When your potential is multiplied by a university built for collaboration, anything can be achieved.

YOU TO THE POWER OF US
At Macquarie, we have discovered the human equation for success. By knocking down the walls between departments, and unifying the powerhouses of research and industry, human collaboration can flourish. This is the exponential power of our collective, where potential is multiplied by a campus and curriculum designed to foster collaboration for the benefit of everyone. Because we believe when we all work together, we multiply our ability to achieve remarkable things.

INTERNATIONAL STUDENT GUIDE 2021 MQ.EDU.AU
WORLD-CLASS EDUCATION SYSTEM
Australia is one of the standard-setters for excellence in education internationally. The education sector in Australia is based on a network of world-leading education providers, and is underpinned by an enviable system of quality control and government accreditation. Macquarie University joins Australia’s globally ranked universities in the top 200 in the world (Times Higher Education World University Rankings, 2021).

EMPLOYABILITY-FOCUSED DEGREES
Many courses in Australia are structured to help you make the successful transition to your dream career. The internships and industry work experience which are embedded in your course, ensure you are ready for work and well equipped with up-to-date, practical skills demanded by employers. Macquarie’s PACE (Professional and Community Engagement) program connects you to more than 30,000 work placements or community experiences with our industry partners.

SAFE AND MULTICULTURAL ENVIRONMENT
Australia’s advanced economy, stable democracy and cultural diversity ensures you can feel safe and welcome. In all major cities, you will enjoy a safe and high standard of living, with the quality of healthcare, transport and infrastructure all above international averages. Thirty per cent* of the Australian population was born overseas, contributing to the nation’s rich cultural diversity. Sydney, where Macquarie is located, is consistently ranked in the best student cities in the world for its safety and multicultural lifestyle.

REWARDING AND SUPPORTED STUDENT EXPERIENCE
Many universities, including Macquarie, have dedicated, qualified international student, academic and career counsellors to help you make the most of your time here. Your life on campus will be enriched with many extracurricular activities, while your adventures off campus will take you to many world-famous tourist destinations in the land down under.

EMPLOYMENT OPPORTUNITIES FOR INTERNATIONAL STUDENTS
Australia is a great place to work as an international student, with opportunities for you to work part time while studying subject to your visa conditions. If you are interested in staying in Australia to work after you graduate, you may be eligible for the Post-Study Work stream of the Temporary Graduate Visa^ subject to meeting the requirements of the Australian Department of Home Affairs.

Visit immi.homeaffairs.gov.au for more information.

THE AUSTRALIAN ADVANTAGE

Australia is known as one of the world’s most diverse and welcoming countries. Experience a cutting-edge and globally recognised Australian education and get ready for a world of learning and career opportunities in a safe, friendly environment.
If you are looking for a safe and friendly destination offering a dynamic, multicultural experience while you study, look no further than Sydney.
CONNECTED INTELLIGENCE

The world’s challenges are complex and interrelated. The solutions require thinking that’s not constrained by traditional academic boundaries. With a collegial and cross-disciplinary approach at the heart of our ethos, Macquarie is recognised globally for our pre-eminence in research in a broad range of areas.

REAL-WORLD RESEARCH IMPACT
In applying our research, our discoveries translate into real improvements for local, national and global communities. One such discovery is wi-fi, which our researchers co-developed with CSIRO (the Commonwealth Scientific and Industrial Research Organisation), which has transformed the way the world accesses the internet. Other innovations such as shark-deterrent surfboards, archaeology at the cutting edge of technology, hearing treatments that unlock a world of possibilities and synthetic yeast that could feed billions demonstrate our collective intelligence and potential to solve real-world problems.

OUTSTANDING ON THE WORLD STAGE
We are ranked among the highest-performing research universities in Australia. In the 2018 Excellence in Research for Australia (ERA) evaluation, we achieved the highest rating of 5 – outstanding performance well above world standard – in agricultural and veterinary sciences and physical sciences. In total, 100 per cent of our research activity is ranked at world standard or above.

FUTURE-FOCUSED RESEARCH AGENDA
Our five future-shaping research priorities – Healthy People, Resilient Societies, Prosperous Economies, Secure Planet and Innovative Technologies – provide a focal point for cross-disciplinary research that draws on the deep disciplinary strengths Macquarie is known for, and which are aligned with the national research agenda and global challenges of significance.

Our 126-hectare campus is home to more than 44,000 students and 3000 staff. We have invested more than $1 billion in our world-leading facilities and infrastructure, so you can thrive in an environment that’s inspiring and switched on to the latest digital technologies.

A CAMPUS BUILT FOR (YOU)

Our 126-hectare campus is home to more than 44,000 students and 3000 staff. We have invested more than $1 billion in our world-leading facilities and infrastructure, so you can thrive in an environment that’s inspiring and switched on to the latest digital technologies.

**ARTS PRECINCT**
A transformative learning and research environment for the Faculty of Arts, giving students and researchers enhanced learning facilities and an immersive environment for languages and culture.

**MACQUARIE UNIVERSITY INCUBATOR**
A dynamic space where researchers, students, staff and industry partners collaborate to foster innovation and entrepreneurship.

**LIBRARY**
Featuring millions of academics resources, group and quiet study areas, computers, printers and copiers, presentation practice pods, a café and Australian-first high-tech robotic cranes that deliver books in minutes.

**FINANCE DECISION LAB**
A collaborative learning, teaching and research space where real-time financial data, global business intelligence and your analytical contribution meet.

**MACQUARIE UNIVERSITY HOSPITAL**
Australia’s first not-for-profit teaching hospital on a university campus. The hospital is part of MQ Health, a fully integrated academic health science centre fostering excellence in academic research and industry practice.

**ENGINEERING LAB**
Houses research and teaching facilities in high-power electrical, future networks and software-defined networking, mechanical group projects and robotics.
WHERE COLLABORATION MEETS INNOVATION

Macquarie University is a key partner in the Macquarie Park Innovation District – Australia’s premier innovation hub. Bringing together talented students, pioneering academic researchers and seasoned industry professionals, the vibrant technology park is set to transform the way collaboration and innovation is catalysed.

VENTURE CAFE SYDNEY
Venture Cafe Sydney will connect you with creators, investors and innovators who are based within Macquarie Park and beyond. As part of the global network of Venture Cafes, our Sydney branch aims to build an innovation ecosystem through our regular programs and networking activities between students, researchers, entrepreneurs, corporates, investors and governmental organisations.

ON-CAMPUS INNOVATION HUB
The Macquarie University Chi Wah Foundation Incubator is a thriving nexus that will connect you with the broader start-up and entrepreneur community so you can explore, develop and scale your business idea. At the incubator, you can take part in a year-round calendar of entrepreneurial programs, business workshops, international exchanges and networking activities.

BUILD YOUR INDUSTRY NETWORKS
Could there be a better way to connect with future employers in some of the country’s leading organisations than by studying alongside them? Macquarie University is well-positioned in Sydney’s fastest growing business region. On our campus, you’ll get first-hand exposure to real-world industry practice, network with professionals and learn from some of the best business minds in the world.

Macquarie is uniquely located in the heart of Australia’s largest high-tech precinct. Such a location enables you to connect with future employers in some of the country’s leading organisations while you’re studying. Our industry partners also co-design our degrees to ensure that you’ll graduate in demand with the most relevant skill set for the workforce of tomorrow.

MORE THAN 300 LEADING COMPANIES LOCATED ON OR AROUND CAMPUS:

- 3M Australia
- Abbott
- AMP Capital
- AstraZeneca
- Canon
- Cochlear
- CSIRO
- Fujitsu
- Hyundai
- Johnson & Johnson
- Konica Minolta
- Optus
- Philips
- Sony
FUTURE SUCCESS SECURED FOR (YOU)

A career that is rewarding and makes a measurable difference in the world is the dream of many. To help you succeed, we have established a set of career accelerator initiatives through which we will educate, enable and empower you to launch your career in whatever field ignites your passion.

PROFESSIONAL AND COMMUNITY ENGAGEMENT (PACE)
Our unique PACE program – the only one of its kind in Australia – gives you practical experience that’s fully integrated into your course. The possibilities are endless – you could intern at an international corporation, join a start-up as one of its first employees or work with local councils to develop community engagement strategies. Our PACE industry partners include international leading organisations such as Konica Minolta, Cochlear and Engineers without Borders Australia.

GLOBAL LEADERSHIP PROGRAM
Our Global Leadership Program is Australia’s flagship tertiary international leadership program, which aims to develop you into a global leader of tomorrow. The programs offers many opportunities to learn cross-cultural leadership skills and explore global issues in the form of internships, volunteer experiences and conferences.

INTERNATIONAL EXCHANGE PROGRAM
Our Student Exchange program is one of the best in Australia, helping you develop desirable job-ready skills before you graduate and getting academic credit at one of our partner institutions. With our generous mobility grant programs, you can choose to undertake a short-term or semester exchange program, learn a new language and make friends from around the world.

CAREER AND EMPLOYMENT SERVICE
Our on-campus dedicated Career and Employment team assists you in planning for your career, searching and applying for jobs, preparing your résumé and connecting you with industry professionals and recruiters. At any time during your study, you can attend free seminars, get your résumé reviewed, access online resources or book a one-on-one appointment with a careers consultant.

MACQUARIE STUDENT EMPLOYMENT
The Macquarie Student Employment program helps you gain access to paid employment opportunities on and off campus. Paid employment while studying helps you enhance your employability and develop a range of skills while easing the cost of university study.

