Vevaiosí Prosvasis

Scores for the Greek Vevaiosí Prosvasis (Certificate of Access) examinations are based on the General Admission Grade (out of 20) for all subjects.

HONG KONG

HKDSE

Scores for the Hong Kong Diploma of Secondary Education (HKDSE) are calculated based on the aggregate of the five best Category A and C subjects. Category B subjects are not considered.

Category A (Senior Secondary) subjects include the four compulsory core subjects (Chinese, English, Liberal Studies and Mathematics) and a choice of elective subjects. Category B subjects are Applied Learning electives and Category C subjects are for Other Languages (French, German, Japanese, Spanish, Hindi and Urdu).

Points for all subjects are calculated using the following score conversions: 5*/5* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1.

HUNGARY

Hungarian Matriculation Certificate

Scores for the Hungarian Matriculation Certificate (Gimnáziumi Érettségi Bizonyítvány) are calculated based on the overall average grade on the examination results using the following conversions: Excellent/Very Good (Jelles) = 5, Good (Jó) = 4, Fair/Average (Közepes) = 3, Satisfactory/Pass (Élégéséges) = 2, Fail (Élégtelen) = 1.

INDIA

AISSC

Scores for the All India Senior School Certificate (AISSC) awarded by the Central Board of Secondary Education (CBSE) are calculated based on the average marks of the best four externally examined academic subjects.

INDIA

HSSC

Scores for the Indian Higher Secondary School Certificate (HSSC) from state boards are calculated based on the average marks for all subjects.

INDIA

ISC

Scores for the Indian School Certificate (ISC) awarded by the Council for Indian School Certificate Examinations (CISCE) are calculated based on the average marks for English and the three best academic elective subjects.

INDONESIA

SMA3

Scores for the Ijazah Sekolah Menengah Atas (SMA) are calculated based on the average of the final marks (out of 100) of all Grade 12 subjects.

IRELAND

Leaving Certificate

Scores for the Irish Leaving Certificate (Ardeistiméireacht) are calculated based on an aggregate of the six best subjects, including a minimum of four higher-level subjects. Grades are converted using the following system: Higher-level subjects A1 = 100, A2 = 90, B1 = 85, B2 = 80, B3 = 75, C1 = 70, C2 = 65, C3 = 60, D1 = 55, D2 = 50 and D3 = 45; Ordinary level subjects A1 = 60, A2 = 50, B1 = 45, B2 = 40, B3 = 35, C1 = 30 and C2 = 25.

ISRAEL

Teudat Bagrut

Scores for the Israeli Matriculation Certificate (Teudat Bagrut) are calculated based on the average of all subjects. Grades are calculated using the following conversions: 95-100 = 10, 85-94 = 9, 75-84 = 8, 65-74 = 7, 55-64 = 6, 45-54 = 5, 0-44 = 4.

HOW SCORES ARE CALCULATED

ITALY

Esame di Stato

Scores for the Italian High School State Exam (Esame di Stato) are calculated using the overall grade out of 100. Only the Classical, Scientific and Foreign Languages (classica, scientifica and linguistica) options are accepted.

JAPAN

Japanese National Center Test

Scores for the Japanese National Center Test (大学入試センター試験) are calculated using the average of the seven best subjects’ Hensachi scores. The Center Test results are considered, together with evidence of successful completion of the Upper Secondary School Graduation Diploma (Kotogakko Sotsugyo Shomeisho or 高等学校卒業証書).

KENYA

KCSE

Scores for the Kenyan Certificate of Secondary Education (KCSE) are calculated based on the aggregate score of the best seven subjects using the following conversions: A = 12, A- = 11, B+ = 10, B = 9, B- = 8, C+ = 7, C = 6, C- = 5, D+ = 4, D = 3, D- = 2, E = 1.

LEBANON

Baccalauréat Libanais

Scores for the Baccalauréat Libanais (Lebanese General Secondary Certificate or البكالوريا اللبنانية العامة) are calculated out of 20 based on the overall grade for all subjects (e marks achieved/maximum marks 20).

