When your potential is multiplied by a university built for collaboration, anything can be achieved.

That’s YOU to the power of us
We acknowledge the Traditional Custodians of the land on which Macquarie University is situated, the Wallumattagal people of the Dharug Nation, whose cultures and customs have nurtured, and continue to nurture, this land since time immemorial. We also acknowledge the Elders, past and present, and pay our respects to them. We further honour and pay our respects to the spirits of this land and its waterways. We humbly ask that all members of the Macquarie University community are granted the capacity to wingaru (think), to learn and to walk safely upon this ngurra (land).

The exponential power of our collective

MACQUARIE AT A GLANCE

**RANKED #1 IN SYDNEY**
In 14 subject areas across 14 categories
QILT Student Experience Survey: 2021 and 2022 and QILT Graduate Outcomes Survey: 2021 and 2022

**180+ PARTNER UNIVERSITIES FOR STUDENT EXCHANGE**
In 42 countries

**RANKED #130 IN THE WORLD**
And #10 in Australia
QS World University Rankings, 2024

**4000+ PARTNER ORGANISATIONS**
Across Australia and globally enhance graduate employability

**RANKED IN THE TOP 50**
Globally for 3 subjects and in the top 100 for 7
QS World University Rankings by Subject, 2023

**40,000+ WORKPLACE OR COMMUNITY EXPERIENCES**
Through our PACE (Professional and Community Engagement) program

**44,000+ CONNECTED STUDENTS**
From 127 countries

**RANKED IN THE TOP 100**
Universities globally and top 25 in 3 UN Sustainable Development Goals
Times Higher Education Impact Rankings, 2022

**231,000+ ALUMNI IN OUR INTERNATIONAL COMMUNITY**
From 155 countries
At Macquarie, we have discovered the human equation for success. By knocking down the walls between departments, and uniting the powerhouses of research and industry, human collaboration can flourish. This is the exponential power of our collective, where potential is multiplied by a campus and curriculum designed to foster collaboration for the benefit of everyone. Because we believe when we all work together, we multiply our ability to achieve remarkable things.

That’s YOU to the power of us
STUDENT GROUPS AND SPORT CLUBS
Student life isn’t all about classrooms and exams. It’s also about making new friends, enjoying new experiences and exploring different cultures. With more than 120 student groups and sport clubs, you’ll have ample opportunity to meet new people, test ideas and develop personal skills.

CENTRAL COURTYARD
The Central Courtyard, a four-level building surrounded by grassed and paved courtyards, serves as the heart of our Wallumattagal Campus. This central hub is home to the iconic Ubar, various food outlets, our graduation hall, and contemporary student learning and study spaces.

LIBRARY
Our state-of-the-art library features millions of academic resources, with high-tech robotic cranes delivering books within minutes. The versatile learning and research space includes group and quiet study areas, computer stations with printers, presentation practice pods and a café.
Macquarie’s Wallumattagal Campus is situated on 126 hectares of stunning parkland in the heart of Australia’s largest high-tech precinct. It’s home to some of Australia’s most exceptional academic facilities, where you’ll connect with innovative teachers and researchers to achieve extraordinary things. It’s also a buzzing hub of student groups, sport clubs, and food and entertainment outlets – a perfect place to kick back with friends or chill out and recharge.

That’s YOU to the power of us

**SPORT AND AQUATIC CENTRE**
Conveniently located on campus, the centre has a health club/gym, indoor and outdoor heated pools, group fitness studios, indoor and outdoor courts, and dedicated spaces for martial arts and gymnastics. It also offers flexible and student-friendly membership options.

**GREEN CAMPUS**
Our Wallumattagal campus is situated on 126 hectares of stunning parkland, just 15 kilometres from the Sydney CBD. With so much beautiful outdoor space, you’ll always be able to find a sunny space to catch up with friends or a quiet, grassy spot to relax and recharge.

**METRO STATION**
Macquarie is the only university in Australia with its own metro station. The station is conveniently located on the corner of Herring Road and University Avenue, near the Macquarie Centre shopping complex, so you’re only a few minutes away from your classes.

**Charli-rose**
**BACHELOR OF COMMERCE**

“I moved from a country town straight to Macquarie’s Central Courtyard Accommodation, which really helped with making friends and settling into uni life. The accommodation is modern, it offers a range of room types, it's only 15 minutes to the metro and shopping centre, it's close to all my classes and it overlooks the lake. It’s also only a five-minute walk to the uni’s gym, which is awesome, because sport is a passion of mine. After I graduate, I hope to pursue a career in sports marketing.”

