--	---	---

Contact details: E: vacationcare@mq.edu.au M: 0410 458 022 T: 9850 4680 (during school holidays) 9850 7740 (during school terms)

	Monday 8 \$80	Tuesday 9 \$68	Wednesday 10 \$68	Thursday 11 \$80	Friday 12 \$68
Morning Activity: Packed away before morning tea	Clay creations Let's get creative by moulding and sculpting pottery, jewellery, and many more things.	Jellybean and tooth pick construction challenge Get your team and your construction skills ready as we are competing in building towers with toothpicks and jellybeans	Scrapbook cards How good are you at decorating and using lots of craft materials? Demonstrate your creative skills with these awesome cards.	Making bird feed shapes What shape would a bird prefer? Using cookie cutters, we will find out.	Sewing pouches Nowhere to put your coins and your treasured collections? Make your own pouch with this amazing sewing project
Day Activity: Packed away/finished before lunch	Incursion: Australian Wildlife Display: Are you crazy about animals and reptiles and ready to get wild? Then meeting a crocodile and a python will be a dream come true!! You will also learn about a wide range of other fun native Australian animals.	Cooking: Vegemite and Pizza Puff Pastry Scrolls Do you have the skills to be a Master Chef? Let's practice reading, following directions, measuring and having fun while cooking yummy food.	Science Experiment: Making stress balls Science and relaxation? Yes, they go together... We'll prepare a cornflour mixture and use balloons to make a ball that supports an overall well-being of the mind and body.	Excursion: Event Cinemas Popping popcorn and lots of toys? Yes!! We are ready to continue the Toy Story saga.	Papier Mache bowls Whether it is a new bowl to have your fave snacks or a new place to dump your small toys... this is the perfect creation to add to your room.
Art/ Craft: Beginning after morning tea	Making Musical Instruments Get stomping around with your own made musical instruments like drums and flutes.	Making chatterboxes How good are you at giving compliments and completing challenges?? Let's use chatterboxes to become experts!	Beaded wind chimes As if we are not relaxed enough, we will use Beads and sticks to create tinkling sound artefacts that will help us relaxing and enjoy the day.	Stained glass windows We'll see the world from different lenses with this crazy activity.	Yarning bracelets Let's use different techniques to create friendship bracelets and wear this fashion accessory to celebrate being friends.
Afternoon Activity: Beginning after lunch	Face Painting Wanting to be a tiger, a fairy or a superhero? Children and educators will practice their artistic skills while face-painting each other.	Science Experiment: making perfume We'll put on our scientific hats to experiment with fragrances, smells and other materials to make our own perfume line.	Designing computer games in groups Technology and imagination come together by using iPads and the website 'sploder!' To create exciting games.	Loom Bands Ready to have your own jewellery collection? Let's create key rings, rings, bracelets and beautiful necklaces	Coloured powder party Let's dance at the rhythm of the colours as your white top will end up being a rainbow after this crazy party.

VACATION CARE – July 2019

Week 1: Monday 8 th July – Friday 12 th July	Week 2: Monday 15 th July – Friday 19 th July	Week 3: Monday 22 nd July Only

Contact details: E: vacationcare@mq.edu.au M: 0410 458 022 T: 9850 4680 (during school holidays) 9850 7740 (during school terms)

	Monday 15 \$85	Tuesday 16 \$68	Wednesday 17 \$85	Thursday 18 \$68	Friday 19 \$85
Morning Activity: Packed away before morning tea	Knitting We will start forming the knit stitches and then...who knows... it might be a scarf.	Making movies with groups with the iPads Are you an actor/actress, an editor or a movie producer? We need you then to help us making great movies!	Quilling We'll roll, shape and glue paper together to create unbelievable designs that we can frame and hang in our room!!	Clay nature imprints It's a hart shape... no, it's a bird footprint... no, it's a leaf! We'll use natural materials to create imprinted patterns on clay creations.	Hama beads How much can you focus and place these tiny pieces in the right place until you create a fun dinosaur? Ok, that's fine, doesn't have to be a dinosaur but whatever you do you can take it home!
Day Activity: Packed away/finished before lunch	Excursion: Macquarie sports fields Tighten your helmets and get ready to learn skatepark style tricks in this BMX and skateboard session.	Cooking: Nutri-Grain Bars Getting hungry and wanting a nice snack? Let's cook these delicious bars and enjoy them for afternoon tea.	Excursion: Macquarie University's Planetarium Come and be amazed by an up-close look at the motions of celestial objects, the surfaces of planets, deep sky objects, constellations and much more!	Science Experiment: Making Slime Are your parents ready for the mess?... shhh we won't tell them, but we are making slime and it's going to get you in a very sticky situation.	Incursion: Robokids Technology comes to live with this great robotic experience, let's design code and watch our creations move around.
Art/ Craft: Beginning after morning tea	Foam Painting Let's get ready for this ultimate sensory art experience and create abstract paints with coloured foam.	Still life painting "These flowers look so real"... that's what everyone is going to say after looking at your amazing painting.	Balloon Painting Throwing darts to explode balloons full of paint sounds like fun and more if the paint ends up being a great coloured design on a canvas... lets see what team ends up with the more colourful painting.	Recycling Craft Don't throw it away, make something out of it. How creative can you be when using all these great recycled materials?	Paint printing Can you figure out what's that shape? C'mon your hands are not the only thing you can use to leave paint prints... let's find out what else we can use!
Afternoon Activity: Beginning after lunch	Group sport -game Competition is on... are you quick enough to dodge all the balls and win for your team?	Paper Plane Competition Looking for all aircraft designers to join in this competition and set a new distance record! Which plane will fly the farthest?	Yoga Feeling stressed and pressured after all the fun activities we had planned? So it's time for Yoga, What would be your favourite pose?	Chalk Drawing 'Don't draw on the wall' no one has ever said at Vacation Care. And of course, you can do it on the concrete too!!	Parachute Games Luckily this parachute was not needed by that pilot so we can use it to have fun and have a good laugh together!
