Our Accounting Co-op Program is a highly competitive degree in which you’ll alternate between classroom studies and workplace experience in the form of three industry placements of three to six months each. You’ll develop professional skills and networks across different workplace settings and apply skills you learn in the classroom to practical contexts.

You’ll be able to choose a major from the following:

- Applied Data Science
- Business Intelligence
- Cyber Security Governance Studies
- Entrepreneurship and Innovation
- International Business Studies
- Professional, Organisational and Workplace Communication

**Remuneration**
You’ll be paid at the market rate by the organisation during your placement.

**Eligibility**
You are eligible for the program if you:

- are completing or have completed your HSC (or equivalent)
- show genuine interest and motivation to enter the accounting profession
- are active in school and/or community activities
- can demonstrate exceptional communication, teamwork, problem solving, innovation, service and leadership skills
- are an Australian/New Zealand citizen or a permanent visa holder
- are studying or have studied Mathematics Standard 2 (assumed knowledge) and Mathematics (Advanced) (desirable)
- have or will have achieved a minimum selection rank (or equivalent) of 95.00. You are strongly encouraged to apply if you are expecting 90.00 or above.

Only Educational Access Scheme adjustment factors are considered for this degree.

**How to Apply**
Visit mq.edu.au/coop to apply. You must also apply to the Universities Admissions Centre (UAC).

As part of the application process, you’ll be required to submit a one-page résumé and answer three questions. If you’re completing your HSC (or equivalent), your school will be required to provide an academic reference and your Trial HSC results (or equivalent).

Applications close at **5pm on 25 September 2020**.

If your application is short listed, you’ll be contacted in early November 2020 to schedule an interview. Interviews will be held in late November 2020.

If you’re successful at interview, you’ll receive a conditional offer for the Bachelor of Professional Practice and Bachelor of Professional Accounting, pending your results.

**Accreditation**
This is an Australian Qualifications Framework (AQF) accredited qualification.

Accredited with Chartered Accountants Australia and New Zealand (every five years), CPA Australia (every five years) and the Institute of Public Accountants (as required).

Macquarie Business School is accredited by the Association to Advance Collegiate Schools of Business (AACSB), so you’ll be studying with a globally recognised institution. AACSB recognises our focus on excellence in teaching, research, curriculum development and student learning.
