- Please refer to Bachelor or qualification options listed above only.
2021 ACADEMIC ENTRY REQUIREMENTS FOR INTERNATIONAL STUDENTS

HOW ARE REQUIREMENTS CALCULATED

GLOBAL

GCE A-Levels

Scores for the UK and international versions of the General Certificate of Education Advanced Level examinations (GCE A-Levels) are calculated based on the aggregate of the three best A-Level subjects following the following conventions: A = 7, B = 6, C = 5, D = 4, E = 3, F = 2, G = 1. At least two subjects must have been taken in the same academic year, of which at least three must be obtained before or following academic year.

Both UK and international versions of the GCE A-Level administered by Cambridge International Examinations (CIE), Pearson Education International (Edexcel), and Oxford International AQA Examinations are assessed using these table. Localised examinations, such as A-Level and University Examinations for Singapore, Sri Lanka, and Zimbabwe are assessed using these two separate tables.

GLOBAL

IB

Scores are calculated based on the final aggregate score for six subjects, including any bonus points from Theory of Knowledge and Extended Essay. This must include one subject from each of Groups 1-5 (Language A, Language Acquisition, Individuals and Society, Mathematics, and the arts) with subject scores not less than 3. A minimum of 16 points must be completed at Higher Level (HL), with the remainder at Standard Level (SL).

AUSTRALIA

HSC

Scores for the Australian School Certificate (HSC) from New South Wales (or equivalent qualifications from other state boards) are based on the Australian Tertiary Admissions Rank (ATAR).

AUSTRALIA

Foundation Completion Programs

Scores for Australian Foundation programs recognised by Macquarie University are calculated based on the overall final result of DoF by converting percentage marks to point scores. For entry into some degree programs, students may need to have successfully completed an additional year or other specified subjects as part of their foundation program.

Accepted Foundation programs include:
- Macquarie University Foundation Year Program
- Flinders College Foundation Year
- Monash College Foundation Year
- University of Adelaide College Foundation Studies
- University of Melbourne - Trinity College Studies Program
- University of Sydney - Taylor College Foundation Program
- University of Western Australia - Taylor College Foundation Program

- UQ Global Foundation Program (Standard and Transient)
- Western Australian Tertiary (TLET) Foundation Program
- UTQ College (Research) Foundation Studies Program

For an updated list of accredited institutions, please visit the Macquarie University website.

CANADA

BCCG

Scores for the Canadian British Columbia Certificate of Graduation (BCCG) are calculated as an average of both marks of the four best Grade 12 Ministry-developed subjects including English 12.

HONG KONG

HKDSE

Scores for the Hong Kong Diploma of Secondary Education (HKDSE) are calculated based on the aggregate of the five best subjects. Category A and B subjects are not considered.

Category (A, B, C) subjects are included in the calculation. Category A subjects are for the top 20% of Grade 12 students. Category B subjects are for the top 40% of Grade 12 students. Category C subjects are for the top 60% of Grade 12 students.

ITALY

Unie di Studio

Scores for the Italian High School State Exam (Esame di Stato) are calculated using the overall grade out of 100. Only the Classical, Classical Scientific, and Foreign Languages (classical, scientific, or vocational) options are accepted.
