

# Research development workshops for the ARC Discovery Projects funding scheme

---

## FOR FUNDING COMMENCING IN 2020

---

Research Services is running a series of workshops that will provide you with strategic advice on how to complete your Discovery Project application. Each workshop is targeted towards specific components of the application, but is open to any researcher seeking external competitive research funding. Presenters will include Research Services staff and expert researchers across a number of disciplines who have extensive experience in the ARC funding process and on the ARC College of Experts Panels. Each workshop will be followed by a Q&A session where you can raise any queries or concerns.

The Research Opportunity and Performance Evidence (ROPE) and Project Description workshops will be delivered for both the science disciplines and the arts and social science disciplines, in order to provide highly-relevant strategic advice to researchers.

Researchers are encouraged to attend the workshops that best align to their research discipline.

The Tables below detail the workshop name, date, time, location, description and speakers of each workshop. See the Table relevant to your discipline:

**[Table 1: Discovery Project Workshops – Science Disciplines](#)**

**[Table 2: Discovery Project Workshops – Arts and Social Science Disciplines](#)**

**Table 1: Discovery Project Workshops – Science Disciplines**

<b>Workshop name</b>	<b>Date &amp; time</b>	<b>Location</b>	<b>Workshop description</b>	<b>Speaker(s)</b>	<b>Add to calendar</b>
<b>Research Opportunity and Performance Evidence</b>	Monday 22 October 2018 12:30-14:00	12 Wally's Walk Room 801	The Research Opportunity and Performance Evidence (ROPE) section of your application is crucial in demonstrating your track record and performance as a researcher. This workshop will describe how to respond to each section of ROPE and provide suggestions on how to clearly articulate your research opportunities, the quantity, quality, impact and benefit of your research outputs, and your most outstanding achievements and contributions to your field.	Dr Ross Hill  Prof Marie Herberstein	<a href="#">LINK</a>
<b>Developing your Project Description</b>	Friday 2 November 2018 12:30-14:00	12 Wally's Walk Room 801	This workshop will provide strategic advice and guidance on how to complete your Project Description, with a focus on structure, content, pitch and format.	Dr Ross Hill	<a href="#">LINK</a>
<b>Changes to the Application from Last Round and Building your Discovery Project Budget</b>	Wednesday 21 November 2018 12:30-14:00	12 Wally's Walk Room 801	This workshop will describe the changes to the Discovery Project application form from last round. Advice will then be provided on how to build your Discovery Project budget and how to justify your funding requests.	Dr Ross Hill	<a href="#">LINK</a>
