Financial Risk Day is free to Macquarie University staff and FIRN members

CONFERENCE ENQUIRIES
Macquarie University Events and Protocol Team
E: events@mq.edu.au
T: (02) 9850 1883

THE CENTRE PROMOTES:
• The exchange of ideas and techniques between academics, industry, practitioners and emerging researchers.
• Pioneering research projects that deal with real-world problems.
• A comprehensive program of workshops, seminars and masterclasses.

Professor Jeffrey Sheen and Professor Stefan Trueck are co-directors of The Centre for Financial Risk.

We collaborate with industry, regulators, governments and leading overseas universities to ensure research outcomes are robust, realistic and relevant. We offer optimal value to our research partners through our pragmatic, commercially-aware and creative approach.

REASONS TO ATTEND
This one-day conference brings together experts from industry, academia and regulatory bodies to analyse and discuss recent developments in financial research with a strong line-up of outstanding speakers.

THIS YEAR’S FINANCIAL RISK DAY THEME IS:
Impact of Technological Innovation on Financial Risk.

YOU WILL TAKE AWAY AN ENHANCED UNDERSTANDING OF:
1. risk management issues related to Fintech and digital currencies
2. innovations and risk modelling in cyber security
3. impacts of the blockchain on financial markets and institutions
4. digital banking services
5. risk fundamentals for successful peer-to-peer lending

OUR SPEAKERS
Leaders and experts from industry and academia will examine the latest thinking on cyber security and technological innovation in financial markets.

WHO SHOULD ATTEND
• Banking and finance specialists
• Risk and compliance managers
• Fintech experts
• Actuaries and Insurance professionals
• Fund managers
• Regulators
• Policy analysts
• Academic researchers
• Consultants

OPTUS MACQUARIE UNIVERSITY CYBER SECURITY HUB
The Optus Macquarie University Cyber Security Hub was launched on 1 August 2016. The $10 million joint investment establishes a multidisciplinary network, which is providing expertise and leadership in cyber security. It offers a platform for exchange between academics and practitioners from business and government, and it aims at meeting the growing market and demand for cyber-security expertise among new graduates as well as existing employees.

CROSS-SECTOR COLLABORATION
The Cyber Security Hub forms an ideal ecosystem for its members to collaborate effectively towards building a resilient, secure and trustworthy cyber infrastructure.

THOUGHT LEADERSHIP
We host themed innovation series bringing members and academics together to discuss shared challenges and brainstorm new approaches. We also offer workshops, seminars and host an annual forum.

RESEARCH AND INNOVATION
The Cyber Security Hub draws on the expertise of more than 30 academics in computing and engineering, business and finance, risk modelling, criminology, law, and human behaviour.

SKILLS AND EDUCATION
We offer a range of awareness and training programs from foundations in cyber security to executive education. Macquarie University also offers academic programs in cyber security at undergraduate and postgraduate level designed with input from its partners.

For more information visit mq.edu.au/cyber-security-hub

swissôtel
68 MARKET ST, SYDNEY
The Swissotel Ballroom adjoins the reception area on Level Eight. Please enter from Market St, and take the lift to the eighth floor. (Entry adjoins Myer department store, midway between George and Pitt Streets, opposite the State Theatre).