97% of graduates found employment within 12 months of graduation (QS Graduate Employability Rankings, 2020)

30,000 work placements or community experiences embedded in our courses

2500 industry partners giving you access to professional networks and opportunities

170 exchange partners in more than 45 countries

Australia’s BEST EMPLOYABILITY PROGRAM
PACE (Professional and Community Engagement) program (2017 AFR Higher Education Award)
University is about much more than graduating with a degree. It’s also about awakening your adventurous side and trying new things, creating networks on campus and around the globe, and, most importantly, making friendships that can last a lifetime. However, we know that adjusting to university life can be challenging. To help out, Macquarie offers a range of free resources and support programs that you can access throughout your course.

**STUDENT CLUBS AND SOCIETIES**
With more than 130 student groups and sport clubs, Macquarie offers ample opportunities to meet new people, experience other cultures, test ideas and develop personal skills. Created and run by students, student groups help you grow your interests or explore a new hobby.

**SPORT AND AQUATIC CENTRE**
The Macquarie University Sport and Aquatic Centre is a multipurpose fitness venue with a state-of-the-art health club, heated 50-metre and 25-metre indoor swimming pools, football and soccer fields, basketball and squash courts, and more.

**ORIENTATION WEEK**
A week-long orientation program is held before classes start. You can find out about student groups, support services and extra-curricular programs while meeting new friends from around the world.

**EVENTS ON CAMPUS**
You’ll always find something of interest at Macquarie, whether it’s movie screenings, cultural festivals, theatre performances or art exhibitions. Every year, we also host an annual music festival – Re:Conception, bringing together our community in a fun night of music and entertainment.

**STUDENT WELLBEING**
We offer a suite of health and wellbeing services – counselling, disability, welfare, advocacy, medical and religious support – that you can take advantage of any time during your course.

**ACADEMIC SUPPORT**
Macquarie offers individual consultations, free workshops and online resources to help you with academic writing, English language skills, exam strategies, online learning technology and more.

**PEER MENTORS**
Mentors are current students who can help you find your way around campus and give you tips on how to settle into life at Macquarie. You can select and connect with your mentor during Orientation Week.

**DEDICATED INTERNATIONAL STUDENT SUPPORT**
With dedicated international student advisors, we can provide you with personalised advice and support programs about all aspects of university life, your student visa, your wellbeing and your academic performance. Macquarie is also the first university in New South Wales to offer you free access to My Legal Mate, an innovative and multilingual legal information app.
Macquarie University is a campus you can call home. Uni life includes more than study. It’s an experience in itself. There’s no better way to get the most out of your time at Macquarie than in our on-campus premium accommodation.

**NEW UNIVERSITY RESIDENCE**

Newly opened in early 2021, our new student accommodation will be all the buzz around campus! Designed as part of the Central Courtyard precinct, our premium accommodation offers 342 rooms with the option of studio, twin-, four- or six-bedroom apartments. This University owned and managed accommodation was created to set you up for success at University and beyond. Our secure, inclusive and healthy environment brings you the best of all worlds. Enjoy a busy social calendar, make friends from across the world and excel at university with our unparalleled on-site support.

**WHY CHOOSE US?**

- Join a diverse and welcoming university community
- Secure building access and 24/7 onsite service team
- Enjoy exceptional facilities such as games rooms, communal kitchens, air conditioning, study spaces and fast internet access
- Fun, vibrant and diverse Residential Life Program
- Access on-site residential advisors, peer mentors, tutoring options and support workshops
- Seamless transition to an independent lifestyle every step of the way

**OTHER ACCOMMODATION OPTIONS**

**DUNMORE LANG COLLEGE**

An all-inclusive college with a strong focus on artistic, recreational and educational pursuits. Full board options, gym membership and tutoring are included.

**MORLING RESIDENTIAL COLLEGE**

A 100-bed facility situated next to campus offering a wide range of affordable accommodation options, from catered to independent living.

**HOMESTAY**

Homestay - living with a family - provides you with your own bedroom, meals and a quiet place to study. Clothes washing and other services may be provided.

**MACQUARIE UNIVERSITY VILLAGE**

Combines independent, apartment-style living with a busy social events calendar and a 24 hour support network. Enjoy living just minutes from class.

**ROBERT MENZIES COLLEGE**

Offers both self-catered and fully-catered accommodation in private, fully furnished study bedrooms with shared bathrooms or private ensuites.

**PRIVATE ACCOMMODATION**

Private off-campus accommodation is offered exclusively to Macquarie students and vetted by the Macquarie Accommodation team.

**INTERNATIONAL STUDENT GUIDE 2021**

COURSES MADE FOR (YOU)²

It's our unique approach for learning inspired by the world of ever-increasing change. Imagine being empowered with greater choice, flexibility and diversity to meet this change. Well, that’s exactly what we embody in our innovative curriculum.

More flexible and better aligned to your needs, our curriculum will deliver you a richer experience that will enable you to gain broader or more specialised knowledge in the areas that interest you and empower you to pursue the careers of tomorrow.

Courses made by YOU to the power of us.
It’s our mission at Macquarie to prepare our students for the future – whatever it’s going to look like. With experts predicting that by 2025, around 50% of jobs as we know them today won’t exist, it’s vital that when you graduate from Macquarie, you have a skill set that allows you to reinvent yourself in any industry.

To prepare you for the future, we have created a course structure that allows you to graduate sooner and complete a Master degree in as little as 1 year.

Depending on your prior qualifications, work experience or other recognised prior learning, you may be eligible for a 1 year admission point. The 1 year admission point only requires you to complete the Core Zone units, covering the specific disciplinary or professional requirements of the course.

Refer to page 105 for more information about our 1 year Master degrees.

INTRODUCING AUSTRALIA’S LARGEST RANGE OF 1 YEAR MASTER DEGREES

30+
CHOOSE FROM 30+
Master degrees to study in 1 year

SAVE TIME AND MONEY
when completing your studies

WIDE RANGE
of relevant bachelor degrees for entry

THE FUTURE’S IN YOUR HANDS

Macquarie has always considered our students to be co-creators in their learning. One of the most exciting features of our curriculum is around your ability to study two degrees at once.

Interested in studying business administration and arts? How about finance and IT or media and communications with marketing? Or maybe you’re interested in a less traditional combination – how about science with commerce? We’ve put together a list of pre-approved preferred double combinations for you to choose from.

Refer to page 106 for more information about our double degrees.*

START YOUR CAREER SOONER

Double degrees fast-track your study – you usually complete a double degree one or even two years faster than you would undertaking each degree on its own. This not only saves you time, but money as well.

IMPROVE YOUR EMPLOYMENT PROSPECTS

Double degrees involve studying two complementary or completely different degrees and can increase your career flexibility and lead to greater employment prospects.

FEED YOUR CURIOSITY

By undertaking one of our double degrees, you can feed your curiosity and look at things from multiple perspectives – all while gaining two high-quality qualifications.

* Some double degree exclusions apply.

Note: Each of the listed double degrees on page 106 is registered on CRICOS with the full name ‘Bachelor/Master of Combined Studies in (chosen combination of areas of study)’.

**CAREER OPPORTUNITIES**
Senior positions within banking, corporate finance, stockbroking, investment management, venture capital, project finance and risk management firms in Australia and overseas.
There might be alternative ways to meet the academic requirements. For more information visit courses.mq.edu.au

The academic requirement listed is applicable to the longest postgraduate course duration. Academic requirements vary based on the admission point that you choose.
To be an effective teacher in today’s rapidly changing environment, it’s important that you possess several key attributes. As a Macquarie teaching graduate, you’ll benefit from our uniquely developed 5Rs framework. Through this framework, you’ll become a teacher who is resilient, reflexive, responsive, ready to learn and research engaged. Backed by this distinct skill set, you’ll inspire, enrich lives, and empower individuals to realise their full intellectual and social potential. You’ll also enjoy deep relationships with hub and partner schools, which will enable ongoing engagement with teachers and classrooms to enhance your learning.

Industry-designed degrees
Macquarie places emphasis on building career skills, offering multiple opportunities for practical experience in a variety of classroom settings. Students work towards teacher accreditation as required by the Australian Children’s Education & Care Quality Authority (ACECQA) and NSW Education Standards Authority (NESA).

Degrees with internships
Macquarie’s multi-award-winning Professional and Community Engagement (PACE) program offers you opportunities to engage with real-world teachers and classrooms in our hub and partner schools. You can get access to the classroom for year 1 and start your professional experience from year 2.

World-class facilities
Teach in our simulated classrooms and science labs or work with emerging technologies that are pushing the boundaries of education. You’ll also gain access to our internationally recognised on-campus Mia Mia Child and Family Study Centre, and MUSEC (the Macquarie University Special Education Centre) where you can work with children K–6 with special learning needs.
Overview
In the Bachelor of Arts component of this double degree, you’ll choose an academic major in the discipline of your first teaching subject. You may also choose to undertake a second teaching subject. The Bachelor of Education (Secondary) component will provide you with the equivalent of two years’ full-time professional study.

MAJORS
Ancient History • Anthropology • Applied Ethics • Chinese Studies • Creative Writing • Criminology • Early Childhood Teaching • Education • English • French and Francophone Studies • Gender Studies • Geography • German Studies • Indigenous Studies • International Relations • Japanese Studies • Media, Culture and Communications • Modern History • Music Studies • Performing Arts • and Entertainment Industries • Philosophy • Politics • Psychological Sciences • Social Justice • Sociology • Spanish and Latin American Studies

KEY FEATURES
- Engage and observe in classroom contexts from your first year with professional experience placements starting from second year
- Acquire the skills to apply subject content knowledge to design learning experiences that reflect evidence-based best practice

ACCREDITATION
Graduates are eligible to teach in government and non-government schools. This degree is accredited by the NSW Education Standards Authority (NESA), and is recognised nationally and internationally by education providers.

CAREER OPPORTUNITIES
Primary teacher, education officer within a range of public and private institutions.

BACHELOR OF Education

Overview
In the Bachelor of Education (Secondary) component of this double degree, you’ll choose an academic major in the discipline of your first teaching subject. You may also choose to undertake a second teaching subject. The Bachelor of Education (Secondary) component will provide you with the equivalent of two years’ full-time professional study.

