

# Cerebral Palsy ALLIANCE

[www.cerebralpalsy.org.au](http://www.cerebralpalsy.org.au)

<https://research.cerebralpalsy.org.au/>

The Research Foundation of Cerebral Palsy Alliance may support one Investigator Grant recipient in the areas of biomedical, clinical or population health. This Fellowship can be an overseas or Australian fellowship. The Research Foundation of Cerebral Palsy Alliance offers a range of grants to support research into the **prevention and cure of cerebral palsy**. More information can be gained about the research priorities on their website: <https://research.cerebralpalsy.org.au/our-work/our-researcher-program/research-priorities/>

The successful applicant will have a demonstrated commitment to and a track record in, cerebral palsy research. In the case of a part-time Health Professional award, the Clinical or Health Professional practice component must be relevant to cerebral palsy or related conditions.

The Research Foundation of Cerebral Palsy Alliance may call upon the successful candidate to provide assistance with publicity, education and other events. It also requires acknowledgment of its support for the research in any publications or media publicity, and requires a copy of any published articles arising from the supported research. The successful candidates' work may be mentioned in publications from the Research Foundation of Cerebral Palsy Alliance. Successful candidates may also have the opportunity to acquire research leadership experience through voluntary involvement at Cerebral Palsy Alliance.

<http://www.msra.org.au>

The mission of Multiple Sclerosis Research Australia is to accelerate Australian research into multiple sclerosis (MS) toward the prevention, better treatments and a cure for MS.

MS Research Australia welcomes applications for:

- Top-up funding of up to \$10,000 - \$15,000 p.a. for EL1 (commitment of \$50,000 - \$75,000 over five years) to be applied to research support or salary
- Top-up funding of up to \$20,000 p.a. for EL2 (commitment of \$100,000 over five years) to be applied to research support or salary

Up to two awards may be awarded per year. Recipients of the MS Research Australia Fellowship Awards will be outstanding early to mid-career researchers with a demonstrated commitment and track record in MS research in the areas of biomedical, clinical or allied health research. They will be focused on increasing our understanding of the causes, symptoms or management of MS. The award is intended to be used for salary top up.

Candidates who are considered fundable but are unsuccessful in obtaining NHMRC funding will also be considered. In this case the MS Research Australia Fellowship award will cover salary only.

To be considered for co-funding, applicants must ALSO submit an application to MS Research Australia. Additional information, including conditions of funding, application form and MS Research Australia closing dates can be found at <http://www.msra.org.au/annual-funding-opportunities>

MS Research Australia requires acknowledgment of its support for the research in any publications or media publicity, and requires a copy of any published articles arising from the supported research. MS Research Australia may call upon Fellows to provide assistance with publicity and other events.

## Cystic Fibrosis Australia

Cystic Fibrosis Australia (CFA) is the national not-for-profit organisation for people with cystic fibrosis (CF). CFA's mission is to deliver research, advocacy and quality improvement outcomes for the CF community in Australia and be the peak body supporting our State/Territory members with their goal of enhancing the quality of life of people affected by CF.

CFA secures funds for the Australian Cystic Fibrosis Research Trust (ACFRT). The ACFRT uses the funds to support research in Australia that will benefit the CF community.

Further information can be obtained from [www.cysticfibrosis.org.au](http://www.cysticfibrosis.org.au)
