As an exchange student at Macquarie University, you can enrol in any units listed in the Pre-Approved list. However, if you wish to enrol in units outside this list, you are required to apply for pre-requisites waiver first.

1. **RESEARCH UNITS YOU WISH TO STUDY**

Unit Information can be found using the following links:

- Handbook: [2020 Handbook](#)
- Restricted Units are not open to exchange students: [Restricted Units](#)

You should only select units:

1. Available in your enrolled semester (Session 1 (S1) = February to July or Session 2 (S2) = July to December).
2. Suitable to your level of study (UG = Undergraduate, PG = Postgraduate). In general, units on 1000 to 3000 level are UG subjects. Units above 4000 level are PG subjects which won't be available to undergraduate students.
3. You have met the academic prerequisites or equivalent at your home University.
4. For European students only: As a general rule, 10 MQ Credit points are equivalent to 7.5 ECTS.

2. **APPLYING FOR PREREQUISITES WAIVERS (APPROVALS)**

**Important notes:**

- Please check your student email regularly to monitor the progress of your waiver request.
- The relevant faculty will process your request. Your Macquarie Abroad or Study Abroad adviser cannot access or process requests for waivers.
- Remember that if you seek approval to take a unit at Macquarie University, you should also seek approval from your home university to take the unit as part of your degree program.
- Keep in mind that the application period at Macquarie is a busy time for administrative staff and academics approving waivers, so there may be delays in receiving the outcome of your waiver requests. There are also time zone differences that may result in delays in getting things approved at your home university, so be sure to attend to any approvals you need as early as possible.
