---

**Eligibility Requirements**

- **Academic Averages:** A minimum GPA of 2.0 out of 4.0 is required for all programs.
- **GCE A-levels:** A minimum of two A-levels at grades A*-C is required.
- **IB:** A minimum of 24 points is required.
- **O水准:** A minimum of 2 passes at grades A*-C is required.
- **Cambridge International AS & A Level:** A minimum of 2 passes at grades A*-C is required.

---

**Course Details**

- **Arts, Psychology with Education:** Required subjects include Mathematics, English, History, and Social Studies.
- **Business:** Specializations include Marketing, Finance, and International Business.
- **Science:** Specializations include Chemistry, Physics, and Biology.
- **Health and Medical Sciences:** Specializations include Biomedical Sciences and Public Health.

---

**Application Process**

- **Admission:** Applicants must submit an online application through the university's website.
- **Interview:** Shortlisted candidates will be invited for an interview.
- **Confirmation:** Admitted students will receive an official letter of admission.

---

**Contact Information**

- **Enquiries:** Contact the admissions office for more information.
- **Website:** Visit the university's official website for the latest updates.

---

**Further Information**

- For detailed information or current entry scores, please refer to the university's official website.
- For admission requirements and application guidelines, please refer to the university's admissions page.

### Entry to the Bachelor of Education requires a completed bachelor degree in a relevant field with a minimum GPA of 2.0 out of 4.0. Entry scores are listed below.

**Note:** For a detailed list of entry requirements, please visit [mq.edu.au/academic-requirements](http://mq.edu.au/academic-requirements). Undergraduate degrees are subject to change. The information provided is based on the 2018 academic year. For further details, please refer to the university's official academic requirements.
Undergraduate degrees
2018 ACADEMIC ENTRY REQUIREMENTS FOR INTERNATIONAL STUDENTS

GLOBAL
GCE A Levels

Scores for the UK and international versions of the General Certificate of Education Advanced Level Examinations (GCE A Levels) are calculated based on the aggregate of the three best subjects at the Advanced (A2) Level. Scores for all A-Level subjects are calculated based on the average of at least two subjects, and no bonus points are awarded. Both UK and international versions of A-Level are calculated using the tables provided, taking into consideration the specific requirements of the University or College of choice. In particular, some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

HONG KONG

Scores for the Hong Kong Diploma of Secondary Education (HKDSE) are calculated based on the aggregate of the best three subjects at the Higher Level (HL) or Standard Level (SL). Points for all subjects are calculated using the following conversion system:

- A=5
- B=4
- C=3
- D=2
- E=1

The best HL or SL scores are considered in the calculation. A minimum of 3 subjects must be completed at Higher Level (HL), with the remainder at Standard Level (SL).

AUSTRALIA

HSC

Scores for the Australian Higher School Certificate (HSC) are calculated based on the final aggregate result of 10 subjects, including any bonus points from Theory of Knowledge subject and external exam. The raw scores for each subject are converted to a range from 0 to 100, with 100 being the highest. The overall result is calculated based on the average of the 10 best subjects. The following conversion method is used:

- A=100
- B=90
- C=85
- D=80
- E=75
- F=70
- G=65
- H=60

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

DENMARK

Dansk Uddannelse

Scores for the Danish upper secondary school examinations are calculated based on the final examination result of the Studentenationalexamen (SN) or the Første akademibehovskab (FA). The following conversion system is used:

- A=100
- B=90
- C=85
- D=80
- E=75
- F=70
- G=65

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

EUROPE

European Baccalaureate

Scores for the European Baccalaureate (EB) are based on the overall grade average for 4 best subjects, including English. The following conversion system is used:

- A=10
- B=9
- C=8
- D=7
- E=6
- F=5
- G=4

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

FINLAND

Baccalaureate Examination Certificate

Scores for the Finnish Matriculation Examination Certificate are calculated based on the average scores for the 4 best subjects, including English. The following conversion system is used:

