MQ Primary Carer Support
for Conference Attendance
Funding Rules 2018

Key Dates:

Due date for 2018 applications are:

- Friday 30 March 2018
- Friday 22 June 2018
- Friday 26 October 2018

Note that the date of the proposed conference cannot be less than 1 month from the closing date of the scheme. Out of session applications may be accepted under extenuating circumstances, please contact the Research Services Scheme Contact for advice in any such situation.

Submission & Certification:

Applicants must complete this application form and submit it as a PDF attachment within the Pure Research Management System. A Quick Reference Guide is available which explains how to create and submit a grant application as a Researcher through this system.

Files should be named according to the following convention: “Surname_MQPCS” e.g. “Smith_MQPCS”.

Hard copies will not be accepted.

1. Overview

Macquarie University recognises that primary carer responsibilities can present a barrier to attending and presenting at academic conferences, especially for those researchers in the early to mid-stages of their careers. This barrier can reduce networking opportunities and the visibility of a researcher’s work. The Primary Carer Support for Conference Attendance funding scheme is aimed at reducing this barrier by providing financial support for extraordinary caring arrangements for primary carers to facilitate conference participation.

2. Eligibility

Primary Carer Support for Conference Attendance Grants are open to all research staff, whether their appointment is fixed or continuing, full- or part-time. Higher degree students and casual staff are not eligible to apply. Only one application per year per applicant can be made. The date of the proposed conference cannot be less than 1 month from the closing date of the scheme. Out of session applications may be accepted under extenuating circumstances by submitting a request to Research Services, however applications must be received at least 1 month prior to the date of the proposed conference.

Applicants must demonstrate that:

- they are research active according to the Macquarie University definition
- they are presenting either a paper or poster at a conference relevant to their research
- attendance at the conference will enhance their research career.

Applicants for any Macquarie internal scheme must not have any overdue reports for internal grants on which they are lead investigator.

3. Application Process

The application form is available electronically via the Research Services Website. This application form may not be modified or altered in any way.

Applicants must complete this application form and submit it as a PDF attachment within the Pure Research Management System. A Quick Reference Guide is available which explains how to create and submit a grant application as a Researcher through this system.

Please note that hard copies will not be accepted. Late applications will not be accepted and incomplete applications will be deemed ineligible.

4. Application Preparation

Applicants must provide:

- Rationale outlining nature of participation in the conference, including:
  - an explanation of the significance or status of the forum
  - the review process or invitation for the applicant’s participation in the forum
- A detailed rationale justifying the application for carer support in view of usual and extraordinary caring arrangements and detailing why particular costs are necessary. Describe, where appropriate, why alternative, less expensive options are not available, including care by other family members;
• Budget request and justification;
• Previous funding received under this program;
• Specific dates for the conference and, where possible, written confirmation of acceptance of a presentation (either talk or poster, via letter, fax or email) from the relevant organisers;
• Approval through the MQ APLI form.
• A letter from the Head of Department (or Associate Dean Research or Executive Dean in the case of a Head of Department applicant) which must outline the value and suitability of the conference for the applicant’s career and indicating support for attendance (approval of absence on duty is not sufficient).

Applicants must declare any potential conflict of interest (such as where the alternative carer is a Macquarie University employee).

5. Budget

Funding up to $500 is available for a conference within the Sydney metropolitan area, $1000 for a national conference outside the Sydney metropolitan area, and $2000 for an international conference.

Costs to be supported include care of children, the elderly, disabled or incapacitated family members. For example, the fund will support employment of an additional child carer or for travel, such as an airfare for a family member, to look after children. Per diem requests will not be supported. Other costs associated with conference attendance, such as registration fees, travel for the applicant etc will NOT be supported.

Grant recipients will be reimbursed for approved extraordinary caring costs within four weeks of return from the conference. Original receipts and the Acquittal Form must be provided to acquit the grant and release payment. It is the responsibility of the grant recipient to ensure that all travel and other expenditure complies with the Macquarie University Travel Policy and Procedures (refer: http://mq.edu.au/policy/docs/travel/policy.html in order to be reimbursed for expenditure.)

