**Undergraduate double degrees**

2020 ACADEMIC ENTRY REQUIREMENTS FOR INTERNATIONAL STUDENTS

**HOW SCORES ARE CALCULATED**

**GLOBAL**

**U.S.**

Scores for the U.K. and international versions of the General Certificate of Education Advanced Level Examinations (GCE A-Level) are calculated as an average of the final result for the best four A-Level subjects including English. Other Level subjects must have been taken in the same academic year, and the third year must be from the following in the academic year.

Both A-levels and international versions of A-levels are calculated using the tables, including those administered by Cambridge International Examinations (CIE), Pearson Education International (IEB), and Oxford International AQA Examinations. A-levels for Singapore and IB are assessed using different tables.

**AUSTRALIA**

Scores for the Australian Tertiary Admissions Rank (ATAR) are based on the Australian Tertiary Admissions Rank (ATAR). Australian Foundation

Scores for Australian foundation programs recognized by Macquarie University are calculated based on the overall final result out of 50 or by converting percentage marks to a 5-point scale, for entry to some degree programs, students may need to have successfully completed suitable Mathematics or other specific subjects as part of their foundation program. Acceptable foundation programs include:

- Macquarie University Foundation Program or Intensive Program (Macquarie University Foundation College (MUCF) Foundation Program, Australia)
- Monash University Foundation Year
- University of Adelaide International Study Centre (ICIC) Program
- University of Melbourne - Trinity College Foundation Studies
- University of Queensland - International College
- University of Sydney - Taylor's College Foundation Program
- University of Western Australia - Taylor's College Perth Foundation Program
- UNSW Global Foundation Program (Standard and Transition)
- UTS International Study Centre

Scores for the Australian International Baccalaureate (IB) are calculated based on the final outcome result for 12 subjects, including any bonus points from Theory of Knowledge and Extended Essay. This must include at least four from each of Group 1 (Language A & A Literature), Group 2 (Language Acquisition), Group 3 (Individuals & Societies), Group 4 (Sciences), and Group 5 (Mathematics), and a subject from either Group 4 (Arts) or a second language from Groups 3, 4, or 5. A minimum of 6 subjects must be completed at higher level (HL), with the remainder at standard level (SL).

**CHINA**

Scores for the Chinese National University Entrance Examination (Gaokao) test. Scores and requirements are different for three provinces: Hainan, Jiangsu and Shanghai.

**DENMARK**

Scores for the Danish High School Certificate (Højere Forlæggelsesskolegraden) are calculated using the overall average grade of the final result for all subjects.

**FRANCE & OTHER**

Scores for the Baccalauréat are calculated based on the final result of all 12 subjects. Subject grades are calculated using the following conversions: A = 20, B = 16, C = 12, D = 8, E = 4, F = 0.

**FINLAND**

Scores for the Finnish Matriculation Examinations (Korkeakoulututkinnon arviointi) are calculated based on the average score of all 12 subjects.

**GERMANY**

Scores are calculated based on the overall grade (Diplom (dauerstudiengang) or Abitur (dauerstudiengang))

**GREECE**

Scores are calculated based on the General Admission Grade (out of 10) for all subjects.

**HONG KONG**

Scores for the Hong Kong Diploma of Secondary Education (DSE) are calculated based on the aggregate of the best five Category A subjects. Category B subjects are not considered. Category A (Secondary) subjects include the following categories:

- Compulsory core subjects
- Additional subjects
- Further subjects

**HUNGARY**

Scores for the Hungarian Matriculation Exam are calculated based on the average grade for each subject.

**ISRAEL**

Scores for the Israeli Matriculation Certificate (Bagrut) are calculated on the average grade for all subjects.

**ITALY**

Scores for the Italian High School (Statale/Classico) are calculated using the overall grade out of 10. The average grade is calculated from the student’s Final Exam Grade (Nota) and the Final Exam Grade (Nota di Media)

**JAPAN**

Scores for the Japanese National Center Test are calculated based on the average of the best two subjects.

**KOREA**

Scores for the Korean College Scholastic Ability Test (CSAT) are calculated based on the average of the best two subjects.

**MALAYSIA**

Scores are calculated based on the average grade for all subjects.

**NIGERIA**

Scores are calculated based on the overall grade for all subjects.

**SOUTH KOREA**

Scores for the South African National Senior Certificate (NCS) are calculated using the average grade of the best four subjects examined.

**SOUTH AFRICA**

Scores are calculated based on the average grade for all subjects.

**SWITZERLAND**

Scores for the Swiss Federal Maturity Certificate (Maturité) are calculated based on the average grade of the best four subjects.

**SWITZERLAND**

Scores for the Swiss Federal Maturity Certificate are calculated based on the average of all subjects.

**TAIWAN**

Scores for the Taiwanese General Senior High School Aptitude Test (GEAT) are calculated based on the total score of the five subjects: Chinese, English, Mathematics, Social Sciences, and Natural Sciences. GEAT results must be accompanied by evidence of successful completion of senior secondary studies.

**TANZANIA**

Scores for the Tanzanian Advanced Certificate of Secondary Education (ACSE) are calculated based on the aggregate of the best subject adjusted at Advanced (A) or Principal Level using the following conversions:

**THAILAND**

Scores for the Thai University Admissions test are calculated based on the average grade for all subjects.

**UK/IRELAND**

Scores for the Hong Kong Diploma of Secondary Education (HKDSE) are calculated based on the average of the best four subjects.

**USA**

Scores for the U.S. College Admissions Test are calculated based on the average of the best four subjects.

**VIETNAM**

Scores are calculated based on the aggregate of all subjects.

**ZIMBABWE**

Scores for the Zimbabwean ‘A’ level General Certificate of Education Advanced Levels are calculated based on the aggregate of the best subject adjusted at Advanced (A) or Principal Level using the following conversions: 1 = 4, 2 = 3, 3 = 2, 4 = 1.