MAJORS
Astronomy and Astrophysics • Biology • Biomedical Sciences • Chemistry • Earth and Environmental Sciences • Geography • Human Biology • Mathematics • Physics • Psychological Sciences • Statistical Modelling

KEY FEATURES
- Engage and observe in classroom contexts from your first year with professional experience placements starting from second year
- Acquire the skills to apply subject content knowledge to design learning experiences that reflect evidence-based best practice

ACCREDITATION
Graduates are eligible to teach in government and non-government schools. This degree is accredited by the NSW Education Standards Authority (NESA), and is recognised nationally and internationally by education providers.

CAREER OPPORTUNITIES
Secondary teacher, education officer within a range of public and private institutions.

BACHELOR OF Teaching (Early Childhood Education)

Overview
Earn skills in science, technology, engineering and mathematics (STEM) and in demand across the globe. Preparing the next generation of competitive workers requires teachers who can inspire a love of STEM. High-quality teachers are important role models—guiding students during what can be an exciting and challenging time in their lives.

MAJORS
Astronomy and Astrophysics • Biology • Biomedical Sciences • Chemistry • Earth and Environmental Sciences • Geography • Human Biology • Mathematics • Physics • Psychological Sciences • Statistical Modelling

KEY FEATURES
- Undertake professional experience in early childhood settings from first year to make connections between theory and real-world practice
- Access training through Macquarie’s Early Childhood Family Study Centre

CAREER OPPORTUNITIES
Early childhood teacher in government agencies, non-government organisations, private and community-owned early childhood settings.

BACHELOR OF Science and Bachelor of Education (Secondary)

This course can be completed in one year, subject to meeting the entry requirements for the one-year admission point. See page 105 or visit courses.mq.edu.au for more information.
“From the tailored education degrees, which are designed to fit each individual student’s interests, to the academic support on offer, the learning environment at Macquarie is unrivalled. Macquarie has great relationships with schools from all across Sydney, and it’s through our teaching practicum experiences with these schools that we really get to start to experience what life will be like as a teacher. Macquarie also offers teaching seminars, information nights and range of advice for pre-service teachers, so I feel very confident that when I leave Macquarie, I’ll be as prepared as I can be for my chosen career.”

Ella Reilly
BACHELOR OF ARTS AND BACHELOR OF EDUCATION (PRIMARY)
Our engineering program uniquely combines a solid foundation in theoretical knowledge with modern, practical skills acquisition and industry experience. You can specialise in civil, electrical, electronics, mechanical, mechatronic or software engineering. Beyond the classroom, you will also have opportunities to expand your learnings and take part in hands-on student groups and projects, such as building satellites and exploring aerospace projects with Macquarie Orbital or chasing a human-powered land speed record with the Macquarie Speed Team.

INDUSTRY-DESIGNED DEGREES
Our courses are designed in conjunction with industry. Our unique project-based learning approach to teaching means you'll learn the skills you need to work as an engineer and tackle the challenges facing society.

DEGREES WITH INTERNSHIPS
Through our multi-award-winning Professional and Community Engagement (PACE) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe.

WORLD-CLASS FACILITIES
You’ll have access to our cutting-edge engineering facilities, including collaborative learning spaces, a dedicated full pitch FIRST® robotics field and state-of-the-art wind tunnel.
BACHELOR OF ENGINEERING (HONOURS)
with a specialisation in Civil Engineering

OVERVIEW
Combine a solid foundation in basic sciences, mechanical, mechatronic or software engineering, and electronics, mechanical, and cross-disciplinary learning spaces, a dedicated full-pitch FIRST® robotics field and our state-of-the-art wind tunnel.

CAREER OPPORTUNITIES
Mechanical engineer, automotive engineer, nuclear engineer.

CAREER OPPORTUNITIES
Mechatronic engineer, automation engineer, building management systems programmer, software developer, mobile technologist.

CAREER OPPORTUNITIES
Software engineer, app developer, tech entrepreneur, mobile technologist, software developer, systems programmer, web developer.

BACHELOR OF ENGINEERING (HONOURS)
with a specialisation in Electrical and Electronic Engineering

OVERVIEW
This degree aligns with Engineers Australia’s College of Leadership and Management.

CAREER OPPORTUNITIES
Chief operating officer, consultant, contract manager, executive manager, project leader, project manager, project team leader, vendor manager.

BACHELOR OF ENGINEERING (HONOURS)
with a specialisation in Mechanical Engineering

OVERVIEW
Develop a comprehensive, practical and theoretical grounding in electronic, mechanical, software engineering.

CAREER OPPORTUNITIES
Automotive electrical engineer, electronic engineer, electronics designer, electronics manufacturer, electronics repairer, information technology manager, precision manufacturer, telecommunications engineer.

CAREER OPPORTUNITIES
Electronics engineer, computer hardware engineer, electrical and electronics designer or manufacturer, project and technology manager, research and design manager.

BACHELOR OF ENGINEERING (HONOURS)
with a specialisation in Mechatronic Engineering

OVERVIEW
Combine a solid foundation in basic sciences, mechanical, mechatronic or software engineering, and electronics, mechanical, and cross-disciplinary learning spaces, a dedicated full-pitch FIRST® robotics field and our state-of-the-art wind tunnel.

CAREER OPPORTUNITIES
Mechanical engineer, automation engineer, building management systems programmer, software developer, mobile technologist.

CAREER OPPORTUNITIES
Software engineer, app developer, tech entrepreneur, mobile technologist, software developer, systems programmer, web developer.

BACHELOR OF ENGINEERING (HONOURS)
with a specialisation in Software Engineering

OVERVIEW
Develop a comprehensive, practical and theoretical grounding in electronic, mechanical, software engineering.

CAREER OPPORTUNITIES
Automotive electrical engineer, electronic engineer, electronics designer, electronics manufacturer, electronics repairer, information technology manager, precision manufacturer, telecommunications engineer.

CAREER OPPORTUNITIES
Electronics engineer, computer hardware engineer, electrical and electronics designer or manufacturer, project and technology manager, research and design manager.

BACHELOR OF ENGINEERING (HONOURS)
with a specialisation in Mechatronic Engineering

OVERVIEW
Combine a solid foundation in basic sciences, mechanical, mechatronic or software engineering, and electronics, mechanical, and cross-disciplinary learning spaces, a dedicated full-pitch FIRST® robotics field and our state-of-the-art wind tunnel.

CAREER OPPORTUNITIES
Mechanical engineer, automation engineer, building management systems programmer, software developer, mobile technologist.

CAREER OPPORTUNITIES
Software engineer, app developer, tech entrepreneur, mobile technologist, software developer, systems programmer, web developer.

BACHELOR OF ENGINEERING (HONOURS)
with a specialisation in Software Engineering

OVERVIEW
Develop a comprehensive, practical and theoretical grounding in electronic, mechanical, software engineering.

Automotive electrical engineer, electronic engineer, electronics designer, electronics manufacturer, electronics repairer, information technology manager, precision manufacturer, telecommunications engineer.

CAREER OPPORTUNITIES
Electronics engineer, computer hardware engineer, electrical and electronics designer or manufacturer, project and technology manager, research and design manager.
Our flexible IT courses – developed in consultation with industry – give you the opportunity to specialise in cyber security, data science, game design and development, information systems and business analysis, software technology solutions, or web and mobile app development. As well as developing skills in the latest technologies, you will graduate with in-demand soft skills and capabilities. Your learning is enhanced by our location in Australia's largest high-tech precinct, which is brimming with collaborative, internship and employment opportunities.

INDUSTRY-DESIGNED DEGREES
Our courses are designed to build the capabilities you’ll need in the workplace. As well as developing skills with the latest technology, you will graduate highly employable with the technical, communication, project management and teamwork skills to adapt to the future of work.

DEGREES WITH INTERNSHIPS
Through our multi-award-winning Professional and Community Engagement (PACE) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe.

WORLD-CLASS FACILITIES
Macquarie’s information technology facilities are cutting edge, giving you the most up-to-date knowledge and skills. We’ve recently invested $10 million in the Optus Macquarie University Cyber Security Hub, and are surrounded by industry collaborators in the heart of Macquarie Park Innovation District.
This course, the most up to date in cyber security in Australia, will prepare you to be in-demand cyber security professional. You’ll gain the skills needed to harden security in cyberspace, and by developing your expertise in information security and data privacy, offences security, digital forensics, applied cryptography, secure coding and artificial intelligence.

**KEY FEATURES**
- Develop foundational skills in areas such as programming, databases, technologies, networking, and security studies from a socio-political perspective.
- Connect with leading cyber security experts from the Optus Macquarie University Cybersecurity Lab.
- Undertake an industry-based project in your final year to solve an real-world problem with a focus on security.
- The opportunity to take Cisco networking units and gain experience working with Cisco equipment and technology.

**CAREER OPPORTUNITIES**
- Chief information security officer, chief privacy officer, ethical hacker, risk analyst, security architect, security consultant, security director, security operations centre manager, source code auditor, vulnerability assessor.

**OVERVIEW**
This is a thorough grounding provided in software design and development, as well as specialist units that critically appraise video games as design and cultural products, and this course will equip you with the skills you need for a successful career designing and creating the next wave of popular video games and virtual worlds.

**key features**
- A unique university degree available in New South Wales which offers technical skills and a critical understanding of video games.
- Study all aspects of video games while gaining broad programming and software engineering skills and knowledge.
- Solve a real-world problem in your final year that brings your learning together and prepares you for a successful start to your career.
- The opportunity to take Cisco networking units and gain experience working with Cisco equipment and technology.

**CAREER OPPORTUNITIES**
- Creative game designer, game animator, game artist, game audio engineer, game designer, game programmer, mobile app developer, video game designer, virtual reality/3D reality developer.

