

Year 1 (2019)

Research
Communications Unit

+

Research Frontiers Unit

+

6 units of Advanced
Disciplinary content

NOTE:

- *Students are recommended to take 3 core units.*
- *The remaining three units can be selected from across all discipline areas, **subject to academic approval.***

Example Pattern: Statistics

BPhil/MRes Advisor: A/Prof Adam Sikora, +61-2 9850 4769, adam.sikora@mq.edu.au

FOSC700 Research Communications

STAT700 Research Frontiers in Statistics

Three core units for Statistics to be taken:

STAT711 Generalized Linear Models

STAT721 Multivariate Analysis

STAT778 Modern Computational Statistical Methods

Three units could be taken from these electives:

STAT710 Statistical Theory

STAT718 Epidemiological Methods

STAT722 Time Series

STAT723 Statistical Graphics

STAT726 Market Research and Forecasting

STAT727 Survival Analysis

STAT728 Data Mining

COMP783 Data Science and Machine Learning
