

LEAP Gazette

April, 2022

Calling all aspiring journalists, photographers, editors, and storytellers!

Join the Widening Participation Unit in a fun, interactive day of writing, creating, and exploring!

LEAP Gazette is a FREE 1-day school workshop for students in years 5-7.

Students are journalists for a day, exploring the Macquarie University campus and uncovering stories behind the places and people within the university.

Working together they create their very own newspaper - the **LEAP Gazette**.

Students will work with current MQ students, with the chance to explore what university is really like. LEAP Gazette complements school curriculum learning and will enable students to begin making connections between their in-school learning and future aspirations.

LEAP Gazette engages students over a full day, with individual and group tasks involving writing, interviews, photography, and editing; all working toward the creation of students' very own newspaper!

Email us for more information or to book your school's program