**ACREDITATION**
Completion of this course will satisfy the standard for the professional level of the Australian Computer Society.

**CAREER OPPORTUNITIES**
- Business analyst, consultant, data analyst, data scientist, entrepreneur, financial consultant, government policy advisor, information technology analyst, market analyst, web developer.

**OVERVIEW**
Our interdisciplinary approach will provide you with the technical skills you’ll need to work in data science across a variety of industries. You’ll be able to process and analyse databases, including big data, use mathematical and statistical modelling techniques, machine learning and data mining to solve challenging problems, and communicate your findings to different audiences.

**key features**
- An interdisciplinary approach across computer science, mathematics and statistics to enable you to understand the skills to apply data science to real-world issues.
- Enhance your learning by being located in Australia’s largest high-tech precinct, which is brimming with collaborative, internship and employment opportunities.
- The opportunity to take Cisco networking units and gain experience working with Cisco equipment and technology.

**CAREER OPPORTUNITIES**
- Business intelligence consultant, data analyst, data scientist, entrepreneur, financial consultant, government policy advisor, information technology analyst, market analyst, web developer.
INDUSTRY-DESIGNED DEGREES
We design many of our degrees with industry so you develop the key skills employers are looking for. The skills you will develop through the study of language and linguistics are in demand across countless industries in our increasingly globalised world, with opportunities in business, international affairs, interpreting and translating, journalism or teaching.

DEGREES WITH INTERNSHIPS
Through our multi-award-winning Professional and Community Engagement (PACE) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe. You’ll also be able to put your language learning into practice through our leading Student Exchange program.

WORLD-CLASS FACILITIES
Our linguistics department is the largest and most diverse in Australia, and one of the best-equipped clinical research environments in the world. Your learning will be enhanced by on-campus facilities like the Australian Hearing Hub, and dedicated specialty labs for translation and interpreting.

Languages and linguistics

Studies in languages and linguistics at Macquarie will prepare you for a range of careers across the globe, such as in business, international affairs, interpreting and translating, journalism or teaching. Whether you’re interested in travel, history, literature, politics or international business, expertise in other languages and cultures will lead you to new, life-changing insights and experiences. Studying in the broad field of linguistics — which is the scientific study of language — will increase your knowledge in areas such as child language disorders, how language is processed and stored in the brain, intercultural communication, language acquisition and language sciences.

Courses certified by NAATI
mq.edu.au/study/find-a-course/languages-and-linguistics/
Enroll in this Bachelor of Speech and Hearing Sciences to gain proficiency in various languages and become an expert in areas such as translation and interpreting. This course is designed to prepare you for a career in fields ranging from medical, legal, and business settings to public speaking and broadcasting. You'll have the opportunity to study in simulated laboratory conditions or as part of industry partnerships. This degree is fully accredited by the National Accreditation Authority for Translators and Interpreters (NAATI), ensuring that you're equipped with the skills and knowledge required for certification at professional and interpreter levels. This is the largest conference in Australia, giving you the chance to engage with industry leaders and peers. The course materials are designed to suit individuals, including on-campus, remote, or online learning options. You'll have the chance to work directly with clients in a variety of settings and industries. This is a great pathway to a rewarding career in a fast-changing marketplace. You'll have the opportunity to acquire communication and language skills, develop your specialised practice, and potentially achieve life-changing outcomes. The program is a NAATI (National Accreditation Authority for Translators and Interpreters) accredited course for certification at professional and advanced translator and interpreter levels. This will prepare you for the NAATI certification testing. For more information, visit courses.mq.edu.au. This course can be completed in one year, subject to meeting the entry requirements for the one-year admission point.
Law

As a pioneer of interdisciplinary law study in Australia, Macquarie prepares you to look beyond law as a set of rules and procedures. You’ll be challenged to think around problems and provide more innovative solutions – skills highly valued by employers.

Industry-designed degrees

We design many of our degrees with industry so you develop the key skills employers are looking for. Studying law at Macquarie prepares you for a successful career in legal practice, in the public and private sectors. Our graduates have gone on to become some of Australia’s leading judges, managing partners, diplomats, members of parliament and senior business executives.

Degrees with internships

Through our multi-award-winning Professional and Community Engagement (PACE) program, you can undertake workplace experiences with more than 35 industry partners in Australia and across the globe.

World-class facilities

Study with the advantages of our high-tech library and innovative MUSE study space, and opportunities for practical experience in our Social Justice Clinic. Our brand new Michael Kirby building will soon unite cutting-edge facilities, industry partners and more under one roof.

Overview

This hallmark of Macquarie’s bachelor-level law degree is its recognition of the way legal frameworks underpin global issues. You’ll be challenged to think critically about the law to seek innovative solutions to legal problems – skills highly valued by employers. With the option to combine your law degree with any other Macquarie bachelor degree, you can open the way to an array of careers in legal practice, private industry, government, education and community services.

Key features

- Acquire well-rounded and interdisciplinary legal knowledge and study its practical applications in real-world environments.
- Opportunity to put your legal knowledge into practice through our award-winning law PACE (Professional and Community Engagement) program.
- Our small class sizes and dedicated postgraduate classes ensure you’re well-supported to achieve through the course and beyond graduation.

Accreditation

This degree is accredited with professional bodies regulating the admission of law graduates to legal practice and provides appropriate qualification for admission to practice as a lawyer throughout Australia. Before being admitted as a barrister or solicitor in Australia, graduates are required to complete further legal training including further study of professional development units and supervised experience.

Career opportunities

Bar barrister or solicitor (with further study) dissertation, lobbyist, manager in the corporate sector, policy officer, politician, public servant.

Key features

- Extend your knowledge of the legal, governance and policy issues relevant to international and domestic trade and commerce so that you develop a broad and well-rounded understanding of the area, as well as skills to advance your career.

Overview

This degree is designed to develop an understanding of the specialised context to which law and legal principles apply in the sector from interdisciplinary, international, and comparative perspectives. You’ll be prepared for a range of careers in Australia and globally, as well as satisfy the educational requirements to become a legal practitioner. The course continues Macquarie’s tradition of providing interdisciplinary and contextual perspectives on the study of law.

Key features

Medicine and health

Macquarie is a world leader in health. We've come to MQ Health - Australia's first university-led, fully integrated health sciences centre – and the Australian Hearing Hub, both of which combine excellence in clinical care with teaching and research. You can choose a career path in audiology, chiropractic, clinical science, community services, counselling, human sciences, medical sciences, medicine, pathology, physiotherapy, public health, speech and language sciences or speech pathology.

INDUSTRY-DESIGNED DEGREES
We design many of our degrees with industry so you develop the key skills employers are looking for. Our medicine and health courses equip you for a successful career in your chosen profession. With strong practical skills, and knowledge of the evolving challenges in the health sector, you'll graduate ready to make a difference across a variety of areas.

DEGREES WITH INTERNSHIPS
You'll be surrounded by high-quality medical and health facilities, including MQ Health and the Australian Hearing Hub. Here, you'll benefit from hands-on experiences that will drive your learning. You will also have opportunities for clinical placements and expert mentoring.

WORLD-CLASS FACILITIES
Our facilities integrate education with healthcare, giving you access to cutting-edge learning environments. MQ Health includes our hospital and various specialist clinics. The Australian Hearing Hub also brings leading healthcare organisations together on our campus.

BACHELOR OF CHIROPRACTIC SCIENCE
CRICOS CODE 04890C

OVERVIEW
This course, the longest-running of its kind in Australia, will prepare you for a rewarding career in one of the largest primary health professions. When you combine it with the Master of Chiropractic, you'll be equipped to work in private practice, chiropractic sports medicine, allied health areas, health insurance assessment, medico-legal advising, work health and safety, rehabilitation and research.

KEY FEATURES
- Acquire strong scientific knowledge in the human body structure, biological change and variability, and human interaction in health and disease
- Clinical placements form part of the course, in University teaching clinics and structured units in other facilities
- Study in world-class anatomy and physiology labs and get hands-on experience

ACCREDITATION
To practice in Australia, you need to also complete the Master of Chiropractic and register with the Chiropractic Board of Australia. The bachelor and masters combination has national and international recognition.

CAREER OPPORTUNITIES
Chiropractor (with further study), allied health worker, healthcare advisor, integrated care professional, rehabilitation service provider, researcher, sports injury specialist.

BACHELOR OF CLINICAL SCIENCE
CRICOS CODE 04890C

OVERVIEW
This innovative and accelerated one-of-a-kind course focuses on human clinical sciences and builds the foundational professional skills you'll need for a career in medicine, allied health or medical research professions. You'll study at the only university in Australia with a private hospital on campus.

KEY FEATURES
- The ideal preparation for graduate entry medicine programs or other pre-professional courses in related fields
- Develop a broad knowledge of the fundamental biochemical, physiological and anatomical workings of the human body
- Undertake work experience in a healthcare setting or a medical research facility

CAREER OPPORTUNITIES
After further study, medical doctor, physiotherapist, health and medical researcher, dentist, allied health professional.

BACHELOR OF HUMAN SCIENCES
CRICOS CODE 04890C

OVERVIEW
This interdisciplinary and flexible one-of-a-kind course in Australia focuses on understanding what makes us human. It brings together aspects of how we learn, how the brain works, how we behave and how we communicate. You'll have the opportunity to study a range of disciplines related to human function including psychology, linguistics, cognitive science, education and health.

MAJORS
Human Movement + Public Health Policy and Promotion

BACHELOR OF MEDICAL SCIENCES
CRICOS CODE 04890C

OVERVIEW
This interdisciplinary approach of this course will provide you with a broad background in biological, chemical, biocellular and biomedical sciences. You'll develop the knowledge and skills you'll need for a career in health and medical sciences fields, whether that be unravelling the molecular building blocks that underpin disease, developing new drugs to treat or cure disease, implementing biosafety procedures to overcome emerging disease threats or applying your scientific knowledge to help solve crimes. You'll study at the only university in Australia with a private hospital on campus.