Find out more about Charli-rose’s story
MEDIA HUB
Our multi-million-dollar media hub is home to professional screen, recording, music, radio and performance studios; a digital newsroom that mirrors the platforms and systems used by major broadcasters and online media outlets; as well as extensive digital workstations.

BUSINESS FACILITIES
The Finance Decision Lab is a collaborative space where real-time financial data, global business intelligence and analytical contribution meet. The 36-seat lab is a multi-use environment that gives you a close look at how markets operate and facilitates hands-on market simulations.

SCIENCE, ENGINEERING AND IT LABS
Our physics, molecular sciences and biology labs are some of the best in Asia-Pacific. Our engineering facilities include a FIRST® robotics field and a state-of-the-art wind tunnel. And our industry-leading computing precinct is home to cybersecurity, networking, gaming and VR labs.

CENTRAL LOCATION
With its prime location in the heart of the campus, you’re never far from your classes.

PRIVATE ROOMS
One-bedroom and studio apartments are available if you want a little more independence.

SHARED ROOMS
Choose either a six-, four- or twin-bedroom apartment with shared kitchen and living spaces.

EXCLUSIVE SPACES
Access study spaces, games facilities, common rooms and outdoor terraces with barbecues.

NO HIDDEN COSTS
Wi-fi and utilities are included in your rent, so you never have to worry about extra costs.

24/7 SUPPORT
The onsite accommodation team and residential advisers are available all day, every day.

CENTRAL COURTYARD ACCOMMODATION
COURSES MADE BY 

YOU \textsuperscript{us}

EXTRAORDINARY CURRICULUM
Courses made by YOU to the power of \textsuperscript{us}. It’s our unique approach to learning that’s inspired by the world of ever-increasing change. More flexible and better aligned with your needs, our curriculum delivers a richer experience that enables you to gain broader or more specialised knowledge in the areas that interest you and empowers you to pursue the careers of tomorrow.

TWO CHOICES ARE BETTER THAN ONE
You have the choice of undertaking one of more than 40 single bachelor degrees or one of our countless double bachelor degrees. With so many degrees and combinations to choose from, we’re confident that you’ll find a degree that excites and inspires you, and sets you up for an amazing future.

DEGREES CO-DESIGNED BY INDUSTRY
The job market is evolving more rapidly than at any other time in recent history. So that our degrees equip you with the knowledge and skills that employers are looking for now and into the future, we design many of them in consultation with industry. Co-designed degrees offer a curriculum that’s shaped by the latest industry trends and can be adjusted to respond to the needs of industry in real time. Having industry heavyweights involved in creating the fundamentals of your degree provides you with opportunities to contextualise your learning, gain the latest career and industry insights, and acquire the tools to address real-world problems.

That’s the potential of courses made by \textsuperscript{YOU}\textsuperscript{us}.

SINGLE BACHELOR DEGREES
Single bachelor degrees typically involve three or four years of full-time study in one specific area. While you’ll have the flexibility to study units from a range of different areas, your degree ultimately focuses on one main area of study. We offer more than 40 single bachelor degrees, many of which are designed in consultation with industry.

DOUBLE BACHELOR DEGREES
Double bachelor degrees allow you to undertake two degrees at the same time. They’re an excellent choice if you have two distinct passions or career aspirations that combine two different fields. At Macquarie, we allow you to personalise your double degree by choosing the combination you consider will best kickstart your career.\textsuperscript{*} If you can’t find a double degree you’re interested in studying from our list of popular combinations, you can apply for what’s known as the Bachelor of Combined Studies (UAC Code: 302000). When you select this degree via the Universities Admissions Centre (UAC), you’ll be asked to choose your two degrees. At the completion of your studies, you’ll graduate with both degrees.

COMBINED BACHELOR + MASTER DEGREES
If you’re interested in studying a security, intelligence and criminology degree, you have the opportunity to undertake a combined bachelor + master degree. These degrees provide you with a specialised depth of knowledge and can be completed in as little as four years.

\textsuperscript{*} Some double degree exclusions apply.

Find out more: courses.mq.edu.au
**LEARN THE LINGO**

**ATAR**
The Australian Tertiary Admission Rank (ATAR) is a number between 00.00 and 99.95 that indicates your rank relative to all students in your age group (ie students aged 16 to 20 years), not your Year 12 group. The average ATAR is usually around 70.00.

**SELECTION RANK**
The selection rank considers your ATAR or equivalent rank plus any adjustment factors you’re eligible for. You can combine our adjustment factor schemes to receive additional points for most of our degrees.