MALAYSIA

Matrikulasi

Scores are based on the completed Malaysian Matrikulasi Cumulative Grade Point Average (CGPA) using the following scoring system: A = 4.0, A- = 3.67, B+ = 3.33, B = 3.0, B- = 2.67, C+ = 2.33, C = 2.0, C- = 1.67, D+ = 1.33, D = 1.0, F = 0.0.

MALAYSIA

STPM

Scores for the Sijil Tinggi Persekolahan Malaysia (STPM) are calculated based on the aggregate of the best three or four subjects out of a possible five subjects. Scores are calculated using the following conversions: A = 7, A- = 6, B+ = 5, B = 4, B- = 3, C+ = 2, C = 1, C- = 0, D+ = 0, D = 0, F = 0.

MALAYSIA

SMA3

Scores for the Malaysian Unified Examination Certificate (UEC) are calculated based on the average of the four compulsory subjects (Chinese, Malay, English and Mathematics) and the best four other subjects using the following conversions: A1 = 1, A2 = 2, B3 = 3, B4 = 4, B5 = 5, B6 = 6, C7 = 7, C8 = 8, F9 = 9.

NEPAL

HSEC

Scores for the Nepalese Higher Secondary Education Certificate (HSEC) awarded by the Higher Secondary Education Board from 2018 are calculated based on the cumulative GPA (CGPA) of all Year 11 and 12 subjects.

NORWAY

USSE

Scores for the Upper Secondary School Examination Certificate (USSE) are calculated based on the average grade for all subjects. This assessment only applies for the Vitnemål fra den videregående skole. Vitnemål for videregående opplæring or Examen Artium.

PHILIPPINES

High School Diploma

Scores for the Filipino High School Diploma (HSD) are based on the average marks of all Year 12 subjects. Assessment for bachelor entry applies to selected schools only.

SCOTLAND

Scottish National Courses

Scores for the Scottish National Courses are calculated based on the aggregate score of the best four Higher and Advanced Higher Level courses using the following conversions: Higher Level: A-3, B-2, C-1, D-0; Advanced Higher Level: A-5.5, B-4.5, C-3.5, D-2.5.

SINGAPORE

Singapore A-Levels

Scores for the Singapore-Cambridge Advanced Level Examinations (Singapore A-Levels) are calculated based on the aggregate of a maximum of the three best H1 subjects, the three best H2 subjects and the best H3 subject using the following conversions: H1 subjects: A = 2.5, B = 2, C = 1.5, D = 1, E = 0.5; H2 subjects: A = 5, B = 4, C = 3, D = 2, E = 1; H3 subjects: Distinction = 2.5, Merit = 1.5, Pass = 1. Up to one additional H2 or H3 subject may be taken into account for some applicants.

SOUTH AFRICA

NSC

Scores for the South African National Senior Certificate (NSC) are calculated using the average grade of the best four examination subjects, excluding Life Orientation. Candidates must have been awarded the NSC and met the minimum requirements for admission to higher education in South Africa.

SOUTH KOREA

CSAT

Scores for the Korean College Scholastic Ability Test (CSAT) are calculated based on the sum of the Stanine/Grades for either (a) Mathematics and the best two other subjects if the intended Macquarie degree program requires an assumed knowledge of Mathematics, or (b) the three best subjects. Only the following subjects are considered: Language Arts (Korean), English, Investigation subjects (Social Studies or Science options only) and Second Foreign Language subjects. CSAT results must be accompanied by evidence of successful completion of senior secondary studies.

SRI LANKA

Sri Lankan A-Levels

Scores for the Sri Lankan General Certificate of Education Advanced Level Examinations (Sri Lanka A-Levels) are calculated on the basis of the best three subjects using the following conversions: A = 4, B = 3, C = 2, S = 1, F = 0.