6. Assessment

6.1 Selection Criteria

The following criteria will be considered when applications are being assessed and prioritised for funding:

• The value of presenting the research at the particular conference;
• The status of the forum, whether the abstract paper/s have been accepted by a referee or by a scholarly committee;
• Whether the applicant has been invited to present a key note address;
• Previous funding received under this program;
• The reasonableness of the claim for support and why it constitutes extraordinary caring arrangements.

6.2 Assessment process

A Panel comprising the Pro-Vice Chancellor (Research Integrity and Development), two other senior researchers and a representative from Workplace Equity and Diversity in Human Resources will assess Primary Carer Support for Conference Attendance Grants and make recommendations
regarding funding to the Deputy Vice-Chancellor (Research) for endorsement. The Panel may co-opt additional members from among the Macquarie University academic staff to assist with the assessment process.

7. Appeals

Unsuccessful applicants have the right to seek a review of outcome, on procedural grounds only. To request a review of outcome, please write a brief letter detailing the basis on which the review is requested. The letter, clearly marked “Confidential Appeal”, should be submitted as an email attachment to julian.zipparo@mq.edu.au.

8. Post Conference Reporting Requirements

Within four weeks of the return from the conference, recipients are required to provide a one-page report with details of the conference participation, the benefit to the individual’s research career and to Macquarie University.

Successful applicants may also be invited to speak at staff development opportunities for researchers at Macquarie University or included in promotional media.

Grants are to be acknowledged, where appropriate, with the statement: “This paper was assisted by the MQ Primary Carer Support for Conference Attendance Scheme”.

9. Variations

Variation requests to change the conference that will be attended will not be considered. If a successful applicant wishes to change the conference that will be attended after the grant has been awarded, the original application should be withdrawn and a new application submitted.

10. Privacy policy

The conduct of research projects supported under all internal Macquarie University Schemes is subject to the provisions of the Commonwealth Government’s National Privacy Principles and other statutory provisions relating to ethics and biosafety, consistent with the University’s Privacy Policy. As part of the assessment process, Research Services may provide the Assessment Panel with its record of the details of the applicant’s funding and publications history. This action is consistent with the provisions of the National Privacy Principles.

11. Research Integrity

All researchers, research coordinators and supervisors of research students should be familiar with the Australian Code for the Responsible Conduct of Research and must comply with the standards encompassed in the Macquarie University Code for the Responsible Conduct of Research.

Researchers are expected to be scrupulous in transparently declaring and managing conflicts of interest when engaged in research, including in the peer review process.
12. **Research Ethics, Integrity and Policies**

All researchers are expected to uphold an honest, ethical and conscientious research culture and apply the principles articulated in the *Australian Code for the Responsible Conduct of Research*.

Macquarie University maintains strict control over all research activities involving human or animal subjects, and work in which issues of biosafety are involved. Such research must meet the ethical and safety requirements of the relevant government legislation or guidelines, and satisfy the requirements of external funding agencies such as the National Health and Medical Research Council (NHMRC). Any research in which such issues are relevant must first be approved by the relevant ethics or biosafety committee.

For more information refer to [https://www.mq.edu.au/research/ethics-integrity-and-policies](https://www.mq.edu.au/research/ethics-integrity-and-policies)

12.1 University Human Ethics, Animal Ethics and Biosafety Committees

Researchers should consult Macquarie University’s Human Research Ethics Committee, Animal Ethics Committee, Biosafety Committee and Defence Trade Controls web pages to determine whether their research is subject to the respective guidelines and review processes.

If the proposed research requires human ethics, animal ethics, biosafety and/or export controls approval, the grant will not commence until approval has been obtained. Please contact the relevant Ethics Secretariat (Human or Animal), Biosafety Secretariat, Gene Technology & Biosafety Secretariat and/or the Export Controls Secretariat for further information.

12.2 Research Integrity

All researchers, research coordinators and supervisors of research students should be familiar with the *Australian Code for the Responsible Conduct of Research* and must comply with the standards encompassed in the *Macquarie University Code for the Responsible Conduct of Research*.

Researchers are expected to be scrupulous in transparently declaring and managing conflicts of interest when engaged in research, including in the peer review process.