**UAC**
The Universities Admissions Centre (UAC) receives and processes most applications for admission into university in New South Wales and the Australian Capital Territory.

**EARLY ENTRY**
Macquarie offers three early entry schemes through which you can receive an early offer to a degree based on your Year 11 results. As long as you meet certain criteria and finish Year 12, you’ll receive an offer before you sit your final exams.

**GUARANTEED ENTRY**
If you achieve a degree’s published selection rank (ATAR + adjustment factors), you’re guaranteed to receive an offer to study that degree at Macquarie, as long as you’ve listed it as your highest eligible preference with UAC.

**UNDERGRADUATE**
An undergraduate student is one who is studying their first degree – known as a bachelor degree. Once you’ve been awarded your bachelor degree, you become a graduate.

**SINGLE BACHELOR DEGREE**
This degree typically involves three or four years of full-time study in one specific area. While you’ll have the flexibility to study units from a range of different areas, your degree ultimately focuses on one main area of study.

**DOUBLE BACHELOR DEGREE**
A double bachelor degree involves studying two complementary or completely different degrees. A double degree increases your career flexibility and can be completed faster than two single degrees.

**MAJOR**
A major is a specific sequence of study that allows you to explore your interests in greater depth. About half of our degrees offer majors. You may be able to combine two different areas with a double major.

**UNIT**
A unit is what we call a subject. Most full-time students take four units – each worth a fixed number of credit points – each session. Each unit usually requires about 12 hours of study each week.

**ELECTIVE**
An elective forms part of a degree’s flexible zone. Electives can be undertaken from within or outside your area of study, allowing you to personalise your degree by following your passions.

**SESSION**
A session is just like a school term. We have two main sessions: Session 1 (February – June) and Session 2 (August – November).

**LECTURE**
A lecture is where you’ll learn most of your degree content. Lecture length varies from unit to unit, but most run for one or two hours. Some take place in large theatres, while others are in smaller rooms.

**TUTORIAL**
A tutorial, or ‘tute’, generally includes 20–30 students and is an opportunity to ask your tutor questions and talk about the degree material with other students.

**CREDIT POINT**
To graduate, you need to have completed the specified number of credit points for your degree. For many degrees, this is 240 credit points; however, some require the completion of a higher number of credit points.

**PREREQUISITE**
A prerequisite is a school subject – such as HSC Mathematics – that must be completed, or a requirement that must be satisfied, before you can enrol in a particular unit.

**ASSUMED KNOWLEDGE**
Some units assume that you have certain knowledge and skills from previous study, such as the HSC. Introductory units and bridging courses are available if you don’t have the assumed knowledge.

Tailor made for you

ENTRY PATHWAYS

UNIQUE ENTRY FOR A UNIQUE YOU
At Macquarie, we’re all about success. We recognise that your ATAR doesn’t necessarily reflect your achievements or potential, so through our range of entry pathways, we look at a variety of criteria. This includes your academic results in relevant HSC subjects, your involvement with your local community, your previous study or work experience – and everything in between. Whatever your personal circumstances, we believe in giving credit where credit’s due, so we take everything into account.

FIND YOUR PATHWAY
Our entry pathways treat you as an individual and recognise all the things that make you unique. To best help you follow your passion at Macquarie, we’ve created a simple entry pathways tool that allows you to compare all of our entry pathways to work out which ones suit you the best.

MACQUARIE LEADERS AND ACHIEVERS
EARLY ENTRY SCHEME
The Macquarie Leaders and Achievers Early Entry Scheme considers your Year 11 academic performance alongside your extracurricular activities, casual work experience and community involvement to assess your eligibility for an early offer into a Macquarie degree.

SCHOOLS RECOMMENDATION SCHEME
The Schools Recommendation Scheme (SRS) allows your school to recommend you for an early university offer. We’ll look at your Year 11 academic achievements as well as your school’s rating of your aptitude and learning ability. If you meet the criteria, we’ll make you an early offer.

ABORIGINAL AND TORRES STRAIT ISLANDER ENTRY PATHWAY
This admissions pathway provides opportunities for Aboriginal and/or Torres Strait Islander students to study undergraduate degrees at Macquarie.

ENTRY PROGRAMS
ACADEMIC ENTRY PROGRAM
Our Academic Entry Program matches your strengths to our world-class degrees. Rather than considering only your selection rank, we review your results for the HSC subjects that correspond to select Macquarie degrees and make an offer based on your performance in these subjects.

GUARANTEED ENTRY
If you achieve a degree’s published selection rank (ATAR + adjustment factors), you’re guaranteed to receive an offer to study that degree at Macquarie, as long as you’ve listed it as your highest eligible preference with UAC.