KEY FEATURES
- Learn to analyse and solve problems in health and medical sciences by designing experiments to test hypotheses, and apply practical tools to conduct investigations

CAREER OPPORTUNITIES
Community development worker, community health and social advocate, disability services manager, health and community program manager, health and social researcher, health service planner/administrator, international aid and development worker.
DOCTOR OF Medicine
CRICOS CODE 077663E

Skill development: 5 years
INTAKES February
FEES $29,400 AUD per year (full)
ACADEMIC REQUIREMENT
Australian bachelor's degree with a minimum MCAT score of 500.

Overview
Our four-year graduate-entry medicine program integrates applied medical sciences with clinical sciences, professionalism, research and cultural responsiveness. You'll study at MQ Health – Australia’s first university-led, integrated health campus – where learning is fully integrated with outstanding patient-centred clinical care, and high-quality health and medical research. Structural Australian and international clinical experiences are embedded throughout the program, giving you the opportunity to experience different health systems, cultures and clinical presentations. You'll study at the only university in Australia with a private hospital on campus.

Key Features
- Start clinical learning from day one at MQ Health, the first fully integrated health precinct in an Australian university
- Learn in a research-active clinical environment and from leading medical experts and researchers
- Complete a number of elective clinical placements in Australia and overseas, adding depth and breadth to your clinical training

Accreditation
This degree is accredited by the Australian Medical Council (AMC) and approved by the Medical Board of Australia (MBA).

Career Opportunities
Consultant, medical doctor, medical educator, medical researcher

Doctor of Physiotherapy
CRICOS CODE 073194A

Skill development: 3 years
INTAKES July
FEES $26,400 AUD per year (full)
ACADEMIC REQUIREMENT
Australian bachelor’s degree with a minimum IELTS score of 6.5.

Overview
This degree is accredited by the Australian Physiotherapy Council and approved by the Physiotherapy Board of Australia. Graduates will be eligible to apply to register and practice as a physiotherapist, subject to meeting English and character requirements.

Career Opportunities
Physiotherapist in any healthcare sector and setting

Master of Clinical Audiology
CRICOS CODE 06876D

Skill development: 2.5 years
INTAKES February
FEES $26,400 AUD per year (full)
ACADEMIC REQUIREMENT
Australian bachelor’s degree with a minimum IELTS score of 6.5.

Overview
This innovative, interdisciplinary and research-focused degree prepares you for a dynamic career dedicated to preventing, diagnosing, managing and addressing health-related issues in our globalised world. This course helps you develop the skills and confidence to help people with hearing impairment, as well as practical skills that are essential for public health practice.

Career Opportunities
Clinical audiologist in private practice, hospitals, medical centres, hearing and speech clinics, schools, universities and community outreach settings

Course Information:
- TOEFL 92 (each band)
- IELTS 6.5
- WAM of 50 including substantial qualification in a related field
- A minimum of 250 clinical experience (equivalent with a GPA of 4.5 out qualification or recognised equivalent)
- Opportunity to apply for the Australian Health Practitioner Regulation Agency (APHRA) for more information

These annual fees are indicative only and may change.

Double degree options exist for this course. See page 106 or visit courses.mq.edu.au for more information.

This course can be completed in one year, subject to meeting the entry requirements for the one-year admission point. See page 105 or visit courses.mq.edu.au for more information.
When you study psychology or cognitive science at Macquarie, you’ll expand your thinking and your employment potential due to our broad and interdisciplinary approach to learning. We’re home to first-class facilities for exploring the mind, brain and behaviour using brain imaging and brain stimulation, virtual reality, eye and body movements, hypnosis and simulated environments, to name a few. Our research and clinical practice help thousands of people living with emotional, psychological and cognitive conditions, including anxiety, depression, dementia, dyslexia and schizophrenia.

INDUSTRY-DESIGNED DEGREES
We design many of our degrees with industry so you develop the key skills employers are looking for. Our psychology and cognitive sciences courses are designed to equip you with a holistic, interdisciplinary approach that enhances your employment potential.

DEGREES WITH INTERNSHIPS
Through our multi-award-winning Professional and Community Engagement (PACE) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe. We also run clinics for the community, including the Centre for Emotional Health Clinic, the Reading Clinic, the Psychology Clinic and the eCentreClinic – facilities that will support your training as a future psychologist or cognitive scientist.

WORLD-CLASS FACILITIES
Macquarie is home to first-class facilities including a Simulation Hub, an eight-camera motion capture lab, purpose-built psychology clinics and clinical skills training centre, a perception lab and neuropharmacology labs.

Find out more
mq.edu.au/study/find-a-course/psychology-and-cognitive-science/
This course is the only one of its kind in Australia and will provide you with a strong foundation in the rapidly growing fields of cognitive science, neuroscience and computation, with an emphasis on building your critical thinking and research skills in areas such as science communication, statistics and programming.

**Key Features**
- Strong focus on hands-on learning will enhance your research skills through active learning experiences, lab sessions and other research activities.
- Active researchers in situ on-campus research centres will provide guidance throughout the course.
- Supervised lab access and intensive projects will establish and expand your skills as a researcher.

**Career Opportunities**
- Computer resource specialist, data scientist, legal research analyst, marketing assistant, medical researcher, physicist (after further study), research scientist, science communicator or journalist, software engineer, technical writer.

**Overview**
- Earn a scientific understanding of the psychological processes that underlie behaviour. You'll get exposure to a wide range of fundamental psychological concepts, as well as to more specialised areas such as child psychology, neuropsychology, social and personality psychology, health psychology and organisational psychology. Following an honours year, this course can also be undertaken as a pathway to postgraduate study in psychology, which will enable you to become a qualified psychologist.

**Key Features**
- Partner psychology units with science and social science units to learn how psychological practice and theory are interrelated in scientific evidence and research.
- Skills gained in the collection, evaluation and critical analysis of data will enhance your professional and personal development in all fields and industries.

**Accreditation**
- This degree is accredited by the Australian Psychology Accreditation Council (APAC) and enables you to pursue further study in the profession of psychology or a higher research degree.

**Career Opportunities**
- Health and community program manager, health researcher, human resource consultant, market researcher, research assistant, social program coordinator or policymaker, trainer and educator.

---

**BACHELOR OF Cognitive and Brain Sciences**

**Overview**
- Set yourself on the path for a career in specialist fields such as clinical psychology, cognitive psychology, organisational psychology or professional psychology. This course involves an accredited undergraduate study followed by an honours year in which you complete a research thesis and advanced coursework units. This enables you to apply for entry to a professional masters degree focused on your career of choice.

**Key Features**
- This highly respected course prepares you for entry into the psychology profession or further research degree.
- Learn from academics who are international experts in their field.
- Embrace the opportunity to gain relevant psychology workplace experience in a professional or community setting in your third year of study.

**Accreditation**
- This degree is accredited with conditions by the Australian Psychology Accreditation Council.

**Career Opportunities**
- Health and community program manager, health researcher, human resource consultant, market researcher, research assistant, social program coordinator or policymaker, trainer and educator.

---

**BACHELOR OF Psychology (Honours)**

**Overview**
- Grounded in theory and practice, this course will provide you with the knowledge, skills and qualifications you need to work within a range of clinically oriented areas. Upon graduation, you'll be eligible for registration with the Psychology Board of Australia.

**Key Features**
- Three main components: a series of coursework units in areas fundamental to practice and research in psychology, 100 hours of supervised placements in neuropsychological settings and in research dissertation workshops to undertake placements at the state-of-the-art Macquarie University Psychology Clinic, Australia's only on-campus teaching hospital, and in clinical collaboration with Australia's renowned clinicians.

**Accreditation**
- This degree is accredited by the Australian Psychology Accreditation Council (APAC) and enables you to pursue further study in the profession of psychology or a higher research degree.

**Career Opportunities**
- Psychologist (after further study), in business areas (human resources, training, marketing), in related areas (community organisations, government departments and agencies, health department).

---

**MASTER OF Clinical Neuropsychology**

**Overview**
- This course will provide you with the knowledge, skills and qualifications you need to work within a range of clinically oriented areas. Upon graduation, you'll be eligible for registration with the Psychology Board of Australia.

**Key Features**
- Three main components: a series of coursework units in areas fundamental to practice and research in psychology, 100 hours of supervised placements in neuropsychological settings and in research dissertation workshops to undertake placements at the state-of-the-art Macquarie University Psychology Clinic, Australia's only on-campus teaching hospital, and in clinical collaboration with Australia's renowned clinicians.

**Accreditation**
- This degree is accredited by the Australian Psychology Accreditation Council and approved by the College of Organisational Psychologists. On completion of this degree leads to registration as a psychologist with Psychology Board of Australia and endorsement as an organisational psychologist in Australia.

**Career Opportunities**
- Clinical psychologist in hospitals, private practitioners, consultancies and educational institutions.

---

Macquarie is renowned for its expertise in science across astronomy, biodiversity, biology, chemistry, climate science, earth and environmental sciences, marine science, mathematics, physics, statistics and sustainability. In a world more dependent on science than ever before, our in-demand science graduates stand at the forefront of change and innovation. We’re home to researchers and academics who are internationally recognised for their work, so you’ll study with people who are using their knowledge to make an impact on today’s and tomorrow’s issues.

Industry-designed degrees

Our science courses have been designed in conjunction with industry to give you the most up-to-date knowledge and skills you’ll need throughout your career.

Degrees with internships

Through our multi-award-winning Professional and Community Engagement (PACE) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe.

