Enterprise Partnership Scheme

Enterprise Partnership Scheme

The Enterprise Partnership Scheme has two distinct components. Intending applicants should familiarise themselves with the

scheme funding guidelines which are available, along with the additional helpful information and resources, from this webpage.

Partnership Seed Funding

To fund travel to secure a new partner(s) for a collaborative research project.

Pilot Project Grant

For a 1 year pilot research project with a new research partner.

Submission & Review Process:

To commence the application, please enter your scheme & project title below and click "Start Application".

Once you have completed all of the sections and mandatory questions, please click on the "Save and Submit" button. This will submit the application to your Research Partnership Manager, who will let you know if anything additional is required. If complete, the Research Partnership Manager will finalise your application, which will then automatically generate a Pure recording containing your final application which will go for Head of Department and Faculty formal approvals. When complete, your application will proceed for assessment and you will be notified once an outcome is available.

Attach your Project Outline as a PDF file by clicking on the paperclip symbol at the top right of this screen.

It is recommended you use the template available from the "Resources" section of **"MQ Enterprise Partnership Scheme"**.
Address the following 2 sections:

Section 1. Proposed project for potential partner involvement (2 pages maximum). Include a short project summary, including i) A description of the opportunity for engaging with end-users in this research, ii) Intended future funding sources, and iii) Timelines.

Section 2. Plan for securing partner organisation(s) (maximum 1 page).
Include rationale for approaching the named potential partner(s) (e.g. expertise, data, cohort, equipment, etc). What activities are planned to secure this partner, and why is it essential to do this face to face?