COLLEGE COURSES
MACQUARIE UNIVERSITY COLLEGE
If you’ve completed a Year 11 or Year 12 equivalent – or the HSC, interstate Year 12 examination or the International Baccalaureate (IB) – and haven’t met the entry requirements for a bachelor degree, our pathway courses will provide you with the academic support you’ll need to reach university-level study. When you successfully complete your course and meet the entry requirements, you’ll seamlessly transition into the first or second year of your chosen bachelor degree.

Dinan
BACHELOR OF COMMERCE AND BACHELOR OF LAWS
MACQUARIE LEADERS AND ACHIEVERS EARLY ENTRY SCHEME

“I found Year 12 fairly stressful, particularly the trial exams. I felt like I hadn’t performed at my best during my English trial, and I became genuinely concerned about my options post high school. After my exam, I saw an email from Macquarie congratulating me on receiving an early offer into my dream degree. The offer couldn’t have come at a better time as it allowed me to focus on the rest of my exams. Without the constant worry of whether I’d get into uni, I performed so much better.”

Find out more about Dinan’s story
Sonia
BACHELOR OF ARTS AND BACHELOR OF LAWS

“I actually received early entry offers from several unis, but they weren’t for degrees I really wanted to study. Then I received Macquarie catchment adjustment factors and later, academic advantage adjustment factors. Knowing I had the catchment points as I sat the HSC gave me peace of mind that I hadn’t missed out by not accepting the early entry offers. I’m so glad I held out because my double degree combines everything I love – studying humanity and learning about how I can advocate for people, which I’m currently doing in personal injury law.”
Be rewarded for being you

ADJUSTMENT FACTORS

**BOOST YOUR SELECTION RANK**
If you've completed the HSC, interstate Year 12 examinations or the International Baccalaureate (IB) and included Macquarie in your preferences, you may be eligible to receive adjustments – additional points that can be added to your ATAR or equivalent admissions rank to boost your selection rank. For many of our degrees, you can combine our adjustment factor schemes and receive up to 15 additional points.

**ACHIEVEMENT-BASED ADJUSTMENTS**

**ACADEMIC ADVANTAGE SCHEME**
If you've already put in the hard yards on subjects that relate to Macquarie degrees, you could get up to three additional points for each one, with a maximum of six points available.

**ELITE ATHLETES AND ARTISTIC PERFORMERS**
If competitive commitments, such as training and performing, have affected your study preparation or HSC, you may be eligible to receive four additional points.

**DUKE OF EDINBURGH’S, QUEEN’S SCOUT AND QUEEN’S GUIDE AWARDS**
If you've completed the Duke of Edinburgh’s, the Queen's Scout or the Queen's Guide awards, you may be eligible to receive up to six additional points.

**LOCATION-BASED ADJUSTMENTS**

**REGIONAL ENTRY SCHEME**
If you're from regional or remote Australia and don't have access to the same resources as students in cities and larger towns, you could receive up to nine additional points.

**MACQUARIE CATCHMENT SCHEME**
If you live in Macquarie’s catchment region, you may be eligible to receive five additional points.

**EQUITY-BASED ADJUSTMENTS**

**EDUCATIONAL ACCESS SCHEME**
If you've demonstrated a commitment to your studies but you've been affected by circumstances beyond your control, you could receive up to five additional points.

What are you waiting for?

HOW TO APPLY

Applying for a uni degree is a big step, and it can seem a little overwhelming at times. We get this, so we’ve taken all the tricky stuff and distilled it into seven easy steps.

1. EXPLORE

- Attend our events
  - Attend one our on-campus events
  - Jump online and watch an info session or webinar

2. SELECT

- Consider the degree you’d like to study
  - Check out potential careers on pages 12–13
  - Visit courses.mq.edu.au

3. REVIEW

- Review your eligibility for our entry schemes and adjustment factors
  - Check out pages 14–17 for more information

4. APPLY

- Apply for early entry schemes

5. APPLY

- Apply for your chosen degree through UAC
  - Visit uac.edu.au for more information

6. OFFER

- Accept your offer
  - Congratulations and welcome to Macquarie. Accept your offer at mq.edu.au/ug-secure and complete your enrolment online

7. PATHWAYS

- Consider another path to your dream degree
  - If you’re not accepted into your dream degree, consider undertaking a Macquarie University College course.
  - Visit mq.edu.au/college for more information
OPEN DAY
10 AUGUST 2024
mq.edu.au/open-day