World-class facilities

Macquarie has an outstanding variety of scientific facilities, from our 11-hectare fauna park to our cutting-edge digital microscopy equipment. You’ll take your learning beyond textbooks with our seawater and plant growth facilities, biological sciences museum and much more.

### BACHELOR OF Biodiversity and Conservation

**Overview**
Explore critical environmental systems and processes, relationships between humans and their environments, and the impacts and interactions that influence sustainable futures. As a result, you’ll become highly knowledgeable about how individuals, societies and governments can best navigate a path towards a healthy environment and, in turn, towards sustainability, and economic and social prosperity.

** majors**
- Environmental Management
- Environmental Sciences

**Features**
- The only degree in Sydney dedicated to environmental issues and how to address them.
- Focus on practical work to foster your problem-solving, collaboration skills and cutting-edge scientific research knowledge.
- Opportunity to undertake a work-integrated learning (WIL) experience, which will allow you to validate your environmental experience.

**Career Opportunities**
- Biodiversity informatics specialist
- Conservation policy officer
- Environmental consultant
- Environmental education officer
- Environmental manager
- Environmental scientist
- Riverkeeper and water manager.

---

The academic requirement listed is applicable to the largest postgraduate course duration. Academic requirements vary based on the admission point that you choose. There might be alternative ways to meet the academic requirements. For more information visit courses.mq.edu.au for more information.

This course can be completed in one year, subject to meeting the entry requirements for the one-year admission point. See page 105 or visit courses.mq.edu.au for more information.
The security environment – nationally and internationally – has been transformed over the past decade, meaning highly skilled graduates are in demand across the globe. Our courses and majors in criminology, cyber security and security studies are taught by senior academics and leading industry professionals, allowing you to build professional contacts with experts in Australia and overseas. These options will give you the tools and knowledge you need for a career in the fast-growing intelligence and security industry, including in government agencies and the private sector.

INDUSTRY-DESIGNED DEGREES
Designed in partnership with our industry partners, our highly practical and unique courses in security studies, intelligence and cyber security have produced in-demand graduates who are working with the Australian Federal Police, KPMG, NSW Police, Qantas, cyber security consultancies and the defence forces.

DEGREES WITH INTERNSHIPS
Through our multi-award-winning Professional and Community Engagement (PACE) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe.

WORLD-CLASS FACILITIES
The Optus Macquarie University Cyber Security Hub is a $10-million joint investment, which promotes a uniquely interdisciplinary approach to tackle real-world challenges in cyber security.

### BACHELOR OF Security Studies

**Overview**
Our practice-oriented course will prepare you to meet the needs of this rapidly changing sector by teaching you about security from a range of perspectives, including risk management, emergency response, national resilience, business continuity planning, law enforcement, and the use of military force.

<table>
<thead>
<tr>
<th>Key Features</th>
</tr>
</thead>
<tbody>
<tr>
<td>Combines academic study of security theories and issues with practical, analytical, and technical skills.</td>
</tr>
<tr>
<td>Gain experience in operational planning, innovation, and policy evaluation by using scenario exercises and simulations.</td>
</tr>
<tr>
<td>Use real-world analytical techniques to examine contemporary security challenges.</td>
</tr>
</tbody>
</table>

**Career Opportunities**
Academic, defence expert, intelligence analyst, policy officer; policy adviser, researcher, risk analyst, security analyst.

### MASTER OF Counter Terrorism

**Overview**
Our practice-oriented course will prepare you to analyse real-world counterterrorism challenges. You’ll develop a deep understanding of the theory and practice of counterterrorism studies; the national resilience, business continuity planning, law enforcement, and the use of military force.

<table>
<thead>
<tr>
<th>Key Features</th>
</tr>
</thead>
<tbody>
<tr>
<td>This course is unique in New South Wales in that it is thematically grounded, but also highly practical due to close interaction with our partners.</td>
</tr>
<tr>
<td>Study alongside our industry partners and work on projects to tackle real-world challenges in counterterrorism.</td>
</tr>
</tbody>
</table>

**Career Opportunities**
Criminologist, cyber security analyst, detective, intelligence analyst, policy officer, policy investigator.

### MASTER OF Criminology

**Overview**
Our practice-oriented course will prepare you to analyse criminological theory, applied criminal justice policy and criminal justice policy analysis. As a graduate, you’ll use your knowledge and draw from fields including sociology, psychology, psychiatry and social anthropology, to understand, measure and evaluate crime.

<table>
<thead>
<tr>
<th>Key Features</th>
</tr>
</thead>
<tbody>
<tr>
<td>Learn how to apply disciplinary knowledge to explain the development of real-world crime problems.</td>
</tr>
<tr>
<td>Discover how to critically think and synthesise the latest developments in criminology in the context of domestic and international policing.</td>
</tr>
</tbody>
</table>

**Career Opportunities**
Academic, counterinsurgency expert, detective, intelligence analyst, policy officer, risk analyst, security analyst.

### MASTER OF Cyber Security Analysis

**Overview**
Our practice-oriented course will prepare you to analyse cyber security challenges, threats and opportunities confronting Australia, the Indo-Pacific region and the globe. You’ll study alongside our industry partners to explore real-world cyber security challenges.

<table>
<thead>
<tr>
<th>Key Features</th>
</tr>
</thead>
<tbody>
<tr>
<td>Develop your technical skills in simulations resembling the multidisciplinary expert panels that are employed by government and industry to respond to intelligence and security issues.</td>
</tr>
<tr>
<td>Develop your research skills and your academic understanding of real-world cyber security issues.</td>
</tr>
</tbody>
</table>

**Career Opportunities**
Cyber security analyst, network consultant, network security consultant, policy officer, risk analyst, security specialist, solutions architect.

### MASTER OF Intelligence

**Overview**
Our practice-oriented course will prepare you to analyse real-world intelligence challenges. You’ll develop a deep understanding of the evolution of Australia’s intelligence community, as well as the emerging domestic, regional and international challenges that surround intelligence.

<table>
<thead>
<tr>
<th>Key Features</th>
</tr>
</thead>
<tbody>
<tr>
<td>Learn the latest developments in criminology and the terrorism and their implications on the policy dimension of cyber security.</td>
</tr>
<tr>
<td>Discover how to critically think and synthesise the latest developments in criminology in the context of domestic and international policing.</td>
</tr>
</tbody>
</table>

**Career Opportunities**
Academic, defence expert, intelligence analyst, police officer, policy officer, researcher, risk analyst, security analyst.
TAILORED ENTRY DESIGNED FOR YOU

MACQUARIE UNIVERSITY INTERNATIONAL COLLEGE

Developed specifically to meet Macquarie’s entry requirements, the Macquarie University International College (MUIC) offers pathway programs with guaranteed fast entry into your undergraduate course. Upon successful completion of our Diploma or Foundation program, you will be well prepared to seamlessly transition to the first or second year of your chosen degree.

FAST-TRACKED PATHWAY EDUCATION
With unique seven-week teaching terms, most of our pathway programs can be completed in six or eight months.

GUARANTEED BACHELOR ENTRY
Subject to meeting articulation requirements, you can transition seamlessly into the first or second year of your chosen bachelor degree.

SMALL AND DIVERSE CLASSES
Our small class sizes ensure you get personalised support and hands-on learning. You’ll also study alongside many Australian and international students from all around the world.

DIPLOMA, FOUNDATION AND INTENSIVE PATHWAY TO A DEGREE
The following pathway programs have been developed to specifically meet Macquarie’s entry requirements. On successful completion of your program, you can seamlessly transition to your undergraduate course, as long as you meet the entry requirements.

DIPLOMA (5 terms)
For students who are at least 17 years of age, have completed an Australian Year 12 equivalent education with a selection rank of 50 and met the IELTS 5.5 (minimum 5.0 in each band) requirement.

STANDARD FOUNDATION PROGRAM (4 terms)
For students who are at least 17 years of age, have completed an Australian Year 12 equivalent education with an average mark of 50 and met the IELTS 5.5 (minimum 5.0 in each band) requirement.

INTENSIVE PROGRAM (2 terms)
For students who are at least 17 years of age, have completed an Australian Year 12 equivalent education with a selection rank of 50 and met the IELTS 6.0 (minimum 5.5 in each band) requirement.

* Students receive less than one year of credit towards their degree.
+ Students may also select the Arts stream if they do not wish to take WFMA003.
Other factors are taken into consideration when reviewing your average mark, therefore, achieving the average mark does not guarantee you an offer. Selection rank is based on the Australian Tertiary Admission Rank (ATAR) for students who are students completing an Australian senior secondary qualification. There might be requirements to articulate into specific degrees.

Find out more
mq.edu.au/college
WHAT YOU WILL STUDY:
- four core units to prepare you with fundamental knowledge in arts, media and communications
- seven core units to prepare you with fundamental knowledge in business
- one elective unit chosen to align with your future degree

DEGREE OPTIONS
You can move straight into the second year of a selected Macquarie University bachelor degree in business, as long as you succeed in your studies. See page 68 for information about the available degrees and entry requirements.

DEGREE OPTIONS
You can move straight into the second year of a selected Macquarie University bachelor degree in IT, as long as you succeed in your studies. See page 83 for information about the available degrees and entry requirements.

* This diploma consists of 8 credit units with additional non-credit support modules included where required.
* Students should refer to the Handbook for specific unit requirements for their chosen degree.

Selection rank is based on the Australian Tertiary Admission Rank (ATAR) for students completing an Australian senior secondary qualification. Visit mq.edu.au/academic-requirements for conversions to qualifications in your country.

Note: You can be 16 at the time of application but must be 17 years of age at the time of commencing your pathway program.
ENGLISH LANGUAGE EXCELLENCE FOR (YOU)

MACQUARIE UNIVERSITY ENGLISH LANGUAGE CENTRE

If you require further English language study before you commence your degree at Macquarie University or Macquarie University International College, or if you simply wish to improve your language skills and meet other international students, the English Language Centre (ELC) is here to help you achieve your goals.

