Macquarie’s global perspective is at the heart of everything we do. Deep, continuing relationships with international research universities through our joint engagement is a priority. Macquarie has high-quality research training partnerships with universities in Asia, the UK, Europe, the US and South America. Through our research collaboration we have the opportunity to participate in mobility opportunities. Please see below for the current available programs.

**Hamburg International Staff Training Week**

**– 12th to the 16th June 2017**

The [Faculty of Mathematics, Informatics and Natural Sciences (MIN Faculty)](http://www.uni-hamburg.de/) of Universität Hamburg (UHH), Germany will organize an International Staff Training Week. This will be the first such event the Faculty has hosted.

We invite colleagues from International Offices (priority), whose university is offering MIN or MIN-related study programs. We also invite educational, administrative and internationalization staff from international institutions offering or working in MIN or MIN-related study programs to participate in the 5-day program on the “Internationalization of MIN Subjects”.

The program includes workshops as well as presentations and discussions on experiences, challenges encountered and solutions adopted in the fields of internationalisation. MIN-focused topics anticipated to be covered include, among others, internationalization strategies, international student mobility, international M.Sc., internationalization at home, academic orientation in MIN subjects for international students, measures for winning top-class MIN students from abroad and best practices of international work. Beside the presentations, workshops and discussions, there will be opportunity of networking through social events. The working language is English.

If you wish to register for the workshop or one or two colleagues from your international office wish to attend, please complete and submit the registration form by 14 April 2017. As a UHH strategic partner, you will be allocated a place automatically. There is no participation fee but participants are expected to cover their travel expenses, hotel costs and individual expenses, e.g. lunch and dinner, city tours and visits, travel tickets while in Hamburg.

**Hamburg Sustainable Development Summit 2017**

**– 26th to the 29th September 2017**

The Hamburg Sustainable Development Summit (HSDS) 2017, organized by the Center for a Sustainable University at the University of Hamburg, focuses on aspects of sustainable development at Higher Education Institutions. A special focus is given on the contribution to the UN Sustainable Development Goals (SDGs) within education, research, governance, operation and outreach initiatives. The HSDS conference takes place for the first time offering a broad international network platform for sustainability initiatives and projects.

**Key topics to be addressed:**

Sustainability at Higher Education Institutions (HEI): How is sustainability integrated into education, research, governance, operation and outreach? What good practice examples and cases can be identified for “whole institution approaches”? How can institutional sustainability strategies be developed and implemented?

Contribution of Higher Education Institutions to global SDGs: What impact do SDGs generate on HEI and vice versa?

Further information can be found here [https://www.hsds.uni-hamburg.de/](https://www.hsds.uni-hamburg.de/)
Hamburg Summer School:
Particle, Strings and Cosmology 2017
– 3rd to the 28th July 2017

Learn from leading scientists in a unique research environment. You will examine theoretical concepts to deepen your knowledge in the above named fields and discuss advanced research questions with different peer groups.

Dates & Facts
- Start: 03 July 2017 | End: 28 July 2017
- Application until: 30 April 2017
- Est. workload: 160 hrs total / 40 hrs a week
- Credits: up to 5 credits (ECTS)
- Language of instruction: English

Hamburg will offer two students from MQ fee waivers of EUR 2,700 each (includes housing) and stipends for travel/flight costs of up to EUR 700 each to travel from Sydney to Hamburg and back. MQ may nominate up to two students for the summer school program until 30 April 2017. We will be able to accept up to two students into the summer school with a stipend and of course more if they are self-payers.

The summer school covers a four-week-long program with core topics in Physics (Particles, Strings and Cosmology), a complementary program, a German language course and many extracurricular activities. Program fees amount to EUR 2,700 EUR, including housing (hotel, single rooms with breakfast), extracurricular activities, a public transportation ticket and lunch vouchers. Undergraduate (4th year), graduate and doctoral students who fulfill the program requirements (see attached flyer/program website) may apply online until 30 April 2017: www.uni-hamburg.de/summerschool-psc.

Application details are available at the following link: https://www.uni-hamburg.de/en/internationales/studieren-ander-uhh/summer-schools/summerschool-psc.html

Hamburg Summer School:
Master of International Business and Sustainability
– 19th June to the 14th July 2017

The development of specific knowledge and skills in the fields of international corporate management and sustainability forms the focus of the Master of International Business and Sustainability (MIBAS). The MIBAS program brings together students from different cultural backgrounds and provides them with a platform for jointly developing an understanding of the complex interactions within the global economy. The program’s taught component familiarizes students with the many theoretical and practical challenges companies and society face in the pursuit of sustainable business strategies.

Dates & Facts
- Teaching language: English
- Application period: 15.02. to 31.03.
- Faculty: Business, Economics and Social Sciences
- Application details are available at the following link: https://www.wiso.uni-hamburg.de/studienbuero-sozialoekonomie/studiengaenge/ma-mibas/bewerbung-mibas.html

University of Göttingen Summer School

A newly established program offering academic short-term courses for international students during summer 2017. During this summer, Summer Schools will be organized covering fields of:
- Data Science (July 10th to July 21st, application deadline: March 15th)
- Historical Linguistics (July 24th to August 4th, application deadline: March 10th)

They are taught in English by top-class professors and external experts and supplemented by an attractive supportive program. The Summer Schools are targeted at advanced BA-, MA- and early PhD students.

Due to the generous funding of the University of Göttingen, all announced Summer Schools in 2017 will be free of charge and a small number of travel stipends is available for students from Macquarie University.
For further information and application please visit our website (www.shorttermprograms-goettingen.de) or direct your inquiries to shorttermprograms@uni-goettingen.de. Decisions will be announced in March 2017.

Zhejiang University, Hangzhou China:

**One Full Scholarship available**

**Entrepreneurship in China & One Belt One Road**
International Summer School operated by our School of Management
– 21st June to the 11th July 2017

The application for the 2017 “Entrepreneurship in China & OBOR” International Summer School is open until April 7, 2017. The full scholarship would cover the application fee, tuition, accommodation, visits and activities. The student candidate would need to bear the international round-way tickets and meals in China.

Students could earn 3 Chinese academic credits which can be transferred back to their home university degree (subject to approval).

More details can be found at the following link:

This program is open to MGSM and Faculty of Business and Economics Candidates.

**Prospective candidates need to submit an Expression of Interest to HDRO via Ms Belinda Lee Belinda.Lee@mq.edu.au no later than 3 April 2017**
