Higher Degree Research
Faculty of Arts

Master of Research
Anthropology – 2019

Program Structure

The MRes program offers unique opportunities to develop your research skills in preparation for PhD study, and enhance your employability. Our students achieve breadth and depth of advanced disciplinary knowledge and develop a range of transferable skills highly valued by employers, such as critical thinking, analysis, and oral and written communication.

If you join the BPhil/MRes program in the Faculty of Arts, you will be a part of our proud tradition of discovery and innovation in the discipline of Anthropology.

As humans, we are fascinated by each other: our similarities and differences, our creativity and ingenuity. With humans constantly evolving and adapting to the changes in the world around us, there is a continual flow of new social and cultural innovation to explore. If you are as fascinated to explore human behaviour as much as we are, the Department of Anthropology at Macquarie University offers a wonderful MRes trajectory with a group of anthropologists regarded as one of the best in Australia. Our innovative curriculum has been developed by a community of researchers and award-winning academics working at the forefront of human sciences.

**2019 Year 1 Programme**

In Year 1 (BPhil) you will undertake advanced coursework units. Anthropology students must take the Faculty and Department compulsory units and can select their electives from a wide range of units. For more information, please consult with your Department MRes Director and visit the 2019 Handbook.

A BPhil in Anthropology will provide:
- Advanced coursework units in anthropology and doing ethnography.
- Deep grounding in theoretical and interpretative matters currently being debated by anthropologists.
- Prepare you for your own research project under the supervision of a staff member.

Candidates who successfully complete the requirements of Year 1 may continue onto Year 2 or may exit the program and be awarded a Bachelor of Philosophy (BPhil).

**Meet Our Students**

“The MRes degree gave me the confidence to communicate my research in a simple and engaging manner to both expert and mainstream audiences. This experience has been vital for my subsequent PhD studies.”

Olivier RocheCouste, Master of Research Graduate

**2019 Elective Units**

Note: to enrol in elective units you are required to obtain approval from your Anthropology MRes Director.

**Transdisciplinary Units**

FOAR703 – Living in the Anthropocene
FOAR706 – Feminism, Queer Theory & the Problem of Identity

In addition to the above transdisciplinary units, the Faculty of Arts has a range of diverse advanced disciplinary units available across 12 departments, for more information please refer to the 2019 Handbook.

Information in this flyer is current as of 15 January 2019.
2019 YEAR 2 PROGRAMME

Year 2 (MRes) is a masters-level postgraduate research training program. You will specialise in research preparation with a focus on a specific research project, and are required to submit a research thesis of 20,000 words.

Year 2 of the program is based around five core activities:
1) Research Frontiers 2 (RF2)
2) Literature Review
3) Research Methods
4) Research Planning
5) Thesis (20,000 words) based on a small research project

On successful completion of the two-year program, candidates are awarded the Master of Research degree.

RESEARCH FRONTIERS 2 CONFERENCE
This annual meeting is a wonderful opportunity for Year 2 students to share information about their projects with both their peers and staff from across the Faculty, and to showcase the breadth of innovative research undertaken by our Master of Research Year 2 cohort.

Dr Linda Evans, Faculty Master of Research Director

OVERVIEW – YEAR 2 – FULL TIME

<table>
<thead>
<tr>
<th>Year 2</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Month</td>
<td></td>
</tr>
</tbody>
</table>
| January| • Enrolment and Expected Work Submission (EWS) date is established.  
• Candidates are to commence work on their thesis from their enrolment date. |
| February| • Year 2 Information Session and RF2 Lectures.  
• Candidates who enter Y2 directly (i.e. did not complete Y1) must also attend the compulsory 2-day Research Intensive workshop. |
| April  | • Art of Presentations seminar |
| May   | • Post-fieldwork debriefing |
| June  | • RF2 Conference (F/T) |
| October | • Thesis submission (F/T) |
| November | • Y2 to PhD/MPhil progression form and research proposal due or reflective essay. |

MEET OUR STUDENTS

“I am a first year PhD candidate who greatly values the learning and experience gained from having completed the Master of Research two-year program, particularly the final thesis year.

In that intense second year, I honed my interviewing skills by traveling around Australia and interviewing 12 participants. I learned how to analyse the data thematically and with respect to the relevant theory. All the while, the discipline of fortnightly meetings with my supervisors proved the importance of preparing and maintaining a work schedule. Such experiences have given me the confidence to proceed to a PhD.”

Margaret Kelly, Master of Research graduate