SWEDEN

Slutbetyg

Scores for the Swedish Upper Secondary School Leaving Certificate (Slutbetyg från Gymnasieskolan) are based on the average grade for all subjects using the following conversions: A = 20, B = 17.5, C = 15, D = 12.5, E = 10, F = 0.

SWITZERLAND

Swiss Federal Maturity Certificate

Scores for the Swiss Federal Maturity Certificate are calculated based on the aggregate score for all 12 subjects and the Maturity Project.

mq.edu.au/academic-requirements

Postgraduate academic entry requirements

Our students come from diverse backgrounds and bring a range of qualifications and perspectives that make studying at Macquarie an exciting experience.

POSTGRADUATE

The course listings in this guide will note the specific entry requirements for our postgraduate (master) coursework degrees. In most cases, entry requires a qualification recognised at Australian bachelor degree level or higher. Our Admissions team will determine whether your bachelor degree meets the requirement when you apply to Macquarie.

Entry to some courses may require a degree in a specific or related field of study and/or achievement of a particular weighted average

mark (WAM) out of 100. Relevant work experience or professional accreditation may also be considered.

WEIGHTED AVERAGE MARK

A weighted average mark (WAM) represents your overall academic performance and is based on a percentage average (out of 100) of all your attempted study. The tables below and on the next page provide indicative WAM conversions for common grading systems in your country.

MACQUARIE UNIVERSITY INDICATIVE WAM EQUIVALENCIES (100-POINT SCALE WHERE 50 IS THE MINIMUM PASS SCORE)

COUNTRY	GRADING SYSTEM	WAM 50/MINIMUM ACCEPTED SCORE	WAM 55	WAM 60	WAM 65
Australia	Group A: 100-point scale where Pass = 50–64 and Credit = 65–74	50 (Pass average)	55 (Pass average)	60 (Pass average)	65 (Credit average)
	Group B: 100-point scale where Pass = 50–59 and Credit = 60–69	50 (Pass average)	53 (Pass average)	57 (Pass average)	60 (Credit average)
	Group C: 7-point GPA scale where Pass = GPA 4.0 and Credit = GPA 5.0	4.0 (Pass average)	4.3 (Pass average)	4.7 (Pass average)	5.0 (Credit average)
	Group D: 4-point GPA scale where Pass = GPA 2.0 and Credit = GPA 3.0	2.0 (Pass average)	2.2 (Pass average)	2.5 (Pass average)	2.7 (Credit average)
	Group E: 4-point GPA scale where Pass = GPA 1.0 and Credit = GPA 2.0	1.0 (Pass average)	1.3 (Pass average)	1.7 (Pass average)	2.0 (Credit average)
Bangladesh	Groups A: 4-point GPA where GPA 2.0 = Grade D or C	2.0 (C or D average)	2.2 (C or D average)	2.5 (C+ average)	2.7 (B- average)
	Group B: 4-point GPA where GPA 2.25 = Grade D	2.2 (D average)	2.4 (D/D+ average)	2.6 (D+/C average)	2.8 (C average)
Brazil	10-point scale where 5 is the minimum full pass	5.0 (médio/regular)	5.6 (médio/regular)	6.7 (médio/regular)	7.4 (médio superior/bom)
	10-point scale where 6 is the minimum full pass	6.0 (médio/regular)	6.4 (médio/regular)	6.9 (médio/regular)	7.3 (médio superior/bom)
Canada	Group A: 4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
	Group B: Percentage where Grade C or Satisfactory is between 60 and 69%	60 (C average)	64 (C average)	69 (C+ average)	73 (B-/B average)
Chile	7-point scale where 4.0 is the minimum full pass	4.0 (suficiente)	4.3 (suficiente)	4.7 (suficiente)	5.0 (bueno)
China	Percentage where 60% is minimum pass	60 (及格 Pass)	64 (及格 Pass)	69 (及格 Pass)	73 (中 Good)
Colombia	5-point scale where 3.0 is the minimum full pass	3.0 (Satisfactorio)	3.2 (Satisfactorio)	3.5 (Bueno)	3.7 (Bueno)
France	Group A (Grande Écoles): 20-point scale where 10 is minimum full pass	10.0 (Passable)	10.5 (Passable)	11.0 (Passable)	11.5 (Passable)
	Group B (other institutions): 20-point scale where 10 is minimum full pass	10.0 (Passable)	10.7 (Passable)	11.3 (Passable)	12.0 (Assez Bien)
Germany	Group A (non-law graduates): Reverse 5-point scale where 4.0 is minimum full pass (units graded out of 15)	4.0 (ausreichend)	3.7 (ausreichend)	3.3 (ausreichend)	3.0 (befriedigend)
	Group B (law graduates): 18-point scale where 4 is minimum full pass	4 (ausreichend)	5 (ausreichend)	7 (befriedigend)	8 (befriedigend)
Hong Kong	4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)