YOU

30+

30+ YEARS OF ENGLISH ACADEMIC EXCELLENCE

The ELC has more than 30 years of experience teaching English to international students and is internationally recognised for our program quality.

AWARD-WINNING TEACHERS

You will learn from experienced teachers, many of whom have won teaching awards, in small class settings with personalised support.

PACKAGE YOUR OFFER

You can apply to have your English language program and degree included in one packaged offer, to ensure a seamless transition to your chosen Macquarie degree.

NEAS PREMIUM PRODUCT

Endorsed as a premium product by NEAS, the global leader in quality assurance for the English language teaching community.

A CHOICE OF ENGLISH LANGUAGE PROGRAMS TO SUIT YOUR FUTURE GOALS

Academic English
5–20 WEEKS

Foundation or Diploma Direct Entry
10 WEEKS

Direct Entry Program
5 WEEKS

Intensive Preparation Program
4 WEEKS

Introductory Academic Program
4 WEEKS

Our 4 levels of Academic English (A1–A4) are designed for students from intermediate to advanced level. Depending on your English level and your goals, you can study Academic English for 5–20 weeks. These programs prepare you for academic interactions and study by introducing you to the spoken and written texts and skills you will need for success at university.

This program develops the language and academic skills needed to succeed in the Diploma or Foundation programs offered by the Macquarie University International College through engaging academic content as well as project work. During this program, you will have the opportunity to make new friends and use your English outside the classroom to complete group projects. You will also learn to write academic essays, analyse and describe data, understand lectures, take notes, give oral presentations and work collaboratively.

This Direct Entry program is designed for students entering a Macquarie University degree. In this program, you will develop your English language and academic skills to help you become a resourceful and autonomous learner. You will engage with content and tasks that promote your critical thinking, problem solving and discussion skills through collaborative project work. You will also develop skills related to your chosen field through discipline-specific themes and assessments.

This short program is designed for Australia Awards Scholarships students who have a full offer to Macquarie University. This program is designed for students who are already very close to meeting the University’s English entry requirements for their chosen degree or who have a full offer to their degree course and wish to refresh their English and academic skills. You will study the language and skills related to your chosen field with classmates who are also at this level. Be prepared for fascinating discussions and knowledge-sharing with other high-achieving students.

Find out more elc.mq.edu.au
**PATHWAY TO A PHD**

**MASTER OF RESEARCH**
- First university in Australia to introduce an intensive research preparation degree

**COTUTELLE AND JOINT PHD**
- Spread your wings with our international network of research partners

**RESEARCH SUPPORT AND DEVELOPMENT**
- Access mentoring and development opportunities, enhance your skills and connect with peers

**HIGHER DEGREE RESEARCH PROGRAMS**

Macquarie University has a proud reputation for world-leading research that is recognised internationally. As one of Australia’s premier teaching and research institutions, Macquarie is your best choice for a higher degree research program. As a higher degree research candidate, you’ll be rewarded with an exceptional research training experience in an environment of highest quality and support.

**BACHELOR DEGREE**

**MASTER WITH HONOURS**
- Might be eligible for Recognition of Prior Learning (RPL)
  - Entry to Master of Research
  - Year 1 requires a GPA of 4.38 overall and a GPA of 5.35 at 300 level. Some disciplines may have extra admission requirements.

**MASTER OF RESEARCH**
- Year 1: 8 coursework units
- Year 2: Thesis
- Min. 75% average mark
- 3-YEAR PHD
- Min. 65% average mark

**MASTER OF PHILOSOPHY**
- Min. 75%

**DOCTOR OF PHILOSOPHY (PHD)**
- The period of candidature is three years, full-time equivalent. You are required to submit a thesis of 20,000 words for completion.

**PROGRAM STRUCTURE**
- The two-year course is available in all of Macquarie’s research areas and, subject to academic approval, allows you to construct a course relevant to your specific interests.
- In the first year, you’ll undertake advanced coursework units, while during the second year you’ll specialise in research preparation and focus on a specific research topic. You are required to submit a thesis of 26,000 words for completion.

**HOW TO APPLY**

1. **PRE-APPLICATION**
   - If you’re a Doctor of Philosophy or Master of Philosophy candidate, you’re required to investigate a research topic. You must then consult with academic staff in your chosen research field to discuss the feasibility of your project and supervision arrangements.

2. **PREPARING A RESEARCH PROPOSAL**
   - If you’re a Doctor of Philosophy or Master of Philosophy candidate, your proposal should define your chosen area of study, identify a research question, clarify its importance and outline steps for further investigation.

3. **APPLICATION SUBMISSION**
   - You must complete an online higher degree research application.

**RESEARCH TRAINING PARTNERSHIPS**

Macquarie’s global perspective is at the heart of everything we do. We prioritise deep, continuing relationships with international universities through joint research candidate supervision.

**JOINTLY SUPERVISED PHD PROGRAMS**

**RESEARCH DEGREES**

**MASTER OF RESEARCH**
- Regarded by the Australian Council of Learned Academies as the most innovative research pathway model, the Master of Research (MRes) prepares you to complete a PhD in three years – well short of the national average.

**PROGRAM STRUCTURE**
- The two-year course is available in all of Macquarie’s research areas and, subject to academic approval, allows you to construct a course relevant to your specific interests.
- In the first year, you’ll undertake advanced coursework units, while during the second year you’ll specialise in research preparation and focus on a specific research topic. You are required to submit a thesis of 26,000 words for completion.

**ADMISSION REQUIREMENTS**

**MASTER OF PHILOSOPHY**
- The period of candidature is two years, full-time equivalent. You are required to submit a thesis of 50,000 words for completion.

**ADMISSION REQUIREMENTS**

**DOCTOR OF PHILOSOPHY (PHD)**
- The period of candidature is three years, full-time equivalent. You are required to submit a thesis of 20,000 words for completion.

**ADMISSION REQUIREMENTS**

- This course requires a bachelor degree from a recognised institution with a minimum overall GPA of 4.38 on a 7-point scale and GPA of 5.35 at 300 level, although some disciplines may have extra admission requirements.
- If you hold an honours or masters degree, you may apply for Recognition of Prior Learning (RPL) (the equivalent of Year 1). This may allow you to complete the Master of Research in less than two years. Upon successful completion, you may be eligible to progress to one of Macquarie’s research courses: the Master of Philosophy or the Doctor of Philosophy.

**ADMISSION REQUIREMENTS**

- Completed Macquarie’s Master of Research with at least 65 per cent in Year 2 and a GPA of 5.25 at 300 level, some disciplines may have extra admission requirements.

**SCHOLARSHIP OPPORTUNITIES**

Higher degree research scholarships include:
- Government-funded scholarships
- Macquarie University-funded scholarships
- Co-funded scholarships.

**ENGLISH REQUIREMENTS**

Proficiency in English is a requirement for admission to all higher degree research and research training programs at Macquarie.

ARE YOU READY TO START YOUR JOURNEY WITH US?

Applying to study in Australia is a big step, and it can be both challenging and exciting. We understand these challenges, and we’re here to help you every step of the way. Over the next few pages, we explain everything you need to know about application steps, scholarship programs, fees and costs and entry requirements.

YOU TO THE POWER OF US
How to apply

Submitting an application to Macquarie as an international student is free and easy, and we aim to get back to you with an application outcome within 10 working days. Our International Student Advisors and country specialists are available to help you every step of the way.

To apply, simply follow the steps.

1. Choose a course
   Find a course that interests you
   courses.mq.edu.au

2. Check entry requirements
   See if your current qualification meets our academic entry requirement and prepare to meet our English requirements.
   mq.edu.au/academic-requirements
   mq.edu.au/english-requirements

3. Check scholarship eligibility
   See if you are eligible for our generous scholarship programs
   mq.edu.au/international/scholarships

4. Apply online for free or through an authorised agent
   Complete the online application form
   admissions.mq.edu.au
   OR
   Apply through our local authorised representatives
   mq.edu.au/find-a-representative

5. Get in touch
   Get in touch with our international student advisors at study@mq.edu.au or +61 2 9850 7346 for personalised study advice

6. Accept your offer
   You’ll receive an application update within two weeks upon complete application submission. To secure your place and receive a Confirmation of Enrolment (CoE), accept your offer and pay the required commencement fee.

7. Plan your travel
   After you receive your CoE from Macquarie, apply for your visa. Organise Overseas Student Health Cover.
   Purchase plane tickets, organise accommodation and pack your bags.

8. Arrive for orientation (0 week)
   Arrive for orientation to settle into life in Sydney
   Enrol in your units and get ready for classes

Scholarships and living costs

Each year, Macquarie University awards more than $4 million in scholarships and grants. There is a wide range of scholarships for students from all backgrounds, so be sure to check our website for more information on eligibility and application details.

Vice-Chancellor’s International Scholarship
Highly competitive, based on academic merit and valued up to AUD$10,000 applied towards your tuition fees. Applicants must complete an online application after receiving a full course offer.

Country and Regional Scholarship
Valued at AUD$5,000 or AUD$10,000 per year for undergraduate and postgraduate students of select countries. The scholarship amount is applied towards your tuition fees for duration of your program. Eligible students will be assessed automatically for this scholarship at the time of course application.

English Language Scholarship
A 50 per cent tuition fee scholarship for English language programs of up to 10 weeks, when packaged with a coursework degree, for students from select countries. Eligible students will be assessed automatically for this scholarship at the time of course application.

Macquarie University International College Scholarship
AUD$3,000 one-off tuition fee grant deducted from your commencement fee for students commencing the Foundation and Diploma programs at the Macquarie University International College. Eligible students will be assessed automatically for this scholarship at the time of course application.