- A=5
- B=4
- C=3
- D=2
- E=1

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

INDIA

ISC

Scores for the Indian School Certificate (ISC) awarded by the Council for Indian School Certificate Examinations (CISCE) are calculated based on the overall grade average for English and three best academic elective subjects. The following conversion system is used:

- A=10
- B=9
- C=8
- D=7
- E=6
- F=5
- G=4

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

IRELAND

Baccalaureate

Scores for the Irish Leaving Certificate (Higher Level) are calculated based on the average of the 4 best subjects, including English. The following conversion system is used:

- A=10
- B=9
- C=8
- D=7
- E=6
- F=5
- G=4

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

JAPAN

National Japanese Test

Scores for the Japanese Language Proficiency Test (JLPT) are calculated based on the average of the best 3 subjects. The following conversion system is used:

- A=10
- B=9
- C=8
- D=7
- E=6
- F=5

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

KOREA

KCS

Scores for the Korean Certificate of Secondary Education (KCS) are calculated based on the aggregate of the 4 best subjects, including English. The following conversion system is used:

- A=10
- B=9
- C=8
- D=7
- E=6
- F=5

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

LEBANON

Baccalauréat Libanais

Scores for the Lebanese General Baccalauréat (GBC) are calculated based on the overall grade average for all subjects. The following conversion system is used:

- A=10
- B=9
- C=8
- D=7
- E=6
- F=5

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

MALAYSIA

STPM

Scores for the Sijil Tinggi Persekolahan Malaysia (STPM) are calculated based on the overall grade average for all subjects. The following conversion system is used:

- A=4.0
- A- = 3.67
- B+ = 3.33
- B = 3.0
- B- = 2.67
- C = 2.33
- C- = 2.0
- D = 1.67
- E = 1.33
- F = 1.0

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

SINGAPORE

A Levels

Scores for the Singapore-Cambridge Advanced Level (CA) are calculated based on the aggregate of the maximum of three best subjects, including English. The following conversion system is used:

- A=5
- B=4
- C=3
- D=2
- E=1

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

TANZANIA

ACIE

Scores for the Tanzanian Advanced Certificate of Secondary Education (TACE) are calculated based on the aggregate of the best 2 subjects at Advanced (A1) or Principal Level using the following conversions:

- A=4
- B=3
- C=2
- D=1
- E=0

THAILAND

Matriculation

Scores for the Thai Matriculation (MT), are calculated based on the weighted average (out of 400) of all Grade subjects. The following conversion system is used:

- A=40
- B=35
- C=30
- D=25
- E=20

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

UNITED STATES

ACT

Scores are based on the American College Test (ACT) composite score of all 4 maximum of 36. The ACT composite consists of four scores: English, Mathematics, Reading, and Science. Each score is calculated on the basis of the best three subjects using the following conversions:

- A=36
- B=32
- C=28
- D=24
- E=20

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

SAT

Scores are calculated on the basis of the College Board SAT (SAT), total score out of a maximum of 1600. The SAT is only considered together with evidence of successful completion of secondary school. Applicants who have completed Advanced Placement (AP) subjects with a score of 4 or 5 may be granted a bonus to their grade average. Successfully completed AP subjects may also be considered for credit towards the first year at Macquarie University. The following conversion system is used:

- A=4
- B=3
- C=2
- D=1
- E=0

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.

ZIMBABWE

ZIM

Scores for the Zimbabwean ZIMCA General Certificate of Education Advanced Levels (ZIMCA) are calculated based on the aggregate of the best 2 subjects at Advanced (A1) or Principal Level using the following conversions:

- A=4
- B=3
- C=2
- D=1
- E=0

Note: Some institutions may have specific requirements for certain subjects, such as B, C, or D grades in English or Mathematics. This information is available on the UTS:INSEARCH Foundation Studies Program website.