Master of Information Systems Management CRICOS CODE 099171G	IELTS 6.5 (6.0 in each band)	A\$42,600 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Information Technology in Cyber Security CRICOS CODE 099172F	IELTS 6.5 (6.0 in each band)	A\$42,600 Feb, Jul	Australian bachelor qualification in cyber security or recognised equivalent with a WAM of 65
Master of Information Technology in Networking CRICOS CODE 099173E	IELTS 6.5 (6.0 in each band)	A\$42,600 Feb, Jul	Australian bachelor qualification in information technology or recognised equivalent with a WAM of 65
Master of Intelligence CRICOS CODE 095115C	IELTS 6.5 (6.0 in each band)	A\$41,400 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of International Business CRICOS CODE 083791K	IELTS 6.5 (6.0 in each band)	A\$43,200 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of International Relations CRICOS CODE 099175C	IELTS 6.5 (6.0 in each band)	A\$41,400 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of International Trade and Commerce Law CRICOS CODE 045284M	IELTS 6.5 (6.0 in each band)	A\$43,200 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Laws CRICOS CODE 047337J	IELTS 6.5 (6.0 in each band)	A\$43,200 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Management CRICOS CODE 083800C	IELTS 6.5 (6.0 in each band)	A\$43,200 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Marketing CRICOS CODE 099181E	IELTS 6.5 (6.0 in each band)	A\$43,200 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Media and Communications CRICOS CODE 099507K	IELTS 6.5 (6.0 in each band)	A\$37,900 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Public and Social Policy CRICOS CODE 099509G	IELTS 6.5 (6.0 in each band)	A\$37,500 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Security and Strategic Studies CRICOS CODE 095120F	IELTS 6.5 (6.0 in each band)	A\$41,400 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Sustainable Development CRICOS CODE 083810A	IELTS 6.5 (6.0 in each band)	A\$43,200 Feb, Jul	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65

Get ready for (YOU)^{us}

Applying to study in Australia is a big step, and it can be both challenging and exciting. We understand these challenges, and we're here to help you every step of the way. Over the next few pages, we explain everything you need to know about the application process, scholarships, fees and costs, and entry requirements.

Scholarships

Macquarie University has one of the most generous international scholarship programs in Australia, with opportunities available for undergraduate and postgraduate students. With more than \$4 million in scholarships and grants, we have a wide range of opportunities to support international students who want to study with us.

VICE-CHANCELLOR'S INTERNATIONAL SCHOLARSHIP

Highly competitive, based on academic merit and valued up to A\$10,000 applied towards your tuition fees. Applicants must complete an online application after receiving a full course offer.

COUNTRY AND REGIONAL SCHOLARSHIP

Scholarships are available for undergraduate and postgraduate students of select countries. The scholarship amount is applied towards your tuition fees for the duration of your course. Eligible students will be assessed automatically for this scholarship at the time of course application.

ENGLISH LANGUAGE SCHOLARSHIP

A 50 per cent tuition fee scholarship for English language programs of up to 10 weeks, when packaged with a coursework degree, for students from select countries. Eligible students will be assessed automatically for this scholarship at the time of course application.