Merit-Based Scholarships
Macquarie University awards a range of merit-based scholarships for students in select disciplines. Visit mq.edu.au/international/scholarships for more information.

• African Women in STEM Scholarship
• FIRST® Robotics Scholarship
• Women in Management and Finance Scholarship

Partner- and Government-Funded Scholarships
Macquarie is approved provider for many international government and academic institution scholarship programs. We also warmly welcome recipients of Australian Government funded scholarships.

UAC International Scholarship
One-off scholarships are awarded to students applying for a Macquarie University bachelor’s degree through the Universities Admissions Centre (UAC). Eligible students will be assessed automatically for this scholarship at the time of course application.

Alumni Scholarship
A 10 per cent tuition fee scholarship for the duration of a postgraduate coursework program for alumni of Macquarie University. Eligible students will be assessed automatically for this scholarship at the time of course application.

Living Costs and Expenses
Your cost of living and studying in Australia will depend on your lifestyle preferences.

The Department of Home Affairs has financial requirements you must meet in order to receive a student visa for Australia. As of January 2023, the 12-month living cost required for a single student is AUD$21,041 per annum.

homeaffairs.gov.au

The table below estimates weekly expenses for living and studying at Australia. These estimates are a guide only and prices can vary.

Frequently Asked Questions

Are there application deadlines?
For most courses, there are no specific deadlines; however, we recommend international students submit their applications at least three months before the session commences. A few specialist courses have specific deadlines with more information available at courses.mq.edu.au

How can I apply for scholarships?
Most of our scholarships are assessed automatically at the time of your course application. To apply for scholarships, you must first submit a course application and receive an 8-digit Macquarie student number. For scholarships that require a separate application process, we recommend you submit your scholarship application after receiving an offer for your course.

How do I know if I’m eligible for my chosen course?
The best way to determine your eligibility for your chosen course is to submit a free application to us. We are unable to provide pre-assessment advice. Visit mq.edu.au/academic-requirements for more information.

Can I work while I study?
If you wish to work while studying, you must hold a visa with permission to work. This allows you to work for a maximum of 40 hours per fortnight while your course is in session and for unlimited hours during break. Refer to homeaffairs.gov.au for more information.
Academic entry requirements

Our students come from diverse backgrounds and bring a range of qualifications and perspectives that make study at Macquarie an exciting experience.

Undergraduates

For direct admission into an undergraduate (bachelor) course, you will need one of the following qualifications:

• A recognised high school qualification or an university entrance exam, as per the following page for a selection of accepted qualifications.

• A recognised university foundation course – we accept foundation courses from most Australian universities, as well as from some international providers.

• A recognised diploma or associate degree deemed equivalent to an Australian diploma or advanced diploma level.

An entrance exam or a university degree from a recognised institution deemed equivalent to Australian bachelor or master degree level.

Selection Rank

Macquarie uses a selection rank based on the Australian Tertiary Admissions Rank (ATAR) to determine the minimum eligibility requirements for entry to each undergraduate course. See the tables on the next few pages for conversion of the selection rank into the weighted average mark (WAM) you need for your qualification.

Macquarie University International College

If you wish to meet the requirements for your selected course, don’t worry. The Macquarie University International College offers a range of pathway programs to prepare you for seamless transition into university studies. Refer to pages 4-8 for more information.

Postgraduates

The course listings in this guide will note the specific entry requirements for non-postgraduate (master’s) coursework degrees. In most cases, entry requires a qualification recognised at an Australian bachelor degree level. Our Admissions team will determine whether your bachelor degree meets the requirements when you apply to Macquarie.

Entry to some courses may require a degree in a specific or related field of study and/or achievement of a particular weighted average mark (WAM) out of 100. Relevant work experience or professional accreditation may also be considered.

Weighted Average Mark (WAM)

A weighted average mark (WAM) represents your overall academic performance and is based on your average mark (out of 100) of all your attempted study. The tables on pages 35-36 provide indicative WAM conversions for common grading systems in your country.

MQ.EDU.AU
## English language requirements

You must meet Macquarie’s English language requirements to be eligible for a degree. You can satisfy these requirements in a number of ways depending on your circumstances.

### Standard English Language Requirement

For entry to most Macquarie University courses, the Standard English language requirement is Academic IELTS 6.5 with no less than 6.0 in each band (if required). Some courses – including education, law and medicine – have higher Special English requirements. The course tables in this guide list the required level of English proficiency for entry to each course.

### What You Need to Meet the Requirements

There are several ways you can meet the English language requirements. The most frequently used methods are:

- passing an approved English language test at the required level;
- seeking a qualification from an approved country with English as the language of instruction;
- completing an approved high school qualification or foundation program with study in English;
- completing an approved English for Academic Purposes (EAP) program.

Below are accepted equivalencies for the Standard English language requirement:

Undergraduate academic entry requirements

**HOW SCORES ARE CALCULATED**

**GLOBAL**

AUSTRALIA

Scores for the Australian High School Certificate (VCE) from New South Wales (or equivalent qualifications from other state boards) are calculated based on the average marks of all Year 12 subjects. This assessment only applies for the Vitnemål examination subjects: Chinese, English, Mathematics, Social Sciences and Natural Sciences.

**GLOBAL**

AUS

Scores for the Australian High School Certificate (VCE) are calculated based on the aggregate of the best four H2 subjects and best H3 subject using the following conversions: A=3, B=2, C=1, D=0; Advanced Higher Level: A=5.5, B=5, C=4.5, D=4, E=3.5, D=3, E=2.5, F=2, G=1.5, H=1, I=0.5; H2 subjects: A = 5, B = 4, C = 3, D = 2, E = 1; H3 subjects: A = 4, B = 3, C = 2, D = 1, E = 0.

**CANADA**

Scores for the Canadian Ontario Secondary School Diploma (OSSD) are calculated based on the average of the seven best Grade 12 Ministry-developed subjects. Students must have completed at least 18 credits in 12 subjects including 4 compulsory core subjects (Chinese, English, Liberal Studies and Social Science) and a choice of elective subjects. Category points are applied using the following score conversions: 90–100 = 10, 80–89 = 9, 70–79 = 8, 65–69 = 7, 60–64 = 6, 55–59 = 5, 50–54 = 4, 45–49 = 3, 40–44 = 2, 30–39 = 1, 0–29 = 0.

**HONG KONG**

Scores for the Hong Kong Diploma of Secondary Education (HKDSE) are calculated based on the average of the four best Grade 12 Ministry-developed subjects. Students must have completed at least 24 credits in 12 subjects considering the best four Grade 12 Ministry-developed subjects.

**HUNGARY**

Scores for the Hungarian Matriculation Certificate (Középiskolai igazolás) are calculated based on the overall grade in the examinations results using the following conversions: Excellent/Very Good (Jó) = 6, Good (Vonzó) = 4, Average (Közepes) = 3, Satisfactory/Poor (Ragadozó) = 2, Fail (Jutatásmentes) = 0.

**INDIA**

Scores for the Indian School Certificate (ISC) are calculated based on the aggregate grade of the best four subjects at Advanced (A2) or Principal Level using the following conversions: A=5, B=4, C=3, D=2, E=1, F=0.

**INDONESIA**

Scores for the Madrasah Aminah High School (MAHS) are calculated based on the average marks of all Grade 12 subjects.

**IRELAND**

Irish Leaving Certificate (Leaving Certificates) are calculated based on the average marks of all Grade 12 subjects including English Language and Irish.

**ITALY**

Scores for the Italian High School State Exam (Exame di Stato) are calculated using the overall grade out of 100. Only the Classical, Scientific and Foreign languages (Classics, scientific and linguistic) options are accepted.

**JAPAN**

Japanese National Center Test

**KOREA**

Scores for the Korean College Scholastic Ability Test (KSAT) are calculated using the average grade of the best four H2 subjects and best H3 subject using the following conversions: H2 subjects: A = 5, B = 4, C = 3, D = 2, E = 1; H3 subjects: A = 4, B = 3, C = 2, D = 1, E = 0.

**MALAYSIA**

Scores for the Malaysian Matriculation Cumulative Grade Point Average (CGPA) using the following score conversions: A = 10, B = 9, C = 8, D = 7, E = 6, F = 5, G = 4.

**MEXICO**

Scores for the Mexican High School Graduation Diploma (Kotogakko Stato) are calculated using the overall grade out of 100. Only the Classical, Scientific and Foreign languages (Classics, scientific and linguistic) options are accepted.

**NORWAY**

Scores for the Norwegian High School Examination (Maturity Project) are calculated based on the overall grade out of 100. The grade of the ITM (Information Technology) and MUS (Music) subjects is calculated based on the average marks of all Year 12 subjects.

**TUNISIA**

Scores for the Tunisian General Baccalaureate (BAC) are calculated based on the aggregate score of the four best subjects at Advanced (A2) or Principal Level using the following conversions: A=5, B=4, C=3, D=2, E=1, F=0, G=0, H=0.

**TURKEY**

Scores for the Turkish High School Diploma (Lise Bitsi Bitkisi) are calculated based on the aggregate score for all subjects using the following conversions: A=10, B=9, C=8, D=7, E=6, F=5, G=4, H=0.

**UNITED STATES**

Scores for the American College Test (ACT) composite score out of a maximum of 36. The ACT is only considered together with evidence of successful completion of senior high school.

Applications with a completed Advanced Placement (AP) subject(s) may be considered for early admission to the first year of study at QUT.

**VITNEMAL**

Scores for the Vietnamese General High School Certificate (GCVS) are calculated based on the average grade for all subjects using the following conversions: 90–100 = 10, 80–89 = 9, 70–79 = 8, 65–69 = 7, 60–64 = 6, 55–59 = 5, 50–54 = 4, 45–49 = 3, 40–44 = 2, 30–39 = 1, 0–29 = 0.
