

The Child RADAR

Name:	Date:
--------------	--------------

This questionnaire contains sentences about what boys and girls are like. Your job is to read each sentence and decide how much the sentence sounds like you and your life.

You can choose one of three answers:

- This sentence is not at all like me and my life
- This sentence is a little bit like me and my life
- This sentence is a lot like me and my life

There are no right or wrong answers, because everyone is different. Just tick the answer which best describes how much the sentence is like you and your life. You should answer every question, even if you are not 100% sure of your answer.
