

2017 Diploma of Accounting, Commerce and Business Administration

This program provides an introduction to general business studies. The program is equivalent to the first year of an undergraduate commerce degree and will facilitate articulation into the second year of an undergraduate program offered by the Faculty of Business and Economics. Students will be introduced to fundamental knowledge and concepts in business, such as accounting, finance, marketing, economics, statistics and management.

The table below is a suggested diploma program guide to support your enrolment. Please make your selection of units after reviewing the requirements of your award in the 2017 Handbook