MACQUARIE UNIVERSITY COLLEGE SCHOLARSHIP

A one-off tuition fee grant of A\$3000 is deducted from your commencement fee for students commencing a diploma or the Standard Foundation Program at Macquarie University College. Eligible students will be assessed automatically for this scholarship at the time of course application.

MERIT-BASED SCHOLARSHIPS

Macquarie University awards a range of merit-based scholarships for students in select disciplines.

PARTNER- AND GOVERNMENT-FUNDED SCHOLARSHIPS

Macquarie is an approved provider for many international government and academic institution scholarship programs. We also warmly welcome recipients of Australian Government-funded scholarships.

UAC INTERNATIONAL SCHOLARSHIP

One-off scholarships are awarded to students applying for a Macquarie University bachelor degree through the Universities Admissions Centre (UAC). Eligible students will be assessed automatically for this scholarship at the time of course application.

ALUMNI SCHOLARSHIP

A 10 per cent tuition fee scholarship for the duration of a postgraduate coursework degree for alumni of Macquarie University. Eligible students will be assessed automatically for this scholarship at the time of course application.

Living and working in Sydney

There are financial requirements you must meet to receive an Australian student visa, and you may need to provide evidence you have enough money to cover the costs and expenses of your travel and your stay in Australia.

Knowing the average living costs in Australia is an important part of your financial preparation, and your living expenses will depend on your lifestyle preferences. To get a better idea of what it will cost you to live in Australia, check out Study Australia's Cost of Living Calculator.

FIND OUT MORE
costofliving.studyaustralia.gov.au

Work restrictions apply for student visa holders. The maximum number of hours that may be worked during study terms and semesters is 48 hours per fortnight. This ensures that students focus on obtaining a quality Australian education and qualification. While undertaking work commitments, students must maintain their course enrolment, ensure satisfactory course attendance and course progress. Learn more from the Department of Home Affairs.

- 1. CHOOSE YOUR COURSE**
courses.mq.edu.au
- 2. CHECK ENTRY REQUIREMENTS**
See if your current qualification is recognised and convert your current qualification score into an International Selection Rank. Ensure you meet the English language requirements for your chosen course. Check if you are eligible for recognition of prior learning (RPL).
- 3. CHECK SCHOLARSHIP ELIGIBILITY**
mq.edu.au/scholarships
- 4. SUBMIT AN APPLICATION**

Apply directly online for free 	OR Apply through an authorised agent 
---	---

Approved representatives can help you with your application and may offer package plans to add value to the standard package. Macquarie University only accepts applications from official representatives under contract to provide professional and reliable advice.
- 5. RECEIVE YOUR OFFER**
Congratulations and welcome to Macquarie.
To secure your place, all you need to do is accept your offer. Details on completing your enrolment will be provided prior to your program commencement.

Get ready to join us on campus

We are excited to welcome you into our diverse, globally connected community of scholars and researchers. Whether you are an undergraduate student or commencing postgraduate studies, it is important to us that you start at Macquarie knowing everything you need to succeed.

YOUR ARRIVAL CHECKLIST

- 1. APPLY FOR YOUR VISA**
After you receive your Confirmation of Enrolment from Macquarie, apply for your student visa.
- 2. ORGANISE MANDATORY HEALTH COVER**
Organise Overseas Student Health Cover through our chosen provider of Overseas Student Health Cover, Medibank. Health cover helps international students cover their medical costs while in Australia.
- 3. FIND SOMEWHERE TO STAY**
Secure your accommodation in Sydney. Refer to page 24 in this guide for student accommodation options.
- 4. BOOK YOUR FLIGHTS**
- 5. PACK YOUR BAGS**
- 6. ARRIVE IN TIME FOR KICKSTART**
- 7. GET TO KNOW SYDNEY**
For more information on studying in Sydney visit the Study NSW website.
