Our Students’ stories

« I met a lot of wonderful people and had an amazing experience here in PSB. I was able to take courses which are not offered in Japan. The class atmosphere and way of teaching fascinated me a lot. Besides, since students come from all over the world, they helped me increase my knowledge of different cultures and different perspectives. I enjoyed hanging out with them in Paris which is one of the best student’s city! »

« Studying at PSB Paris School of Business was absolutely amazing and I would do it again in a heartbeat. What I loved was that all the professors had real world experience on top of their degrees, so they were able to help us take the concepts we learned in class and apply that to the real world. They also challenged us to not be the smartest person to ever live but to just strive to think differently than the person next to us. I loved my time there and am sad it’s over. »

Alexander R.

« In its entirety, the time I spent at PSB Paris School of Business was enjoyable. Although the course was of a serious nature, the professors did a wonderful job of lightening the atmosphere and I was able to gain what I believe to be a thorough knowledge of Luxury and the Luxury Industry. The staff were all incredibly helpful and I would like to extend a thank you to all those who were involved in putting together the program and all of the accommodations that went along with it. »
